To the Electors of the County of Colchester.

GENTLEMEN,

Having been chosen by a full convention of the Reform Party, held in Truro on the 16th of April last. as a candidate for the representation of Colchester in the House of Commons, I now respectful-

ly solicit your support.
Should I be honored with your confidence I will give my best efforts to the promotion of the welfare of the people of

Description of the 17th ult., at Barrington, by the Rev. to manufacturers, and that the policy of a high protective tariff, propounded by Sir John Macdonald, would if adopted, be injurious to the interests of the whole country, and especially of the Maritime Provinces. Our people are already taxed heavily enough, but under the system proposed by the Conservative leaders their taxes would I believe, be very largely increased, and they would receive no adequate benefit in return for the burdens

thus imposed. Believing that the Government of Hon-orable Alexander Mackenzie has honestly, energetically and, on the whole, wisely conducted the public affairs of the country, and that the Conservative leaders are, both from their past record and their present policy, unworthy of the confidence of the people. I shall if elected consider it my duty to give an independent support to the Mackenzie administration.

I will gladly assist any practical legis-lation having in view the prohibiting, restricting or controlling of the traffic in

intoxicating liquors. I will endeavour before the election to personally discuss the issues of the contest with as many of you as is possible. Meanwhile, I venture to hope that the views I have here expressed are such as will commend themselves to your judgement, and justify me in expecting your confidence and support.

I have the honor to be, Gentlemen, Your obedient Servant, A. C. PAGE. Aug. 21.
