**DR. J. WOODBURY'S  
DINNER PILLS**

Are not offered to the public as a remedy  
for all diseases; but for every form of  
**INDIGESTION,**

and the innumerable train of sadly dis-  
tressing diseases arising therefrom, these  
Pills are decidedly the most infallible  
remedy ever offered to the public.

For the removal of DYSPEPSIA, in all  
its forms, CHRONIC DISEASES OF  
THE LIVER, JAUNDICE, PILES, IR-  
REGULAR ACTION OF THE HEART,  
&c., these Pills are emphatically the  
Remedy.

For that peculiar Costiveness attendant  
on Pregnancy, they are the only safe and  
proper Remedy; indeed, Pregnant Ladies  
should take no other.

Persons afflicted with Indigestion, very  
frequently suffer from the bowels re-  
maining unremoved for two, three, four, or  
more days, and are then compelled to  
resort to a dose of some drastic, irritating  
purgative, which only gives a temporary  
relief, and the repetition of which only  
aggravates the disease. The Dinner  
Pills directly prevent the necessity for  
taking such injurious doses of physic,  
and by being taken with the food, simply  
act as an auxiliary to nature, slightly  
stimulating, and directly strengthening  
the Stomach and Bowels, and by con-  
tinuing their daily use for a few weeks,  
will restore and establish the regular and  
healthy action of the Stomach and  
Bowels, giving tone to the Stomach and  
Liver, and consequently health and vigor  
to the whole system.

These Pills are strictly vegetable, and  
may be taken with any kind of food.  
Persons about to partake of rich dinners,  
may always secure easy, comfortable  
digestion, by taking a Pill when about  
half through with their dinner.

Persons who, from Indigestion, have  
become enfeebled and emaciated have  
been restored to health, and become  
fleshy, plump and vigorous, by the use of  
the Dinner Pill.

They should invariably be taken with  
the food, when about half through with  
the meal, either at dinner or tea; at  
dinner is preferable. The dose may vary  
from half a pill to one, one and a half, or  
two, just what may be found, after a day  
or two's experience, to produce a gentle,  
natural motion of the bowels, once in  
twenty-four hours, always commencing  
with the smaller dose, and increasing  
them until they produce the desired  
effect.

In obstinate cases, the use of the Dinner  
Pills should be continued every day,  
for several weeks, until a regular healthy  
action of the system be fully established.

While this Pill is, strictly speaking, a  
Dinner Pill, yet, if a dose of purgative  
medicine is required at any other time,  
they will be found all that can be desired,  
and in doses of from two to six, operating  
effectually, yet mildly, and without  
debilitating the Stomach or Bowels.

This Dinner Pill is prepared only by

EYES, DEBILITY of the EYELIDS,

A single trial will convince the most  
skeptical of its merits.  
Apply at bedtime, rubbing it thorough-  
ly to the lids and corners of the eye. In  
mild cases, two or three applications will  
be sufficient; but in severe cases, or those  
of long standing, its use should be per-  
sisted in for several weeks.
