At Dartmouth there was quite a fire on Sunday morning, destroying Lawlors' Bakery and greatly injuring the house adjoining. The steam Fire engine did excellent service by sending two powerful streams of water and extinguishing the fire in a few minutes.

Mr. H. Wilkins, a laborer, residing at Lowry Mines, recently received the very pleasant intelligence that he had fallen heir to a very valuable estate in Essex County, England, comprising 800 acres of land.

The Government have determined to enlarge the engine house at Truro station, so that it will accommodate six more locomotives than at present. An addition of 75 feet is also to be built to the freight shed, and a new coal shed is to be built.

SOMETHING THAT IS NOT GENERALLY KNOWN OUTSIDE THE CITY.—John Nash & Co., 77 & 79 Brunswick Street, Halifax, N. S., are manufacturing Soda Water, Aerated Lemonade, Ginger Ale, Sarsaparilla and Ginger Beer, which they will ship safely packed to any address for \$1.00 per dozen and allow 60cts. for returned empties, which makes the Beer only 40cts. per dozen. ELEGANT HAIR is woman's crowning beauty. When it fades she fades as well. While it is kept bright, her personal attractions are still maintained. By preserving the hair fresh and vigorous a youthful appearance is continued through many years. Those who grieve over their fading hair turning gray too early, should know that Ayer's Hair Vigor prevents it, and restores gray or faded hair to its natural color. It is a clear and healthful preparation, containing neither oil, dye, nor anything deleterious, and imparts to the scalp what is most needed—a sense of pleasant and delightful freedom from scurf or dandruff.—Nem Berne (N. ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c. Price \$1.00 per bottle; six bottles for \$5.00. Brown & Webb; and Forsyth, Sutcliffe & Co., Halifax, Wholesale Agents. Nov. 6. 2 ins.

DIPHTHERIA has for a long time been very prevalent and very fatal. Its fatality seems to be greatly owing to neglecting what is supposed to be an ordinary cold or sore throat until it has progressed to its last stages, and then when medical aid is procured it has often been found to be too late. From the fatality attending this disease every family should keep a suitable remedy on hand and use it on the first appearance of sore throat. A preparation called DIPHTHERINE has been placed before the public. It is the discovery of an English Physician and has been regarded where it is used to be an infallible remedy for that disease. To place it within the reach of all it is put up in

bottles with full directions, and sold by Druggists and Dealers in medicines at the low price of 25 cents a bottle.

FROM PROFESSOR LAWSON. Secretary Central Board of Agriculture of Nova Scotia, Dalhousie College, Halifax, May 6th, 1879.

DEAR SIR, I am glad to hear that you are about to resume the agency for the North British Co.'s "Nutritious Condiment," originally introduced by you in 1872. It was then well appreciated by horsemen, cattle feeders and dairymen in this Province, and the animals shown at the Provincial Exhibition in October 1874, for the special prizes offered by you, were very creditable and attracted much attention.

I am, dear sir, Yours truly, GEORGE LAWSON. George Fraser, Esq.

This is to certify that for many years past I have known the North British Cattle Food Co.'s Nutritious Condiment to be used extensively in London, Liverpool, Manchester, Edinburg, and Glasgow, and in every instance it has proved itself to be a most useful article, in fact "the only one that I know of that can be relied upon." It was used largely amongst the horses of my own regiment during the late epidemic. It is an invaluable preventative in both horses and cattle of colic and febrile diseases, so common in spring and autumn. At the Exhibition of the Royal Agricultural Society of England, held at Swansea in 1872, numbers of the owners of cattle who obtained prizes, acknowledged "that it was due to the effects of this Condiment."
