

PAUSE, PONDER AND PERUSE!—The invention of that Superior and Complete Sewing Machine (The Family Sewing Machine), marks one of the most important eras in the history of machinery, and when we consider its great usefulness and extremely low price (\$25), it is very difficult to conceive of any invention for domestic use of more or even equal importance to families. It has great capacity for work; beautiful, smooth, and quiet movement; rapid execution, certainty and delightful ease of operation, that at once commends it above all others. The working parts are all steel, strong and durable and will last a life time; the bobbins hold 100 yards of thread; the stitch is the finest of all the stitches made, neat and regular, and can be regulated in a moment to sew stitches from an inch in length on coarse material down to the finest, so infinitesimal as to be hardly discernible with the naked eye, and with a rapidity rendering it impossible to count them as fast as made; it has more attachments than any other, and it does to perfection all kinds of heavy, coarse, plain, fine, or fancy needle-work with ease, and far less labor than required on other machines. It needs no commendation, the rapid sales, increasing demand, and voluntary encomiums from the press, and the thousands of families who use them, amply testify to their undoubted worth as a standard and reliable household necessity, extending its popularity each day. Machines sent anywhere to be examined before any money is paid. **AGENTS WANTED** by the Company. Address them for information. **FAMILY SEWING MACHINE CO., 755 BROADWAY, NEW YORK.** Oct. 22.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c.

CONSUMPTION CAN BE CURED

IS A FACT ATTESTED BY THE HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of SCOTT'S EMULSION OF COD LIVER OIL with HYPOPHOSPHITES OF LIME AND SODA will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form "perfectly palatable," and acceptable to the most delicate stomach, and we make the unqualified statement that SCOTT'S EMULSION is being used with better results, and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it, such as Chronic Coughs, Bronchitis, Scrophula, Anemia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

SEE WHAT PHYSICIANS AND THE PEOPLE SAY ABOUT IT.

Messrs. Scott & Bowne: 66 West Thirty-sixth Street, N. Y., Sept. 2, 1876.

Gents—I have frequently prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrophulous and consumptive cases, palatable and efficacious.

C. C. LOCKWOOD, M. D.

Messrs. Scott & Bowne—Gentlemen—Within the last two months I have fairly tried Scott's Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly elegant and agreeable form.

Very truly, J. SIMONAUD, M. D., New Orleans, La.

December 10th, 1878.

Messrs. Scott & Bowne—Gentlemen—In September 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain, but my general health did not improve, and early in the winter I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I then bought a dozen bottles and have taken all with the following results: Cough subsiding, night sweats stopped, appetite returned, pains in spine disappeared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks what cured you and I answer, Scott's Emulsion of Cod Liver Oil, &c. I have a friend who has not spoke aloud for 15 months and he is getting better. I gave him a bottle, and he bought two more, then got a dozen and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and I shall do all I can to make known your valuable medicine.

Very truly yours, R. P. SLOCOM, Lowell, Mass.

VEGETINE

A Home in the Celestial City.

MINNEAPOLIS, MINN., Dec. 18, 1878.

H. R. Stevens, Boston:

About nine and a half years ago I had

a fever; the doctor gave me some poison-

ous medicine, drove the disease into my

leg, and it broke out, and has been from

two to ten running sores ever since. I

could not sleep a fourth of a night once

in six months, and a great many nights

was compelled to get up and take opium—

apiece as large as a pea—to deaden the

pain. I have tried everything I could

hear of, in fact, I have paid out hundreds

of dollars and found no relief until I com-

menced taking Vegetine, and now I can

go to bed at eight o'clock at night and

sleep until seven o'clock in the morning,

and no occasion to waken from pain. I

was used up, perfectly dead inwardly,

and frequently when I would get up,

would be dizzy, and have to put my hand

on something to keep from falling; but

since I commenced taking Vegetine it

has all disappeared, and I feel like a new

man. My honest conviction is that it

will cure my leg entirely, from the pre-

sent looks and feelings. I shall continue

taking Vegetine, and recommend it to

all whom I come across; and I hope the

man who introduced Vegetine into the

United States will have a home in the

Celestial City.

Yours most sincerely,

W. S. LEACH.
