To the Electors of the County of Colchester.

GENTLEMEN, Having been chosen by a full convention of the Reform Party, held in Truro on the 16th of April last, as a candidate for the representation of Colchester in the House of Commons, I now respectfully solicit your support.

Should I be honored with your confidence I will give my best efforts to the promotion of the welfare of the people of this Dominion, and of the County of Col-

tion of the day is that of Free trade (or a revenue tariff.) vs. Protection. On thatquestion I deem it my duty to give no uncertain sound. I believe that a revenue tariff affords reasonable encouragement to manufacturers, and that the policy of a high protective tariff, propounded by Sir John Macdonald, would if adopted, be injurious to the interests of the whole country, and especially of the Maritime Provinces. Our people are already taxed THE undersigned have this day entered heavily enough, but under the system proposed by the Conservative leaders their taxes would I believe, be very largeadequate benefit in return for the burdens thus imposed.

Believing that the Government of Honorable Alexander Mackenzie has honestly, energetically and, on the whole, wisely conducted the public affairs of the country, and that the Conservative leaders are, both from their past record and their present policy, unworthy of the confidence of the people. I shall if elected consider it my duty to give an independent support

to the Mackenzie administration.

I will gladly assist any practical legislation having in view the prohibiting, restricting or controlling of the traffic in

intoxicating liquors.

I will endeavour before the election to personally discuss the issues of the contest with as many of you as is possible. Meanwhile, I venture to hope that the views I have here expressed are such as will commend themselves to your judge-ment, and justify me in expecting your tually. confidence and support.

I have the honor to be, Gentlemen,

Your obedient Servant, A. C. PAGE.
