

NEW ADVERTISEMENTS.

DR. J. WOODBURY'S DINNER PILLS

Are not offered to the public as a remedy for all diseases; but for every form of INDIGESTION,

and the innumerable train of sadly distressing diseases arising therefrom, these Pills are decidedly the most infallible remedy ever offered to the public.

For the removal of DYSPEPSIA, in all its forms, CHRONIC DISEASES OF THE LIVER, JAUNDICE, PILES, IRREGULAR ACTION OF THE HEART, &c., these Pills are emphatically the Remedy.

For that peculiar Costiveness attendant on Pregnancy, they are the only safe and proper Remedy; indeed, Pregnant Ladies should take no other.

Persons afflicted with Indigestion, very frequently suffer from the bowels remaining unmoved for two, three, four, or more days, and are then compelled to resort to a dose of some drastic, irritating purgative, which only gives a temporary relief, and the repetition of which only aggravates the disease.

The Dinner Pills directly prevent the necessity for taking such injurious doses of physic, and by being taken with the food, simply act as an auxiliary to nature, slightly stimulating, and directly strengthening the Stomach and Bowels, and by continuing their daily use for a few weeks, will restore and establish the regular and healthy action of the Stomach and Bowels, giving tone to the Stomach and Liver, and consequently health and vigor to the whole system.

These Pills are strictly vegetable, and may be taken with any kind of food. Persons about to partake of rich dinners, may always secure easy, comfortable digestion, by taking a Pill when about half through with their dinner.

Persons who, from Indigestion, have become enfeebled and emaciated have been restored to health, and become fleshy, plump and vigorous, by the use of the Dinner Pill.

They should invariably be taken with the food, when about half through with the meal, either at dinner or tea; at dinner is preferable. The dose may vary from half a pill to one, one and a half, or two, just what may be found, after a day or two's experience, to produce a gentle, natural motion of the bowels, once in twenty-four hours, always commencing with the smaller dose, and increasing them until they produce the desired effect.

In obstinate cases, the use of the Dinner Pills should be continued every day, for several weeks, until a regular healthy action of the system is fully established. While the Dinner Pill is, strictly speaking, a Dinner Pill, yet, if a dose of purgative medicine is required at any other time, they will be found all that can be desired, and in doses of from two to six, operating effectually, yet mildly, and without debilitating the Stomach or Bowels.

This Dinner Pill is prepared only by DR. J. WOODBURY, Middleton, Annapolis Co., N. S. Price 25 Cents Per Box.

ALSO: Dr. J. Woodbury's EYE WATER. Those afflicted with Weak, Irritable, or any, and every description of SORE EYES, DEBILITY of the EYELIDS, &c., will find in this preparation a most prompt, certain, and efficient remedy.

A single trial will convince the most skeptical of its merits. Apply at bedtime, rubbing it thoroughly to the lids and corners of the eye. In mild cases, two or three applications will be sufficient; but in severe cases, or those of long standing, its use should be persevered in for several weeks.

Prepared only by DR. J. WOODBURY, Middleton, Ana. Co., N. S. PRICE 25 CENTS A BOTTLE.

SCRIBNER'S MONTHLY,

Conducted by J. C. Holland. The handsomest Illustrated Magazine in the World.

The American edition of this periodical is More than 70,000 Monthly,

And it has a larger circulation in England than any other American magazine. Every number contains about one hundred and fifty pages, and from fifty to seventy-five original wood-cut illustrations.

Several illustrated articles descriptive of Canadian Sports and Scenery have recently appeared in its pages, and the magazine during the coming year will devote much space to matters of special interest to the Canadian public.

Announcements for 1878-9.

"HAWORTH'S," by Mrs. Frances Hodson Burnett, author of "That Lass o' Lowrie's." The scene of Mrs. Burnett's new novel is laid in Lancashire; the hero is a young inventor of American birth. "Haworth's" is the longest story Mrs. Burnett has yet written. It will run through twelve numbers of the Monthly, beginning with November, 1878, and will be profusely illustrated.

FALCONBERG, by H. H. Boyesen, author of "Gunnar," "The Man who lost his Name," &c. In this romance, the author graphically describes the peculiarities of Norse immigrant life in a Western settlement. Some of the incidents will be found of very curious interest, this being a study of a phase of life in the New World with which few Americans, even, are familiar. "Falconberg" began in the August number of 1878.

A STORY OF NEW ORLEANS, by George W. Cable. This story will exhibit the state of society in Creole Louisiana about the years 1803-4-5, the time of the Cession, and a period bearing a remarkable likeness to the present Reconstruction period.

PORTRAITS OF AMERICAN POETS. This series will be continued, that of Longfellow appearing in November. These portraits are drawn from Life by Wyatt Eaton and engraved by T. Cole. They will be printed separately on tinted paper, as frontispieces of four different numbers. Illustrated sketches of the lives of the poets will accompany these portraits.

STUDIES IN THE SIERRAS.—A series of papers (mostly illustrated) by John Muir, the California naturalist. These are the most graphic and trustworthy studies of "The California Alps" that have yet been made. The series will sketch the California Passes, Lakes, Meadows, Window Storms and Forests.

A NEW VIEW OF BRAZIL. Mr. Herbert H. Smith, of Cornell University, a companion of the late Prof. Hart, is now in Brazil, with Mr. J. Wells Champney (the artist who accompanied Mr. Edward King in his tour through "The Great South,") preparing for SCRIBNER a series of papers on the present condition, the cities, rivers, and general resources of the great empire of South America.

THE "JOHNNY REB" PAPERS, by an "ex-Confederate" soldier, will be among the raciest contributions to SCRIBNER, during the coming year. They are written and illustrated by Mr. Allen C. Redwood, of Baltimore. The first of the series, "Johnny Reb at Play," appears in the November number.

THE LEADING EUROPEAN UNIVERSITIES. We are now having prepared, for SCRIBNER, articles on the leading Universities of Europe. They will be written by an American College Professor, Mr. H. H. Boyesen, of Cornell (author of "Falconberg," &c.)—and will include sketches of the leading men in each of the most important Universities of Great Britain and the Continent, their methods of teaching, &c.

Among the additional series of papers to appear may be mentioned those on HOW SHALL WE SPELL (two papers by Prof. Lounsbury,) THE NEW SOUTH, LAWN-PLANTING FOR SMALL PLACES (by Sam'l Parsons, of Flushing), CANADA OF TODAY, AMERICAN ART AND ARTISTS, AMERICAN ARCHAEOLOGY, MODERN INVENTORS; also, Papers of Travel, History, Physical Science, Stories, Poems; "Topics of the Time," by Dr. J. G. Holland; record of New Inventions and Mechanical Improvements; Papers on Education, Decoration, etc., etc.

Terms \$4.00 a year in advance; 35 cents a number. Subscriptions received by the publishers of this paper, and by all booksellers and postmasters.
