

RELIGIOUS INTELLIGENCE.

HALIFAX.—The Rev. Mr. Boothby, preached in Granville Street Church in the morning, and in the North Church in the evening of Sunday last. At the close of the evening service in Granville Street Church, Rev. E. M. Saunders administered the rite Christian Baptism. Prayer Meetings are being held in the New Vestry, Spring Garden Road, every evening this week.

Rev. I. J. Skinner writes in a P. S.—“I was called to Mahone Bay on Lord's Day last to bury another child of Rev. John Williams. Our dear brother has been sorely afflicted in his person and the loss of his little ones, but he is cheered by the assurance that his loss is their eternal gain. His many friends will be glad to know that his health is so far recovered as to enable him to make announcement of his regular services next Sunday.”

FROM AMHERST, Nov. 4, 1878.—Dear Bro. Selden.—We had the privilege yesterday of visiting our baptistery. Two sisters, received the day before, joyfully followed their Lord. Three brethren were set apart to the office of deacon; we believe they will worthily fill the places of the McCullys and Logans and Blacks and Taylors who have passed on to their reward.

Bra. Normondy addressed large congregations on behalf of the French Mission, and made a good impression.

Prof. Allison, at the close of the other services, gave a Temperance Address in the Baptist House, when a number of people signed the pledge. The Hon. Dr. Tupper, being called upon, announced himself a total abstainer for some time past, and made some very effective remarks.

We thought it a good day.

Yours as ever,

D. A. STEELE.

DOMINION & FOREIGN NEWS.

DOMINION OF CANADA.—They had a snow storm at Ottawa on Wednesday. Several men were badly injured, one fatally, by a collision of two trains near Toronto on Thursday last.

A permanent military force will be organized at Ottawa during the residence of the Marquis of Lorne and Princess Louise.

More arrests for counterfeiters are reported.

The Marquis of Lorne's suite will comprise: Major DeWinton, Governor General's Secretary; Colonel Littleton, Military Secretary; Hon. Mr. Monton, Comptroller; Hon. Mr. Harbord, of the Scots Fusilier Guards, and Captain Charles, of the 91st Regiment, aides-de-camp. Lady Sophia McNamara will accompany the Princess Louise. The Comptroller of the Marquis of Lorne will arrive next week, when the necessary horses, conveyances, etc., required for the new Governor-General will be purchased.

UNITED STATES.—It appears that the Fishery award is to be made the subject of diplomatic correspondence. The U. States government are trying to do away with the local regulations of Newfoundland. The Sunday regulations are obnoxious to the U. S. fishermen.

Maltby's extensive fishing works at Newport were badly damaged by the recent storm. Three of his vessels were driven ashore during the gale and damaged. Three colored men were drowned while trying to reach the shore. One schooner was driven up into the woods by the force of the storm.

At Springfield, Ohio, during a fight in a restaurant on Wednesday night, between five railroaders and five tramps, two tramps were fatally injured and two railroaders badly beaten. One railroader and three tramps were arrested.

A letter received from John H. Philbrick of Boston, in charge of the American Educational Exhibit at Paris, states that out of the total of 750 awards to American exhibitors, this exhibit, (although occupying space of only 23 by 25 feet) secured 121 awards, including 27 gold and 42 silver medals.

ENGLAND.—As H. M. Steamer Black Prince is too slow to escort the steamer Sarmatian, the Marquis and Marchioness of Lorne will probably proceed without an escort.

Lord Dufferin arrived at Belfast on the 29th and was received by the Council and escorted to the town hall, where addresses were presented.

There was a slight fall of snow in England on Wednesday last, and considerable snow in various parts of the country.

A despatch denies that Beaconsfield has had an epileptic attack. He is suffering from gout but otherwise is well.

A fire occurred in Maynooth College on Friday. The Southern and Western portions are destroyed. The portion of the building containing the library was attacked by the flames, but all the valu-

able books were saved. The students lost all their personal property. Loss \$50,000.

A Glasgow despatch says the directors and other officials of the Glasgow Bank were on Wednesday committed for trial on charges of fraud and theft. They must now be tried within 120 days. Friends of the prisoners are making every exertion to secure their liberation. The Lord Advocate has accepted \$75,000 bail for John Stewart, one of the directors. \$150,000 was subscribed at a private meeting in Glasgow on Saturday for the relief of the shareholders. Five firms gave each \$15,000.

The agriculture laborers protest against the proposed reduction of wages in Kent and Sussex, a thousand laborers had already struck and the number would be increased to three thousand in a few days, if the masters persisted in their designs. Between ten thousand and fifteen thousand will ultimately be affected in the two counties. Laborers declare the course of farmers is oppressive and they threaten to emigrate to colonies.

About 60 per cent. of the looms and spindles in Lancashire and Cheshire cotton districts have stopped or are working short time.

GERMANY.—A Berlin despatch says: “If the Duke of Cumberland shall retract the manifesto issued after his father's death, in which he asserts his right to the Crown of Hanover, Prussia will surrender him the Guelph moneys.”

A Copenhagen despatch says the political difficulties in the way of the marriage of the Duke of Cumberland, with the Princess Thyra, have been removed.

A decree has been issued prohibiting the sale of a number of Socialist pamphlets, in addition to those previously prohibited. In the execution of the decree the police were obliged to make twenty-five domiciliary visits.

RUSSIA.—It has now transpired that a strong Russian force was concentrated on the Bokhara frontier until the close of the Berlin Congress, in readiness to enter Afghanistan.

The *Golos* and other journals deprecate giving direct assistance to the Ameer of Afghanistan and advocate a benevolent neutrality. The *Golos* treats the English ultimatum as a positive postponement of military operations to an indefinite period, and advises Russian diplomacy to endeavor to prevent open collision between England and Afghanistan.

Pesther Lloyd says the British note protesting against Russian movements in Turkey, was presented at St. Petersburg, October 24th. The note expressed the hope that Russia will soon be able to resume the withdrawal of her troops, and that they will not pass the line which they have now re-occupied, as such a step would compel England to take precautions.

Russia intends to raise her army in Turkey to 200,000 men.

The St. Petersburg *Globe* rejoices over the delay in England's operations against Afghanistan. It says as long as peace continues Russia can give arms and money to any one.

The Russian press is exceedingly hostile to England. The *Vedemosti* says the great struggle with England, which has been preparing for centuries, will occur in Afghanistan. The *Ruski Mir* declares that the hour has come when England will be held responsible for past delinquencies.

The St. Petersburg *Globe* says if the Russian people were consulted they would unhesitatingly decide for a renewal of the struggle. Despite the expedients of diplomacy to arrest the natural course of historical developments, it is evident that the inevitable crisis in the Eastern question has arrived. There is no apparent prospect of completing the organization of the Balkan peninsula on the basis of humanity and justice without a fresh war.

A Vienna telegraph says England has confidently directed the attention of Austria to the serious aspect of affairs in Turkey, but has not yet made a direct attempt to bring about common action by powers, although she has brought forward the matter individually at St. Petersburg and Berlin.

TURKEY.—The Porte informed Mr. Layard that the proposed reforms were introduced in one province of Asia Minor but complete realization of the project would be postponed until the state of Turkish finances permits it.

The porte, at the instance of France and Italy, expresses its willingness to make a slight rectification of frontier in favor of Greece, but it is thought here that Greece will refuse any boundary other than that indicated in the conference at Berlin.

Minister Layard has received information that Russian troops from Rustchuk, Shumla and Varna continue to arrive at Adrianople and elsewhere in Eastern Roumelia.

The Bulgarian insurgents are now advancing on Sere. The Mahometan element is rising on all sides to assist the porte, and considerable forces have been despatched from Salonica to insurgent territory. The object of the uprising is to realize the idea of Bulgaria reaching the Aegean Sea, in accordance with the treaty of San Stefano. It has more than a local significance and touches questions of European character.

It is reported that the Russians are far from resuming their retreat on Adrianople. They are re-occupying places

which they evacuated, especially Tessau near the gulf of Saros.

Sixty thousand Russians have entered Roumelia by way of Bourgas.

AUSTRIA.—The return of the Austrian troops has been much delayed owing to severe storms and floods.

In the Lower House of the Hungarian Diet, a resolution was offered by the Extreme Left proposing the impeachment of the ministry. It was read and the debate fixed for November 5th.

A majority of the Reichrath Committee, in reply to the speech of the Emperor, adopted an address in which Andrassy is censured for not consulting the Reichsrath on his Eastern policy.

Twelve Austrian officers have left Vienna for Teheran, to re-organize the Persian army on model of the Austrian army.

SPAIN.—Don Carlos, in a letter to ex-Queen Isabella congratulating her on the escape of King Alphonso, declares that democracy shrinks from nothing in its attempt to destroy even the princes whom it has itself placed on the throne, and who are forced, perhaps unwillingly, to be slaves.

It appears that the discontent in Spain is not confined to a handful of agitators, but that more serious elements of dissatisfaction exist in the army.

The trial of Juan Moncasi has commenced. It is believed the king will commute the sentence of death which will doubtless be passed to penal servitude for life.

Shortly after the meeting of the Cortes a test question will be proposed, defeat on which would compel the resignation of the Cabinet. The Government, however, is confident of a majority.

Despatches have been exchanged with Paris, Vienna, Berlin and Rome, with a view to common legislation against Socialism.

INDIA.—A Calcutta correspondent telegraphs that he hears upon good authority that the Government of India contemplates adopting a gold currency, and making English gold coins legal tenders through the country.

The Premier of Hyderabad has placed the whole treasury and army of that State at the disposal of the Government to be used against the Afghans.

The Begum of Chopal has offered to place her army at the disposal of England.

It is rumored that the viceroy is instructed to write the Ameer again before advancing.

The Indian Government has urgently and repeatedly remonstrated against according the Ameer further delay. The Viceroy has used his whole personal influence in favor of immediate action.

Intelligence has been received that justifies the confidence of the English people in the loyalty of the Indian Princes. Offers are coming in from all directions from native troops eager to advance on Afghanistan.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your “Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime” had made in my case, and, at the same time promising to write you from time to time to let you how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c.

Oct. 30, DIPHThERIA has for a long time been very prevalent and very fatal. Its fatality seems to be greatly owing to neglecting what is supposed to be an ordinary cold or sore throat until it has progressed to its last stages, and then when medical aid is procured it has often been found to be too late. From the fatality attending this disease every family should keep a suitable remedy on hand and use it on the first appearance of sore throat. A preparation called DIPHThERINE has been placed before the public. It is the discovery of an English Physician and has been regarded where it is used to be an infallible remedy for that disease. To place it within the reach of all it is put up in bottles with full directions, and sold by Druggists and Dealers in medicines at the low price of 25 cents a bottle. Sept. 4.

READ THIS TWICE.—Five to thirty drops of THOMAS' ELECTRIC OIL, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Cough in twenty-four to forty-eight hours. One bottle has cured Bronchitis of eight years' standing; recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain or lameness, nothing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For disease of the Spine and Contraction of the Muscles it is unequalled. In Rheumatic or any other pain the first application does you good. It stops Ear Ache and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good. It is composed of six of the best oils known, and nothing but oils. Is worth its weight in gold. Why not buy it to-day?—A. B. DES ROCHERS, assistant postmaster, Arthabaska, P. Q., writes:—“Thirteen years ago I was seized by a severe attack of rheumatism in the head, from which I have nearly constantly suffered. After having used ‘Thomas' Electric Oil’ for nine days, bathing the forehead, I have been completely cured, and have only used half a bottle. This I can certify under oath if you wish.”—Rev. J. Mallory, of Wyoming, N. Y., writes, “Dr. Thomas' Electric Oil cured me of Bronchitis in ONE WEEK.” BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. THOMAS is on the wrapper, and the name of Northrop and Lyman are blown in the bottle, and TAKE NO OTHER. Sold by all medicine dealers. Price, 25 cents.
