Acknowledgment
 SHELBURNE, May 6th, 1879. — Dear Editor,—I wish to acknowledge through the Messenger the kindness of the people of my charge. During the winter and spring I have been enriched by donations from the different churches comprising my field, to the amount of seventy-five dollars or more, principally in articles useful to a family, of which amount about twenty dollars was in cash. I have baptized two, others have been converted, but have not as yet followed Christ in the ordination of baptism. We are sowing in faith and waiting in hope.
 Yours truly,
 GEO. H. GOUDREY.

 PROVINCIAL APPOINTMENTS.—30 April, 1879.—Lunenburg Co., To be Trustees of the Common at Chester—Daniel Evans, William Smith, and James Smith, Esqrs.
 Halifax Co.—To be Commissioners of Schools for the Eastern District of the County—Malcolm McFarlane of Sheet Harbor, and John F. McKenzie, in place of John Balcom and Rev. Alfred Dickie, removed from the District; William C. Henley, Spry Bay; Andrew Gaston, Tangier; John C. Ross, Shoal Bay; James H. Whiteman, Salmon River; William McLearn, Quoddy; and Rev. James Scott.

Antigonish Co.—To be a Commissioner of Schools—Rev. Francis Broussard, Tracadie.
 Pictou Co.—To be a Commissioner for taking Affidavits &c., James Roy, Westville.
 The Grand Jury of Halifax County the other day reported to the Supreme Court that there were four indictments against the City of Halifax for having the streets obstructed with horse-car rails. The Judge ordered the city to be notified that if the obstruction were not removed the corporation would be liable for any damage occurring from neglect of so doing.
 On Friday last about fifty tons of sand ballast from the barque Ella Vose stored on the end of Black Brothers & Co's wharf, proved too much for some of the spiles, which had decayed, and a large piece of the wharf about 20 feet square—fell in and, with the ballast, sank to the bottom.
 At the City Council on Thursday last a loan of \$20,000 was accepted from W. S. Sterling at 4 1/2 per cent.
 A letter from the Secretary of the School Board informed the Council that the amount required to be assessed the City for School purposes for the ensuing year would be \$67,000.
 The walking nuisance threatens to break out in Halifax. One of our papers notices that two young men propose occupying Mason Hall with such a feat for a purse of \$50.
 The Dartmouth Civic election on Tuesday last resulted in choosing Dr. Weeks again as Warden, by a majority of 2 votes over Mr. Stairs.
 For Councillors the successful candidates were for
 Ward 1—John Campbell.
 Ward 2—John Lawlor.
 Ward 3—J. C. Oland.
 Mr. James G. Foster has been elected Recorder of the town of Dartmouth.

SOMETHING THAT IS NOT GENERALLY KNOWN OUTSIDE THE CITY.—John Nash & Co., 77 & 79 Brunswick Street, Halifax, N. S., are manufacturing Soda Water, Aerated Lemonade, Ginger Ale, Sarsaparilla and Ginger Beer, which they will ship safely packed to any address for \$1.00 per dozen and allow 60cts. for returned empties, which makes the Beer only 40cts. per dozen. These are just the articles for Bazaars, Tea-meetings, and Pic-nics. They are a wholesome and delicious beverage, not being spirituous or malt, children can drink it. Country orders promptly attended to. No charge for packing or shipping by Rail or Vessel. Give them a call.
 The Public Gardens were thrown open for the first time this summer on Sunday last. There is but little to be seen as yet in the way of flowers, although there have been several improvements made in the pond, and the general arrangements of the grounds.
 Mr. Newberry has imported some Bass fish from the Hudson River.
 On Thursday last Capt. Greening pleaded guilty to the charge of shooting his wife, and threw himself on the mercy of the court.
 SUGAR BEET.—The Agricultural Department of the New Brunswick Government have imported a ton weight of sugar beet seed from Germany for experiment in the raising of beets for sugar making and for cattle feeding this season. They have considerably placed a small portion of the seed at the disposal of the Nova Scotia Board at cost price. Agricultural societies wishing to obtain seed should apply at once to Professor Lawson.

A Plot among the prisoners in the Penitentiary was discovered on Saturday last. It was found that several had knives and hammers concealed about their clothes, and other preparations for violence and escape, which it is supposed was to have been attempted on Sunday. Two of the men named Hughes and Jarvis before attempted to escape, and once succeeded, but were re-captured.

H. M. S. Bellerophon accompanied by H. M. Ships Tourmaline, Druid, Plover, and Zephyr, arrived from Bermuda on Monday morning, and give a summer appearance to our harbor.
 Chapped hands. A few drops of Johnson's Anodyne Liniment rubbed into the hands occasionally will keep them soft and free from soreness. Soldiers, sailors and fishermen should remember this. It is the best Liniment in the world for any purpose.
 A neighbour of ours lost a valuable mare recently, it is supposed from bots. If he had used 25 cents worth of Sheridan's Cavalry Condition Powders he would have driving his pretty Chestnut to-day. Sorre for you, Doctor. These powders are immensely valuable.

DIPHTHERIA has for a long time been very prevalent and very fatal. Its fatality seems to be greatly owing to neglecting what is supposed to be an ordinary cold or sore throat until it has progressed to its last stages, and then when medical aid is procured it has often been found to be too late. From the fatality attending this disease every family should keep a suitable remedy on hand and use it on the first appearance of sore throat. A preparation called DIPHTHERINE has been placed before the public. It is the discovery of an English Physician and has been regarded where it is used to be an infallible remedy for that disease. To place it within the reach of all it is put up in bottles with full directions, and sold by Druggists and Dealers in medicines at the low price of 25 cents a bottle.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.
 The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c.

Sworn Statement
 OF A
BOSTON POLICE OFFICER.

H. R. STEVENS:—
 DEAR SIR.—From exposure I took sick about nine years ago with Rheumatic Fever, from which I suffered about four months. When I recovered from the fever I found myself suffering with pain in my side and constipation, which brought on the piles. I consulted a physician, and paid him over \$200 for attending me, and all the while I was gradually growing worse. Then one physician after another was employed, until seven of the best physicians of Boston had taken my case in hand.
 On consultation between several of the leading physicians, they concluded my complaint was asthma and general debility. I had great difficulty in breathing and an inhaler was required to afford me breath. Through the treatment of one physician I took from 75 to 100 boxes of calomel pills, and faithfully tried all the medicine that each physician prescribed. From my long sickness, and the vast amount of medicine used to overcome the great pain, my kidneys became badly affected, and I suffered excruciating pain in the small of my back, with great difficulty in passing my urine.
 One physician said I was diseased all through my system, and he regretted that he could give me no hope for health. My suffering from indigestion was so great that it was impossible to keep any solid food on my stomach, and the whole nature of my food was broth from oatmeal.
 I also took a prescription from a celebrated English physician, who said my trouble was Bronchitis and Dyspepsia; I took 18 bottles of medicine especially prepared for Dyspepsia, and I have used a great deal of medicine from apothecaries' prescription. I have taken Sarsaparilla until you could count the bottles by the dozen, and indeed I have given nearly all the popular advertised medicine a fair trial. I had a dreadful cough, and did not average over two hours' sleep a night for 8 months.
 A brother policeman urged me to try VEGETINE, but for a long time I refused, having got completely discouraged from taking so much medicine without any benefit; however after urgent persuasion, I concluded to try it, and before I had used one bottle I could eat and hold on my stomach a beefsteak, a thing I had not been able to do before for years; indeed, I obtained more substantial benefit from the first bottle of VEGETINE than from all other medicines which I had taken. I kept on improving, and kept on using the VEGETINE, until I was perfectly cured and able to do duty all day, eat and digest my food, sleep well at night, and I am now 40 pounds heavier than I ever was before in my life, and am, as I think, a living contradiction of the prophecies of the most learned medical talent of Ntw England, for with all of their combined wisdom, they could not accomplish so much as that simple vegetable medicine called VEGETINE to which I am indebted for health, life and happiness.
 EUGENE E. SULLIVAN,

Then personally appeared the above named Eugene E. Sullivan, and made oath that the foregoing statement is true before me.

VEGETINE.
 Further Proof.
FACTS WILL TELL.
 GOFFSTOWN, N. H., Aug. 1, 1875.

H. R. STEVENS, Esq.:—
 DEAR SIR.—Allow me to say a word in favor of VEGETINE. During the past year I have suffered from a complication of diseases. I lay in bed from the 3rd of November until the middle of the following June, and on an average did not sit up two hours a week; I had eight of the best physicians in the state, but got no help, and constantly grew worse. They agreed that I had heart disease, phthisis, pyaemia, and kidney complaint, and could never be any better. I was reduced in weight 50 pounds, which is much, for I am naturally thin.
 In June, finding I was failing under the treatment of the physicians, I commenced the use of VEGETINE through the earnest persuasion of friends, and, I am happy to state, with good results. I have gained ten pounds in weight, and can sit up all day, walk a mile, and ride six.
 I am greatly encouraged, and shall continue using the VEGETINE if I get it. I am a poor man, but the truth of this statement I refer to any man in Goffstown or vicinity.
 Yours very thankfully,
 A. J. BURBECK.
