

"Oh how sweet it will be in that beautiful land. So free from all sorrow and pain, With songs on our lips, and harps in our hands To meet one another again."

Your brethren in Christ, W. H. WARREN. W. A. J. BLAKENEY. J. C. BLAKENEY. BENJAMIN MILLER. F. BEATTIE. J. E. BLAKENEY. Wm. E. HALL. T. A. HIGGINS. J. H. ROBBINS.

Mr. Brown made a very appropriate reply. Each of the ministering brethren present then followed with a short extemporary address. Brethren Wm. H. Balcom and Asa T. Morse followed with remarks of an affectionate character. Bro. Haddon Balcom recited a piece in good taste entitled "The Parting Hour."

Bro. Brown said that when they left England they purposed returning in five years, but since that time he and Mrs. Brown had decided to remain in Paradise, N. S., until they left it for the Paradise on high. But they had again to reverse this decision and return. He regretted that we must part but wished us to bear in mind that we should meet again.

The exercises were interspersed by appropriate pieces of music finely executed by the choir. Closed with prayer by the pastor. EDWARD J. MORSE, Sec.

RELIGIOUS INTELLIGENCE.

NORTH RIVER, P. E. I., August 22nd, 1879.—Sau Ah-Brah has been lecturing every evening this week to large and attentive audiences on this island. In many cases the people cannot be accommodated in the houses, and the windows are opened to enable those outside to see, hear and enjoy these popular and instructive lectures.

The feeling after listening, is one of great satisfaction; because you carry away a most vivid conception of life in Burmah. He is amusing throughout, at the same time, the spirit which he breathes upon his audience is that which declares him a man of God. He is not only deeply anxious to give the gospel to the heathen himself; but is increasing the interest of others in that blessed enterprise also.

NEW GLASGOW, Sept. 1st, 1879.—Dear Bro. Selden,—Doubtless your readers will be gratified to know that God is still blessing our interest in New Glasgow, that souls have been converted, that others have come into fellowship with New Testament ordinances and that a spirit of enquiry is being awakened, touching the ordinances as we have received them. I had the pleasure of spending yesterday with this people, and seeing our Brother McGregor bury in Baptism, five willing converts. I had the privilege of breaking to them the bread of life, and of participating with them in communion. In my heart the thought welled up, What hath God wrought!

This little interest watered by the prayers of God's people appears to be striking its roots and spreading its branches, and the present outlook is a hopeful one. With a judicious pastor there is little doubt but they will be led into a large place. It is a matter of regret that Bro. McGregor is about leaving to resume his studies at Newton. May God direct some one of his servants equally pious earnest and devoted to carry on the work.

Yours truly, F. BEATTIE.

NEW BRUNSWICK ITEMS.—St. Stephen Rev. J. T. Eaton, for three years pastor of the Union Street Baptist Church, preached his farewell sermon on Sunday evening, taking as his text Romans xiv, part of 10th verse; "For we shall all stand before the judgment seat of Christ." During his residence in St. Stephen, Mr. Eaton has won his way to the hearts of all with whom he came in contact, and his departure is a source of universal regret. The congregation has extended a call to the Rev. Thomas Todd, of Moncton.

UNITED STATES.—San Francisco has been under great excitement, occasioned by Charles DeYoung shooting Rev. I. S. Kallack on Tuesday last. They were rival candidates for the mayoralty, and indulged in violent personal abuse of each other and their antecedents. The question between the two parties is that of encouraging Chinese immigration. Kallack is called the Workingmen's candidate in opposition to employing Chinese labor. He was formerly minister at the Tremont Church, Boston. His career has been of a very doubtful character. At last advice he was still living, but it is doubtful if he will recover.

Lieutenant-Commander Goringe sailed from New York last week for the purpose of bringing Cleopatra's Needle from Egypt to New York. It will be shipped from Alexandria as regular freight. On Sunday, the 24th ult., a mob released a murderer named Cowan from jail at Austen, Miss. The citizens rallied and fought the mob, killing and wounding some and capturing one, who revealed the names of his comrades. Gowan escaped.

Notes.

The boat race between Wallace Ross, a New Brunswick man, and Warren Smith of Halifax, N. S., which was to have taken place on Tuesday last on Bedford Basin, attracted vast crowds of people to Halifax from St. John, N. B., and other places. The wind and weather being unfavorable, the race was put off from day to day. Most of the people returned to their homes disgusted, after waiting two or three days. The hotel keepers profited largely by the affair. Monday being fine the water was sufficiently smooth and it came off about 6 o'clock in the afternoon, in the presence of about 5,000 people, Smith beating Ross easily by about two boats length. These contests and their surroundings are very demoralizing and become a perfect nuisance. Another great race for \$1000 a side between Warren Smith and Evan Morris from the United States is advertised to come off on Bedford Basin on the 16th.

A lad named Doyle disappeared on Thursday last. It is said he was pitched over Tully's wharf. Search has been made for him, but without success.

His Excellency Lieutenant General Sir Patrick L. Macdougall and lady; His Honor Lieutenant Governor Archibald and daughter, and Mr. Sanford Fleming, C. E., returned from England by mail steamer on Friday last.

Kings County has had three large gatherings of people during the past week. At Berwick the Methodist Camp meeting; at Kentville horse races, and the Teachers' Association. The first mentioned was interfered with greatly by the wet, unpleasant weather. The second was accompanied by the usual amount of drinking and profanity.

The last was a more successful and satisfactory affair. It brought together a large number of the teaching profession. In what, we believe, was found, years ago, to be the educated county in the province. The Institutions at Wolfville supplied their quota in Professor Tufts and Mr. A. F. Coldwell. The Superintendent of Education and Principal Calkin of the Normal School were also present, and delivered excellent lectures and addresses.

Two men were drowned at Tor Bay on Friday last. Their names were Angus Avery and David Pelrine. They were trying to reach the shipwreck on Gull Island.

A SUCCESSFUL PICNIC.—A brief note from Norman Hays, Esq., informs us that the members of Beacon Light Division Sons of Temperance, of Hammonds Plains, arranged to have a picnic on the 27th ult. Some twenty teams were tastefully decorated. The members with their lady friends left the hall at 1 o'clock, driving to Bedford and back to Mr. Henry Hesterstock's residence, where a most sumptuous table was provided, spread with everything that the appetite could desire. What with the beautiful day, the splendid teams, the fine drive and the different sports enjoyed after tea, may be regarded as a grand success without the aid of wine.

THE NUTRITIOUS ONDIMENT is pronounced "the best thing in existence for Horses and Cattle on our grass."

A VERY REASONABLE REQUEST.—A prophetic journal, the Christian Herald, published in London, which reports its circulation to be 150,000 copies weekly, has discovered that Prince Jerome is "the Beast of the Revelation, whose number is 666." In one part of the paper it asks the prayers of its readers for its editors, &c. They certainly need them.

Jottings from Milton, Queens Co.

Mr. Editor.—A few items from this place may be interesting to some of your readers: Milton is certainly a beautiful place, clothed in its rich summer dress, with its fine buildings, neatly laid out gardens, numerous ornamental shady trees, highly cultivated flower gardens, &c., give the whole town an attractive appearance. Then the almost entire absence of drunkenness, profanity and their accompanying evils, give this quiet locality special enticement for such as have spent a life of toil, and seek rest and peace.

Rev. P. F. Murray,—it afforded us pleasure to meet our kind friend in his really cosy pleasant home in this beautiful Milton. After spending a life of toil in the Master's service, he settles down in his old home, filled with the Master's love, and even yet going about doing good. In conversation he referred in pleasant terms to by-gone days, Revival seasons enjoyed, when "the fields were white, yet laborers few."

This good brother's congenial surroundings, so much remind one of a calm clear eventide after a day of clouds and storms and a toilsome journey over some rough road with the setting sun casting its departing rays on the waters of some placid lake reflecting the trees which have grown along its picturesque margin. Thus "bread cast upon the waters is seen after many days."

A few years ago this was a highly prosperous community, the people for the most part, procuring their gains by hard work and economy, but of late years they have been terribly gulched by heartless speculators and "wild geese men." Some who had saved up a competency for advancing age were induced to take stock in the Liverpool and Acadia Banks, which came to grief, yet these pious people bear their trials with remarkable patience, proving they are sustained by more than worldly supports.

The Sabbath School here is well conducted by Superintendent Benjamin Kempton, 187 scholars were in attendance, on a dull Sunday, good order prevailed, prompt answers to general questions. Excellent singing. This is a live school. As a result of earnest labours, large numbers from the school roll have become worthy members of the church. Church leaders would do well to foster the S. S., enterprise and encourage S. S., workers if they would see a live energetic church in our midst.

S. S. Mission Work. We have frequently referred to the importance of introducing Mission work among the young in connection with our Sabbath Schools. Children, and young people generally take a deep interest in this subject, when properly brought before them. Not only would such missionary effort prove a benefit to the cause, but our young people would grow up with a missionary spirit and with more liberal views in regard to this important work. W. J. G.

Particular attention is called to the Advertisement of the "Nutritious Ondiment" this week.

We offer no apology for frequently calling attention to Johnson's Anodyne Liniment, as it is the most valuable remedy that has ever been produced. It is a sure cure for diarrhoea, dysentery, and cholera morbus.

War, famine and pestilence all combined do not produce the evil consequences to a nation which results from impure blood in our veins. Parson's Purgative Pills make new rich blood and prevent all manner of diseases.

I had, some years ago, a very severe attack of Inflammatory Rheumatism from which I suffered for more than nine months, although under medical treatment most of that time; and only those who have been afflicted with that complaint can form an idea of what I have suffered. This winter I was again attacked in the same way only its earlier stages were more severe, and I had reason to dread a similar painful experience, until I tried Graham's Pain Eradicator using it freely both internally and externally as directed, and have been cured in two days and used but one 25 cent bottle.
