

AS SURELY AS EFFECT FOLLOWS CAUSE, so surely will disease eventually fasten itself upon a system deficient in vital energy, if tonic medication is not resorted to in time. The necessary tendency of a weak discharge of the functions of the body is to disorder its organs. Invigoration, prompt and thorough, is the only safeguard. No renovant of depleted physical energy, no restorative of lost flesh, nerve power cheerfulness, has more clearly demonstrative its efficacy than Northrop & Lyman's Quinine Wine. In this preparation, associated with the salutary medicines which form its basis, is pure sherry wine and certain aromatic constituents, which impart an agreeable taste to the article, and gives additional emphasis to its effects. In cases of general debility and dyspepsia it is invaluable and the desired effect is, in the vast majority of cases, remarkably prompt as well as decisive. That good natural appetite, which gives a relish for the coarsest fare, is insured by the use of Quinine Wine, which also confers brain soothing and body refreshing sleep. Fever and ague and bilious remittent fever, are diseases to the eradication of which it is specially adapted; but it should be used only in the intervals between the seizures. The far-reaching effect of a good tonic, in all complaints involving loss of physical energy, are well understood by physicians and the comprehensive influence for good of this preparation upon the system goes far to bear out the professional belief in the value of invigorants as opponents of disease. Be sure to ask for the "Quinine Wine prepared by Northrop & Lyman, Toronto." Sold by all Druggists. Sept. 17. 2 m.

Deaths.

At Nictaux, August 31st, Israel Young, aged 65 years. Under the ministry of Rev. N. Vidito, our brother professed religion, and united with the Paradise Church in 1834. As far as we can learn brother Young adorned the profession he made by a godly walk and conversation before the world. His health had been gradually failing him for some time. The best medical skill was obtained, and every thing that kind hearts could do was done to avert death, yet all was in vain. He lived till the evening of the above date when God took the ransomed spirit from the suffering body. The deceased left a widow and four children to mourn their irreparable loss. I visited brother Young during his sickness and found him trusting in the blood which cleanses us from all sin. The funeral sermon was preached by the writer from a portion of scripture selected by the deceased. "Thanks be unto God who giveth us the victory through our Lord Jesus Christ." Brother Tupper assisted in the services. - Com. BY REV. W. J. BLAKENEY.

At Westport, on Sept. 11th, 1879, Oliver Peters, aged 37 years and 8 months. Bro. Peters had been for a number of years a member of the Baptist Church of this place. He bore his sickness with much patience, and was supported with the consolation of a good hope through grace. He leaves a wife and two children.

At the residence of Amos Fountain, Esq., Great Village, 8th inst., Susan, wife of Frederick Spencer, aged 23 years.

At Antigonish River, the 12th inst., Mrs. John Higgins, aged 65 years.

At Lima, Peru, August 2nd, Mr. C. G. O. Chipman, of Amherst, N. S.

At Antigonish, on the 8th inst., Maggie, beloved wife of Angus MacGillivray, M. P. E., aged 25 years.

At Granville, 25th August, Mr. John Armstrong, School teacher, aged 29 years.

At Granville Ferry, on the 6th inst., Mrs. Joseph Hall, wife of Capt. Joseph Hall, of inflammation of the lungs, aged 50 years.

At Lower Granville, on the 7th inst., Mrs. Henry Hall, in the 75th year of her age.

At Annapolis, on the 30th ult., Mr. John Bell, aged 76 years.

On the 4th inst., at Kentville, Glécon Cogswell, Esq., aged 74 years.

On the 17th ult., at Rosette, Annapolis Co., Mary, beloved wife of Wm. McLaurin, aged 83 years.

On the 31st ult., at Nictaux, Annapolis Co., Mr. Israel Young, aged 65 years.

At St. John, on Sunday evening, 7th inst., James H. Moran, in the 63rd year of his age.

At Lunenburg, 7th inst., Robt. L. Scott, aged 71 years.

At Digby, on the 11th inst., Euphemia E., relict of the late W. L. Bent, M. D., aged 81 years.

On Sunday, Sept. 7th, Maria, the beloved wife of Michael Wrayton, of Emerald Isle, Barrington, N. S., aged 87.

At Windsor Plains, on the 8th inst., of apoplexy, after very brief illness, Ann, widow of the late John Trider, aged 70 years. Had been a member of Windsor Baptist Church 27 years.

PRESERVE AND RESTORE YOUR HORSES, BY THE USE OF DR. WOODBURY'S Horse Liniment

It is a desideratum, the want of which has long been seriously felt by proprietors of horses. All persons who are so situated as to be compelled to keep their horses stabled, know how difficult it is to prevent their feet from becoming feverish, dry, and contracted, with all the innumerable evils attendant on stabling, high feeding, and driving over hard roads.

To all owners of horses so situated, the Proprietor of this Liniment confidently offers it as THE REMEDY, both as a preventive and cure.

Its action is to remove fever and dryness, thereby causing the hoofs which have become hard and brittle, to be softened and elastic, and promotes the rapid growth and full development of soft new hoof in such a manner, as can be best appreciated by being witnessed.

Its beneficial effects are so prompt and decided, as frequently to very far exceed the anticipations of the most sanguine—to excite their admiration—and secure their highest confidence. All horses that are stabled, should have an application of this Liniment to the hoofs of the fore feet, once in every two or three weeks, to prevent their becoming feverish, dry, brittle, hard, contracted, or otherwise injured.

Horses that are foundered, or whose hoofs are contracted, or in any way diseased, should have this Liniment applied to every part of the hoof, every third or fourth day. The more inveterate the case, the more frequent should be the application; and in cases of long standing, should be continued for a sufficient length of time for the old or diseased hoof to become softened, and the growth of the new fully developed.

The Liniment should be applied to every part of the hoof, and rubbed gently into the hair around the upper part of the hoof. It can be best applied with a small brush. While this Liniment is

The only Decidedly Reliable Remedy Known.

For all affections of the Horse's Hoof, it is equally efficacious in the removal of Splints, Curbs, Bog Spavins, and in all cases of Bruise or Strain in the Joints or Tendons, and enlargements of any and every description, and given internally, will promptly relieve and remove any and every character of

COUGH, ENLARGEMENT OF THE GLANDS, AFFECTIONS OF THE KIDNEYS, &c.

And in our prevailing Horse Distempers, given in doses of a table spoonful, two or three times a day; it is, infallibly,

THE REMEDY!

A Cough which cannot be removed by this Liniment, may be considered incurable. For Coughs, Enlargements of the Glands, or Affections of the Kidneys, give a table spoonful night and morning in their feed.

For Splints, Curbs, Bog Spavins, or Enlargements of any kind, apply it freely to the part, night and morning, until it blisters, which will be readily known by sweating or weeping of the part, which will soon dry, and form a thick scurf or band; allow this to remain until it falls off or rubs off quite easily, which will be in from six to ten days; and then if the enlargement be not entirely removed, repeat the application as before.

As the Proprietor of this Liniment is quite aware of the many worthless nostrums offered to the public at the present time, he would beg to say, that all articles manufactured by him are strictly WARRANTED to effect that for which they are recommended, when used according to directions. Use this preparation thoroughly, for all and every disease of the Horse for which it is recommended. Criticise it closely. Carefully watch, mark, and note its effects; and honestly judging it on its merits, you will be compelled to endorse the sentiment, that NO STABLE SHOULD BE WITHOUT IT.

It is put up in Four Ounce Bottles, at 45 cents per Bottle.

JOYFUL NEWS For the Afflicted!

From the Roots and Plants of Nova Scotia. Formerly manufactured by Mrs. Gates of Wilmor, who was pronounced incurable of Liver Complaint and Dropsy by many skillful physicians, when procuring several receipts from an eminent French physician, she was entirely cured and afterwards cured hundreds of cases, for which at first there seemed no hope. We offer these remedies to the public through the persuasion of those who at present consider they are indebted to them for the preservation of their lives. These preparations have been thoroughly tested in Nova Scotia for the last 35 years, in some of the most severe and apparently hopeless cases, which a few of the numerous certificates we possess, and which will appear from week to week in this paper, loudly testify. These medicines are extracted entirely from the Roots and Plants of the Vegetable Kingdom, such as Life of Man Roots, Saraparilla, Consumption Roots, Male and Female Nerve Roots, &c., which make up our compound of different remedies, viz: No. 1, 2 and 3 Bitters; No. 1 and 2 Syrups. These being made in a liquid are easily taken even by children, and the Syrups operate as a mild and gentle physic without griping or pain, and do not, like many other medicines, leave the stomach and bowels in a worse state than it found them, but will impart a healthy tone and vigor before unknown. These medicines do not contain any calomel or mineral of any name or nature, but are confidently recommended, and may be taken with perfect safety for all kinds of Humors, Fevers, Biliousness, Jaundice, Sour Stomach, Dizziness, Heartburn, Indigestion, Dyspepsia, Sick Headache, Whooping Cough, Colds, Coughs, Stomach and Pleurisy, Asthma, Heart Disease, Pleurisy, Piles, Running Sores, Stoppage of Menstrues, Measels, Kidney and Gravel Complaints, Consumption, Spitting of Blood, Bronchitis, Erysipelas, and all impurities of the Blood. All admit so effectual a remedy for Dropsy never was known. If your liver is torpid and inactive, if you are troubled with the jaundice only try our medicines, be cured and believe. Ladies in the throes of life will find in them just what they want. Young ladies in particular should never be without them, they are what they want at this critical period. Mothers should see to this and provide their daughters with them. Children crying their little lives away while worms eat up their vitals, may be cured, their tormentors killed and driven away by the timely use of these effectual medicines.

JOYFUL NEWS For the Afflicted!

We do not pretend to offer them to the public as a perfect cure for every disease, which every intelligent mind knows is out of the question. We only wish to make known what they will positively do and no more. Therefore we submit this statement to those who are willing at least to make a trial; their judgment we sagaciously await, know it must be the same as thousands have already given. We wish to inform all that our medicines are prepared with great care, especially for family use, and are so admirably calculated to preserve health, remove disease and restore nature to its own state that no family should be without them. These medicines are carefully compounded upon scientific principles by those thoroughly acquainted with the medicinal properties of each article used, as well as the effect the combination will have on the system, consequently we feel safe in recommending our medicines with the greatest confidence. It has become an undeniable fact that when the system has become infected with malignant diseases seated in either the nervous, muscular or glandular parts of the body, it can only be made healthy by cleansing the blood; and this done the disorder lets go its hold and nature resumes her original standing. No medicine that does not therefore strike at this, the root of all diseases, cannot nor should not have any claim to public attention. The blood is the grand consideration, then it becomes the duty of the strong as well as the weak and unhealthy, to guard well this part on which so much of our comfort depends. No one should neglect, especially in the spring of the year, to take a few bottles of the No. 2 Bitters and No. 1 Syrup, which will extract the water and purify the blood, regulate the bowels, increase the appetite, and renovate the system.

For sale everywhere at 50 cents per bottle. Manufactured by G. GATES, SON & CO., Middleton, Annapolis Co., N. S. Sept. 17.
