

THE NUTRITIOUS CONDIMENT FOR HORSES & CATTLE.

Important to every man who keeps a Horse, Cow, Ox, Pig, Sheep or Poultry.

THE NORTH BRITISH CATTLE FOOD COMPANY.

Depots at LONDON, DUBLIN, GLASGOW, MONTREAL, and HALIFAX, N. S.

Gold Prize Medal. Awarded, London Exhibition, 1882. The best and most economical Food for Horses and Cattle in existence.

The Nutritious Condiment is used in the Stables of Her Majesty the Queen, H. R. H. the Prince of Wales, the Nobility and Gentry of Great Britain, and the principal Crowned Heads of Europe.

ADVANTAGES DERIVED FROM THE USE OF THE NUTRITIOUS CONDIMENT.

- 1. It insures perfect digestion. 2. It creates a healthy, natural appetite. 3. It makes pure blood. 4. It expels humors, cures scratches, galls, and sore back. 5. It will put horses in good, firm flesh. 6. It infuses new life and vigor. 7. It gives a fine, soft skin and smooth coat. 8. It disinfects the contents of the stomach, sickens worms so they lose their hold and pass away. 9. It prevents and cures colic. 10. Horses will shed their coats more quickly and easily. 11. It cures colds and influenza. 12. It prevents over-heating in warm weather. 13. It enables horses to work with less fatigue. 14. Cows will be equally improved in health and appearance, and give more and richer milk. 15. It will put a horse in condition when other means fail. Every Domestic Animal (including Poultry) should have it.

It reduces the cost of Feeding on the old system 25 to 30 per cent!

FROM PROFESSOR LAWSON, Secretary Central Board of Agriculture of Nova Scotia,

Dalhousie College, Halifax, May 6th, 1879.

DEAR SIR, I am glad to hear that you are about to resume the agency for the North British Co.'s "Nutritious Condiment," originally introduced by you in 1872. It was then well appreciated by horsemen, cattle feeders, and dairymen in this Province, and the animals shown at the Provincial Exhibition in October 1874, for the special prizes offered by you, were very creditable and attracted much attention.

I am, dear sir, Yours truly, GEORGE LAWSON. George Fraser, Esq.

Halifax, 7th May, 1879. This is to certify that for many years past I have known the North British Cattle Food Co.'s Nutritious Condiment to be used extensively in London, Liverpool, Manchester, Edinburgh, and Glasgow, and in every instance it has proved itself to be a most useful article, in fact "the only one that I know of that can be relied upon." It was used largely amongst the horses of my own regiment during the late epidemic. It is an invaluable preventative in both horses and cattle of colic and febrile diseases, so common in spring and autumn.

At the Exhibition of the Royal Agricultural Society of England, held at Swansea in 1872, numbers of the owners of cattle who obtained prizes, acknowledged "that it was due to the effects of this Condiment."

ACKNOWLEDGEMENT AND INTIMATION.

We desire to intimate to considerate friends our appreciation of the communications and expressions of sympathy received, for loss sustained by fire on 20th, and to inform them and the public generally, that a small engine, with temporary shafting led to a few machines, has been fitted in our establishment, in order to promptly execute any orders with which we may be favored; also, to assure those with whom we have contracted for the performance of work, that all obligations entered into will be respected and adhered to.

Plumbing, Steam-fitting, Roofing and Copper-smiths' departments, also Smelting Furnace, are unimpaired; and we will soon be in a position to announce full resumption in all departments of our business.

JOYFUL NEWS

For the Afflicted!

Port George, Annapolis, N. S., June 12, 187

C. GATES SON & CO.,

Gentlemen,—In the Autumn of 1877, my little boy, about two years old, was in very ill health on account of Worms, which destroyed his appetite and made him peevish and poor; the strongest symptoms of the disease being starting out of a sound sleep and crying loudly. I had never previously used your medicines for any complaints to which children are subject, but concluded to try them in this case. I administered your No. 1 Syrup according to directions, with amazing results. One symptom after another disappeared before it; it carried off Worms four or five inches long, and when only two bottles had been taken, "a perfect cure" was effected. In March last, I gave the little fellow two bottles of your No. 2-Bitters as a Spring Medicine to purify his blood, he having been ailing on account of impurities therein. It cleared his blood, built him up, so that he increased in health and strength in a very short time, and ever since he has been well and hearty. I may also say two swallows (and not large ones either) of your No. 1 Syrup before mentioned cured me in about fifteen minutes of a very bad cramp and pain in the stomach, such as I never experienced before or since. I can state further that I have seen your Acacia Liniment applied to cattle for the cure of claw distemper (so-called) with most astonishing results. A gentleman of my acquaintance had a pair of oxen severely crippled by this terrible complaint, but by the use of five or six bottles of the Liniment aforesaid, a cure was effected in about ten days. I helped apply the medicine myself and know it to be a fact. I am quite sure no Liniment or other preparation in this country could have done so much in a similar case as this Liniment did. I have used your Nerve Ointment with complete success for the cure of sore teats in cows; there is nothing I ever tried or heard tell of that will cure them so quick.

Yours with gratitude. ISAAC B. SPINNEY. Sworn to at Wilnot before me, the undersigned, June 13th 1878. WALLACE PHINNEY, J. P. Mar 5.

Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Tetter, Salt Rheum, Scald Head, Ringworm, Ulcers, Sores, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhoea, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Stillingia, Mandrake, Yellow Dock—with the Iodides of Potassium and Iron, and is the most efficacious medicine yet known for the diseases it is intended to cure.

Its ingredients are so skillfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is still so effectual as to purge out from the system those impurities and corruptions which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which prominent physicians all over the country repose in it, prove their experience of its usefulness.

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.

PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists. SOLD BY ALL DRUGGISTS EVERYWHERE. BROWN & WEBB, Halifax, Dec. 11. 1y. Wholesale Agents,

PRESERVE

RESTORE YOUR HORSES,

BY THE USE OF

DR. WOODBURY'S

Horse Liniment

It is a desideratum, the want of which has long been seriously felt by proprietors of horses. All persons who are so situated as to be compelled to keep their horses stabled, know how difficult it is to prevent their feet from becoming feverish, dry, and contracted, with all the innumerable evils attendant on stabling, high feeding, and driving over hard roads.

To all owners of horses so situated, the Proprietor of this Liniment confidently offers it as THE REMEDY, both as a preventive and cure.

Its action is to remove fever and dryness, thereby causing the hoofs which have become hard and brittle, to be softened and elastic, and promotes the rapid growth and full development of soft new hoof in such a manner, as can be best appreciated by being witnessed.

Its beneficial effects are so prompt and decided, as frequently to very far exceed the anticipations of the most sanguine—to excite their admiration—and secure their highest confidence. All horses that are stabled, should have an application of this Liniment to the hoofs of the fore feet, once in every two or three weeks, to prevent their becoming feverish, dry, brittle, hard, contracted, or otherwise injured.

Horses that are foundered, or whose hoofs are contracted, or in any way diseased, should have this Liniment applied to every part of the hoof, every third or fourth day. The more inveterate the case, the more frequent should be the application; and in cases of long standing, should be continued for a sufficient length of time for the old or diseased hoof to become softened, and the growth of the new fully developed.

The Liniment should be applied to every part of the hoof, and rubbed gently into the hair around the upper part of the hoof. It can be best applied with a small brush. While this Liniment is

The only Decidedly Reliable Remedy Known

For all affections of the Horse's Hoof, it is equally efficacious in the removal of

Splints Curbs, Bog Spavins,

and in all cases of Bruise or Strain in the Joints—or Tendons, and enlargements of any and every description, and given internally, will promptly relieve and remove any and every character of

COUGH, ENLARGEMENT OF THE GLANDS, AFFECTIONS OF THE KIDNEYS, &c.

And in our prevailing Horse Distempers, given in doses of a table spoonful, two or three times a day; it is, infallibly,

THE REMEDY!

A Cough which cannot be removed by this Liniment, may be considered incurable. For Coughs, Enlargements of the Glands, or Affections of the Kidneys, give a table spoonful night and morning in their feed.

For Splints, Curbs, Bog Spavins, or Enlargements of any kind, apply it freely to the part, night and morning, until it blisters, which will be readily known by sweating or weeping of the part, which will soon dry, and form a thick scurf or band; allow this to remain until it falls off or rubs off quite easily, which will be in from six to ten days; and then if the enlargement be not entirely removed, repeat the application as before.

As the Proprietor of this Liniment is quite aware of the many worthless nostrums offered to the public at the present time, he would beg to say, that all articles manufactured by him are strictly WARRANTED to effect that for which they are recommended, when used according to directions. Use this preparation thoroughly, for all and every disease of the Horse for which it is recommended. Criticise it closely. Carefully watch, mark, and note its effects; and honestly judging it on its merits, you will be compelled to endorse the sentiment, that NO STABLE SHOULD BE WITHOUT IT.

It is put up in Four Ounce Bottles, at 45 cents per Bottle.

A liberal discount to the Wholesale Trade. J. WOODBURY, M.D., Proprietor. Middleton, Annapolis Co., N. S.

BROWN & WEBB, Wholesale Agents. On sale at BROWN BROS., Halifax, and by Druggists and Grocers generally throughout the province.
