

INVALIDS, do you wish to gather flesh to acquire an appetite, to enjoy a regular habit of body, to obtain refreshing sleep to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman of Toronto, and in a short time you will feel the whole system invigorated and strengthened. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations. And combined as it is with fine sherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty, as it stanches and seldom requires more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop and Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money. Sold by all Medicine Dealers.

Deaths.

At Scott's Bay, on the 15th Feb., Mr. William Steele, after a long and painful illness, aged 73 years.

At Lake George, Yarmouth Co., Bessie Scovill, aged 14 years. She united with the church 12 months ago, and has maintained a consistent walk. Her end was peace.

At Westport, Feb. 14th, Hattie, only daughter of Geo. W. and Jane Denton, aged 14 years and 5 months. During her sickness, she was patient and trustful; in death she was triumphant.

On the 20th Feb., on Windsor Road, Louisa, wife of Mr. Isaiah Stevens, in the 32nd year of her age, leaving a husband and two little children to mourn their sad loss.

At Clarence, Annapolis Co., Feb. 12th, Mrs. Susan Starratt, widow of Mr. Jos. Starratt, aged 73 years.

At Cavendish, P. E. I., on Feb. 20th, of brain fever, Mable, aged one year and 10 months, only daughter of Walter and Martha Simpson.

And the mother gave in tears and pain, She knew it would live and bloom again, In the fields of light above.

On the 7th inst., at Country Harbor, Guysboro' Co., Adelia Caroline, wife of David Fenton, and daughter of Reuben and Julia Ann Salsman, in the 25th year of her age. Our sister professed faith in Christ and was baptized about four years ago, by Rev. L. M. Weeks. Her life was consistent with the profession she had made. She died triumphant in the Lord.

"Welcome to the pearly portal, Ever more a welcome guest; Welcome to the life immortal, In the mansions of the best.

Mrs. Ann Chipman, relict of John H. Chipman, died at her late residence, Lawrence town, N. S., Feb. 21, 1879, aged 86 years. She was formerly the widow of Christopher K. Prince, and daughter of the late George Johnston, Esq., of Wolfville, N. S. Sister Chipman experienced religion upwards of 60 years, and was buried with Christ in baptism, about 40

years ago, by Bro. Videto, during a great outpouring of the Spirit of God in Paradise, where she united in church fellowship, and remained a member until the time of her death. Although sister C. could not, owing to advanced age, be often with her brethren and sisters in God's house yet she was strong in faith waiting on her Divine Lord and Master, until he came and took her up higher. The occasion of her death was improved by the writer, assisted by the Rev. M. Achilles. May God bless and save all the mourners. "Christian Visitor" please copy. J. C. B.

At Truro, on the 27th ult., of Diphtheria, Arthur Crawley Goucher, fourth son of Rev. J. E. Goucher, aged 10 years.

Feb. 23rd, after a long illness, borne with much fortitude, and with beautiful submission to the Divine will, Mary Alice, aged 32 years, beloved wife of W. Edwin Eaton, of Sheffield Mills, and eldest daughter of P. M. Brechin, Esq., of Canard. Beloved by all her friends, her removal by death causes them bitter sorrow. In 1871 she united with the 1st Cornwallis Baptist Church, of which she continued an esteemed member until her death. In sickness and in death she found great peace and comfort, in the Lord Jesus. And her friends will long remember how grace sustained her in the days of darkness. A great company followed the remains to the grave. — Com.

At Lower Economy, Feb. 24th, Elizabeth, wife of Samuel Thompson, aged 39 years. About six months ago this dear sister obtained a good hope through grace. Hoping that her husband would soon be brought to profess Christ before the world she did not then offer herself for baptism, but told him she was prepared to obey the Saviour's command at any time. While she thus lingered, saying, "What shall this man do?" God called out of heaven and said, "What is that to thee, follow thou me," and peacefully the spirit took its flight to be forever with the Lord. She leaves a husband, 6 small children, and father and mother, brothers and sisters and a large circle of friends and relations to mourn. The funeral services were preached by the Rev. Mr. Rose, (Congregationalist) from Eccl. xii. 7. R. T.

At Horton Landing, Feb. 25th, Eupheria, widow of the late Eliphalet Fuller, aged 78 years.

On the 24th inst., Mary Glover, in the 84th year of her age.

On Friday, James Walsh, in the 70th year of his age.

At Pictou, on the 23rd ult., Barbara wife of T. M. Portocous, and daughter of the late Donald McKay, Esq., of Hardwood Hill, aged 35 years.

At East River, St. Mary's, on February 10th, Mary McEain, widow of the late Angus Cameron, aged 85 years.

At West River Station, on Feb. 9th, John McLean, aged 48 years. Also, on February 13th, Duncan McLean, aged 51 years. Both sons of the late Mr. John McLean.

At River John, on the 16th ult., of diphtheria, Irene, youngest daughter of William and Deborah Hamilton, aged 13 years.

At Little Harbor, on the 17th ult., Isabella McKenzie, widow of the late Alex. Reid, aged 70 years.

At Five Islands, Feb. 13th, R. M. Davison, widow of the late Capt. Samuel T. Davison, in the 70th year of her age, for many years a consistent, faithful and devoted member of the Baptist Church. Like Simeon of old had she lived to see the salvation of God come to her two daughters and their husbands, who are all consistent members, the two husbands being two of the four Deacons of the church of which she was a member. The righteous are held in everlasting remembrance.

At Five Islands, Feb. 25th, Melinda Marsh, aged 20 years, eldest daughter of Joseph Marsh. Over two years ago her mother was killed by accident, since then she has had the care of her father's house, who, with his sons, are now left without a housekeeper, except a surviving daughter 8 years old. May the Lord care for them.

At Five Islands, March 1st, 1879, Eliza McBurnie, aged 32 years, daughter of William H. and Mary McBurnie.

JOYFUL NEWS For the Afflicted!

Port George, Annapolis, N. S., June 12, 1878. C. GATES SON & Co.— Gentlemen.—In the Autumn of 1877, my little boy, about two years old, was in very ill health on account of Worms, which destroyed his appetite and made him peevish and poor; the strongest symptoms of the disease being starting out of a sound sleep and crying loudly. I had never previously used your medicines for any complaints to which children are subject, but concluded to try them in this case. I administered your No. 1 Syrup according to directions, with amazing results. One symptom after another disappeared before it; it carried off Worms four or five inches long, and when only two bottles had been taken, "a perfect cure" was effected. In March last, I gave the little fellow two bottles of your No. 2 Bitters, as a Spring Medicine to purify his blood, he having been all along on account of impurities therein. It cleansed his blood, built him up, so that he increased in health and strength in a very short time, and ever since he has been well and hearty. I may also say two swallows (and not large ones either) of your No. 1 Syrup minutes of a very bad cramp and pain in the stomach, such as I never experienced before or since. I can state further that I have seen your Acacia Luliment applied to cattle for the cure of claw distemper (so-called) with most astonishing results. A gentleman of my acquaintance had a pair of oxen severely crippled by this terrible complaint, but by the use of five or six bottles of the Luliment aforesaid, a cure was effected in about ten days. I helped apply the medicine myself, and know this to be a fact. I am quite sure no Luliment or other preparation in this country could have done so much in a similar case as this Luliment did. I have used your Nerve Ointment with complete success for the cure of sore teats in cows; there is nothing I ever tried or heard tell of that will cure them so quick.

Yours with gratitude, ISAAC B. SPINNEY.

Sworn to at Wilmot before me, the undersigned, June 13th, 1878.

PRESERVE AND RESTORE YOUR HORSES, BY THE USE OF DR. WOODBURY'S Horse Liniment

It is a desideratum, the want of which has long been seriously felt by proprietors of horses. All persons who are so situated as to be compelled to keep their horses stabled, know how difficult it is to prevent their feet from becoming feverish, dry, and contracted, with all the innumerable evils attendant on stabling, high feeding, and driving over hard roads. To all owners of horses so situated, the Proprietor of this Liniment confidently offers it as **THE REMEDY**, both as a preventive and cure.

Its action is to remove fever and dryness, thereby causing the hoofs to become hard and elastic, and promotes the rapid growth and full development of soft new hoof in such a manner, as can be best appreciated by being witnessed.

Its beneficial effects are so prompt and decided, as frequently to very far exceed the anticipations of the most sanguine—to excite their admiration—and secure their highest confidence. All horses that are stabled, should have an application of this Liniment to the hoofs of the fore feet, once in every two or three weeks, to prevent their becoming feverish, dry, brittle, hard, contracted, or otherwise injured.

Horses that are foundered, or whose hoofs are contracted, or in any way diseased, should have this Liniment applied to every part of the hoof, every third or fourth day. The more inveterate the case, the more frequent should be the application; and in cases of long standing, should be continued for a sufficient length of time for the old or diseased hoof to become softened, and the growth of the new fully developed.

The Liniment should be applied to every part of the hoof, and rubbed gently into the hair around the upper part of the hoof. It can be best applied with a small brush. While this Liniment is

The only Decidedly Reliable Remedy Known.

For all affections of the Horse's Hoof, it is equally efficacious in the removal of **Splints, Curbs, Bog Spavins,** and in all cases of Bruise or Strain in the Joints or Tendons, and enlargements of any and every description, and given internally, will promptly relieve and remove any and every character of **COUGH, ENLARGEMENT OF THE GLANDS, AFFECTIONS OF THE KIDNEYS, &c.**

And in our prevailing Horse Distempers, given in doses of a table spoonful, two or three times a day; it is, infallibly,

THE REMEDY!

A Cough which cannot be removed by this Liniment, may be considered incurable. For Coughs, Enlargements of the Glands, or Affections of the Kidneys, gives a table spoonful night and morning in their feed.

For Splints, Curbs, Bog Spavins, or Enlargements of any kind, apply it freely to the part, night and morning, until it blisters, which will be readily known by sweating or weeping of the part, which will soon dry, and form a thick scurf or band; allow this to remain until it falls off or rubs off quite easily, which will be in four or six to ten days; and then if the enlargement be not entirely removed, repeat the application as before.

As the Proprietor of this Liniment is quite aware of the many worthless nostrums offered to the public at the present time, he would beg to say, that all articles manufactured by him are strictly **WARRANTED** to effect that for which they are recommended, when used according to directions. Use this preparation thoroughly, for all and every disease of the Horse for which it is recommended. Criticize it closely. Carefully watch, mark, and note its effects; and honestly judging it on its merits, you will be compelled to endorse the sentiment, that **NOSTRUMS SHOULD BE WITHOUT IT.**

It is put up in Four Ounce Bottles, at 45 cents per Bottle.

DR. HALL'S ELECTRIC BELTS.

For the cure of all nervous diseases, without the least derangement of the patient's habits or daily occupation. This appliance exerts powerful and beneficial influence throughout the whole frame; is applicable to either sex, and affords instantaneous relief in the following diseases: **RHEUMATISM, NEURALGIA, DYSPEPSIA, LUMBAGO, GENERAL DEBILITY, HEADACHES, DIZZINESS, IMPOTENCY, SPERMATORRHOEA, SEXUAL EXHAUSTION, SELF ABUSE, PREMATURE DECAY, &c.**

These Belts are the result of the most profound research and experiment in Electro-Therapeutics, and by their peculiar construction, a continuous "galvanic current" is generated, which permeates the whole frame, and especially envelops the suffering parts with its gentle influence. This current assimilates closer to the NERVOUS FLUID than any thing known to Medical Science—hence its potency as a curative agent.

Most especially is the application of Electricity in this form beneficial to those disorders arising from youthful indiscretion, sexual excess or dissipation of any kind, whereby the pro-creative powers are lessened and impotency threatened. No false delicacy or sense of shame should prevent the sufferer, subject to restless nights, night-mare, dreams, palpitation of the heart, neuralgia, dimness of sight, and other symptoms, of nervous and physical debility, applying to the undersigned for relief.

These Belts are light, perfectly flexible, and easily adjusted, all of which, together with their cheapness, renders them superior to any other form, for the application of Electricity, medically.

—\$50,147 of these belts were sold in Europe in the year 1876.

"Electricity is Life," And no remedy can be compared to it for the treatment of IMPOTENCY and loss of nervous vitality. This Belt is recommended by the most eminent physiologists of this country and Europe.

"Ingenuous, wonderful—a death blow to the old system of drugging."—London (Eng.) Lancet.

"You have perfected a great blessing on suffering humanity."—Dr. Richardson, London, Eng.

"Wonderful for the restoration of exhausted vitality."—Dr. Ferrior, London, Eng.
