

Mr. & Mrs. Dargie of Dalhousie met with an accident on Wednesday last. By some means the horse they were driving shied and Mrs. Dargie was thrown from the carriage on a pile of rocks. The bones of her shoulder are broken, besides sustaining a severe shock to her system.

The NUTRITIOUS CONDIMENT is pronounced "the best thing" in existence for Horses and Cattle on or off grass.

THE PRINCE OF LOBSTERS.—A correspondent, writing from Bayfield, says: One of our fishermen took out of his salmon net a lobster of the following dimensions: length across the claws 2ft. 6 inches; length of the body about 1ft. 9 inches, while the weight was 10 pounds strong. After five men had done ample justice to this fish the fragments were gathered up for another meal.

On Thursday morning some 200 children belonging to the Milton, Queens, Baptist Sunday School, started in 25 teams for Beach Meadows, on a picnic excursion. While turning a corner rapidly one waggon upset, the occupants were thrown out with great violence and the following injuries sustained: Katie Freeman, 10 years old, left arm badly broken below the shoulder; Frank Freeman, 14, collar broken; Clara Freeman, 9, badly cut about the head; Harry Freeman, badly hurt on the hip; Samuel Mack, Willie Shields, Miss Telfer and Miss Chandler, badly bruised; Robie Ford, shoulder dislocated; and the other occupants of the waggon badly shaken.

At Cape Anquet, C. B., on Wednesday week, a house was struck by lightning, and a boy, named Goyeche, killed.

The relaxing power of Johnson's Anodyne Liniment is almost miraculous. A gentleman whose leg was bent at the knee and stiff for twenty years had it limbered by its use, and the leg is now as good as the other.

The evil consequences resulting from impure blood are beyond human calculation, so are the vast sums expended in worthless remedies. Parsons' Purgative Pills make new rich blood, and taken one a night for three months will change the blood in the entire system.

HERRING COVE, Halifax, Co., N. S., May 24, 1879.—I had for nearly two years suffered severely with pain in my breast and side, resulting from a severe cough that was supposed to be consumption. For a long time I had a swelling or lump in the lower part of my side which increased in size and painfulness until one night my sufferings were so great that it was feared I would not live until the morning, when Graham's Pain Eradicator was tried both internally and externally; the result was astonishing, it gave immediate relief and completely reduced the swelling or lump and drove it all away. For the pain in the breast and side as well as other forms of pain I have never found its equal.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure you "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c.

INVALIDS, do you wish to gather flesh to acquire an appetite, to enjoy a regular habit of body, to obtain refreshing sleep to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman of Toronto, and in a short time you will feel the wholesystem invigorated and strengthened. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations. And combined as it is with fine sherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty, as it strengthens the stomach and digestive organs, and seldom requires more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop and Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money. Sold by all Medicine Dealers. Sept. 18. eow.

The Methodist population of the world is estimated at 20,000,000, and a number of communicants at 4,489,877.

PRESERVE

AND RESTORE YOUR HORSES, BY THE USE OF DR. WOODBURY'S Horse Liniment

It is a desideratum, the want of which has long been seriously felt by proprietors of horses. All persons who are so situated as to be compelled to keep their horses stabled, know how difficult it is to prevent their feet from becoming feverish, dry, and contracted, with all the innumerable evils attendant on stabling, high feeding, and driving over hard roads.

To all owners of horses so situated, the Proprietor of this Liniment confidently offers it as THE REMEDY, both as a preventive and cure. Its action is to remove fever and dryness, thereby causing the hoofs which have become hard and brittle, to be softened and elastic, and promotes the rapid growth and full development of soft new hoof in such a manner, as can be best appreciated by being witnessed.

Its beneficial effects are so prompt and decided, as frequently to very far exceed the anticipations of the most sanguine—to excite their admiration—and secure their highest confidence. All horses that are stabled, should have an application of this Liniment to the hoofs of the fore feet, once in every two or three weeks, to prevent their becoming feverish, dry, brittle, hard, contracted, or otherwise injured. Horses that are foundered, or whose hoofs are contracted, or in any way diseased, should have this Liniment applied to every part of the hoof, every third or fourth day. The more inveterate the case, the more frequent should be the application: and in cases of long standing, should be continued for a sufficient length of time for the old or diseased hoof to become softened, and the growth of the new fully developed.

The Liniment should be applied to every part of the hoof, and rubbed gently into the hair around the upper part of the hoof. It can be best applied with a small brush. While this Liniment is

The only Decidedly Reliable Remedy known

For all affections of the Horse's Hoof, it is equally efficacious in the removal of

Splints, Curbs, Bog Spavins,

and in all cases of Bruise or Strain in the Joints or Tendons, and enlargements of any and every description, and given internally, will promptly relieve and remove any and every character of

COUGH, ENLARGEMENT OF THE GLANDS, AFFECTIONS OF THE KIDNEYS, &c.

And in our prevailing Horse Distempers, given in doses of a table spoonful, two or three times a day; it is, infallibly,

THE REMEDY!

A Cough which cannot be removed by this Liniment, may be considered incurable. For Coughs, Enlargements of the Glands, or Affections of the Kidneys, give a table spoonful night and morning in their feed.

For Splints, Curbs, Bog Spavins, or Enlargements of any kind, apply it freely to the part, night and morning, until it blisters, which will be readily known by sweating or weeping of the part, which will soon dry, and form a thick scurf or band; allow this to remain until it falls off or rubs off quite easily, which will be in from six to ten days; and then if the enlargement be not entirely removed, repeat the application as before.

As the Proprietor of this Liniment is quite aware of the many worthless nostrums offered to the public at the present time, he would beg to say, that all articles manufactured by him are strictly WARRANTED to effect that for which they are recommended, when used according to directions. Use this preparation thoroughly, for all and every disease of the Horse for which it is recommended. Criticise it closely. Carefully watch, mark, and note its effects; and honestly judging it on its merits, you will be compelled to endorse the sentiment, that NOSTABLE SHOULD BE WITHOUT IT.

It is put up in Four Ounce Bottles, at 45 cents per Bottle.

A liberal discount to the Wholesale Trade. J. WOODBURY, M.D., Proprietor. Middleton, Annapolis Co., N. S.
