

thoughts are almost wholly given to it. I hope he will prove equal to the burden, for it is not a light one. He must be on the ground all the time and superintend every department. The heat now is excessive; it comes from the sun over our heads and from the ground beneath our feet, still there is no pause in the work. We would like to get into town in July, but fear it is impossible. I feel that it will be economy in every sense of the word to get there as soon as we can. I presume this is a cooler place, than that will be, and perhaps it is right for us to stay here, but taking everything into consideration, it certainly seems a long way from our work. Hoping to hear from you soon,

I am yours truly,
CARRIE HAMMOND.

INVALIDS, do you wish to gather flesh to acquire an appetite, to enjoy a regular habit of body, to obtain refreshing sleep to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman of Toronto, and in a short time you will feel the whole system invigorated and strengthened. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations. And combined as it is with fine sherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty, as it strengthens the stomach and digestive organs, and seldom requires more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop and Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money. Sold by all Medicine Dealers. Deaths.

On Saturday, June 14th, Martin Grace, in the 48th year of his age.
At Dartmouth, on the 14th inst., Minnie M., second daughter of the late James D. Woodman, aged 12 years. Safe in the arms of Jesus.

At the residence of Charles Sandford, Esq., of Middle Perreux, on the 20th day of May, 1879, Mrs. Elizabeth Loomer, relict of the late Nathan Loomer, and eldest daughter of Benjamin Sandford, late of Cornwallis. She left her home in Church St., Cornwallis for a visit, and after spending a few weeks with her only surviving sister and other friends, was taken down by sickness from which she did not recover. Converted in early life she was baptized by Elder Edward Manning, when about 16 years of age. Exemplified the christian character and maintained her profession to the end. "For her to live was Christ, but to die was gain." A member of the Baptist church she was a constant attendant upon the means of grace as long as it was in her power. She had three sons and a daughter. Two of her sons became ministers of the Word. And so far as is known to the writer are now living in different parts of the United States. One of them a graduate of a university in New York, was highly esteemed for his ministerial qualifications and gifts. She passed through many seasons of trial- was left a widow for the long period of thirty-five years. Through all those years the Word of God was her daily companionship. At the time of her death she had attained the advanced age of eighty-seven years. Her funeral was attended by a large circle of friends and acquaintances and the exercises were engaged in by her Pastor Rev. S. B. Kempton assisted by the Rev. S. March of Canning. The former, preached a very impressive sermon from 2 Timothy iv. 7. "I have fought a good fight, I have finished my course, I have kept the faith."-com.

At Harmony, Aylesford, on the 19th Nov. 1878, of diphtheria, Lizzie M. daughter of Alexander and Helen Banks aged 11 years. She has gone from among us, her trials are o'er, The place which knew her shall know her no more. But in memory she lives like the roses perfume, Which embalmeth its ashes, though withered its bloom.

She has gone from among us, nor more shall we hear, That voice that was once to our hearing so dear. No more shall the glance of that bright sparkling eye, Gather bright from a spirit that never can die. But her soul in the beauty of holiness passed, Displaying its banner of hope to the last: No shadow of darkness, of doubt, or of fear, Ever shadowed her brow or extracted a tear.

Say then shall we mourn that her rest hath begun, That this life she exchanged for an unending one. Oh no, through our faith consolation is given, Though she's lost to us here we'll meet her in heaven.

At Maitland, Hants Co., on Sunday 8th inst., Mrs. Sarah Carr, widow of the late Wm. Carr, aged 87 years. At Blockhouse, Lunenburg Co., Mr. J. Zwicker, departed his life on the 5th day of June, 1879, aged 73 years and 5 months, he was the first of the family to leave this world. He was the 4th eldest son of the deceased Valentine Zwicker, there being four brothers and four sisters. Of the remaining seven the youngest brother is past 64 years. Mr. Z. leaves a large family circle, and was respected by all who knew him, a cheerful giver to the house of God. He was a Presbyterian. His house was always open to entertain strangers. He was a friend to the poor, a kind father, a good husband, and leaves a widow and two children to mourn their loss, long to be remembered. His end was peace.

On Saturday, 14th inst., in the 80th year of his age, Samuel Morse, formerly of Annapolis Co., N. S. On Sunday, in the sixty-eighth year of her age, Miss Catherine O'Dell.

DR. J. WOODBURY'S DINNER PILLS.

Are not offered to the public as a remedy for all diseases; but for every form of INDIGESTION,

and the innumerable train of sadly distressing diseases arising therefrom, these Pills are decidedly the most infallible remedy ever offered to the public.

For the removal of DYSPEPSIA, in all its forms, CHRONIC DISEASES OF THE LIVER, JAUNDICE, PILES, IRREGULAR ACTION OF THE HEART, &c., these Pills are emphatically The Remedy.

For that peculiar Costiveness attendant on Pregnancy, they are the only safe and proper Remedy; indeed, Pregnant Ladies should take no other.

Persons afflicted with Indigestion, very frequently suffer from the bowels remaining unmoved for two, three, four, or more days, and are then compelled to resort to a dose of some drastic, irritating purgative, which only gives a temporary relief, and the repetition of which only aggravates the disease. The Dinner Pills directly prevent the necessity for taking such injurious doses of physic, and by being taken with the food, simply act as an auxiliary to nature, slightly stimulating, and directly strengthening the Stomach and Bowels, and by continuing their daily use for a few weeks, will restore and establish the regular and healthy action of the Stomach and Bowels, giving tone to the Stomach and Liver, and consequently health and vigor to the whole system.

These Pills are strictly vegetable, and may be taken with any kind of food. Persons about to partake of rich dinners, may always secure easy, comfortable digestion, by taking a Pill when about half through with their dinner.

Persons who, from indigestion, have become enfeebled and emaciated have been restored to health, and become fleshy, plump and vigorous, by the use of the Dinner Pills.

They should invariably be taken with the food, when about half through with the meal, either at dinner or tea; at dinner is preferable. The dose may vary from half a pill to one, one and a half, or two, just what may be found, after a day or two's experience, to produce a gentle, natural motion of the bowels, once in twenty-four hours, always commencing with the smaller dose, and increasing them until they produce the desired effect.

In obstinate cases, the use of the Dinner Pills should be continued every day, for several weeks, until a regular healthy action of the system be fully established.

While this Pill is, strictly speaking, a Dinner Pill, yet, if a dose of purgative medicine is required at any other time, they will be found all that can be desired, and in doses of from two to six, operating effectually, yet mildly, and without debilitating the Stomach or Bowels.

This Dinner Pill is prepared only by DR. J. WOODBURY, Middleton, Annapolis Co., N. S. Price 25 Cents Per Box.

Dr. J. Woodbury's EYE WATER.

Those afflicted with Weak, Irritable, or any, and every description of SORE EYES, DEBILITY of the EYELIDS, &c., will find in this preparation a most prompt, certain, and efficient remedy. A single trial will convince the most skeptical of its merits.

Apply at bedtime, rubbing it thoroughly to the lids and corners of the eye. In mild cases, two or three applications will be sufficient; but in severe cases, or those of long standing, its use should be persevered in for several weeks.

Prepared only by DR. J. WOODBURY, Middleton, Ana. Co., N. S. A liberal discount to the Wholesale Trade. J. WOODBURY, M.D., Proprietor. Middleton, Annapolis Co., N. S. BROWN & WEBB, Wholesale Agents. On sale at BROWN BROS., Halifax, and by Druggists and Grocers generally throughout the province. Oct. 16. e o w, 6m.

THE NUTRITIOUS CONDIMENT FOR HORSES & CATTLE.

Important to every man who keeps a Horse, Cow, Ox, Pig, Sheep or Poultry.

THE NORTH BRITISH CATTLE FOOD COMPANY.

Depots at LONDON, DUBLIN, GLASGOW, MONTREAL, and HALIFAX, N. S. Gold Prize Medal. Awarded, London Exhibition, 1862. The best and most economical Food for Horses and Cattle in existence.

The Nutritious Condiment is used in the Stables of Her Majesty the Queen, H. R. H. the Prince of Wales, the Nobility and Gentry of Great Britain, and the principal Crowned Heads of Europe.

ADVANTAGES DERIVED FROM THE USE OF THE NUTRITIOUS CONDIMENT.

- 1. It insures perfect digestion.
2. It creates a healthy, natural appetite.
3. It makes pure blood.
4. It expels humors, cures scratches, galls, and sore back.
5. It will put horses in good, firm flesh.
6. It infuses new life and vigor.
7. It gives a fine, soft skin and smooth coat.
8. It disinfects the contents of the stomach, sickens worms so they lose their hold and pass away.
9. It prevents and cures colic.
10. Horses will shed their coats more quickly and easily.
11. It cures colds and influenza.
12. It prevents over-heating in warm weather.
13. It enables horses to work with less fatigue.
14. Cows will be equally improved in health and appearance, and give more and richer milk.
15. It will put a horse in condition when other means fail.

Every Domestic Animal (including Poultry) should have it.

It reduces the cost of Feeding on the old system 25 to 30 per cent! FROM PROFESSOR LAWSON. Secretary Central Board of Agriculture of Nova Scotia, Dalhousie College, Halifax, May 6th, 1879.

DEAR SIR, I am glad to hear that you are about to resume the agency for the North British Co's "Nutritious Condiment," originally introduced by you in 1872. It was then well appreciated by horsemen, cattle feeders and dairymen in this Province, and the animals shown at the Provincial Exhibition in October 1874, for the special prizes offered by you, were very creditable and attracted much attention.

I am, dear sir, Yours truly, GEORGE LAWSON. George Fraser, Esq. Halifax, 7th May, 1879.

This is to certify that for many years past I have known the North British Cattle Food Co.'s Nutritious Condiment to be used extensively in London, Liverpool, Manchester, Edinburgh, and Glasgow, and in every instance it has proved itself to be a most useful article, in fact "the only one that I know of that can be relied upon." It was used largely amongst the horses of my own regiment during the late epizootic. It is an invaluable preventative in both horses and cattle of colic and febrile diseases, so common in spring and autumn.

At the Exhibition of the Royal Agricultural Society of England, held at Swansea in 1872, numbers of the owners of cattle who obtained prizes, acknowledged "that it was due to the effects of this Condiment." CHARLES BYRNE, Veterinary Surgeon, M. R. V. C., Edinburgh.
