

she would restore the goods if driven to her own house. On arriving there she went into the cellar, followed by Miss Brooks, who, at the preliminary examination, to day, testified that she saw the prisoner pull the dress material from her clothes lining. The silk and other material, when handed to Miss Brooks were warm. Miss B. found in the house a table cover belonging to herself, missed since the day before New Year's day and further search brought to light several pairs of boots made at Amherst Factory; one pair of pantaloons missed from Moffat & Morris's store, six bed cords coiled, four new copies of Moody & Sankey's "Best Thoughts," and other articles. She was fully committed for trial in the June term of the Supreme Court.

Hants County is one of our large ship owning counties. The following is an extract of the shipping owned in that county:

Table with 2 columns: Quantity and Tons. Lists various vessels like 38 ships (47,437 tons), 92 barques (72,092 tons), 8 barquentines (3,893 tons), 5 brigs (1,518 tons), 47 brigantines (12,835 tons), 70 schooners (6,084 tons), 2 steamers (102 tons), 262 vessels (143,961 tons).

The new vessels built during the last year are as follows: 4 ships, 4,574 tons; 9 barques, 9,216 tons; 1 schooner, 66 tons.

There are 15 vessels now being built at different places in the county making 15,500 tons additional.

It is said that an official despatch announces that the Duke of Edinburgh accompanied by the Dutchess of Edinburgh, and a Russian fleet, commanded by a Russian Prince, will arrive during the early summer. He is to be appointed Admiral of this station. The arches at the Dockyard are being taken down and put carefully away for their reception.

Calkin Fall is the name given to a water fall in Victoria county, a remarkably fine one reported to have been discovered by Mr. D. J. McLeod.

Last week a kerosene oil lamp exploded in the house of Mr. Neil Fraser, at Granton, Middle River, and the fire which resulted from it destroyed the whole building.

The stone shed on the Common, working under the auspices of the Association for Improving the Condition of the Poor, is now open. This will at least give bread to the otherwise unemployed.

A despatch to the Reporter one day last week said the recent visits of two members of the Nova Scotia Government was in regard to the matter of the Eastern Railway extension in Nova Scotia, the result being an arrangement by which the Dominion saves the branch line, worth about a couple of millions, and by which that Province secures the completion of the line. Other topics of discussion were the renewal of the subsidy which was granted in 1869, and the distribution of the fisheries award, both of which subjects the Government promised to take into consideration.

The lovers of Flowers, if there are any not acquainted with the fact, will be glad to learn that VICK'S ILLUSTRATED MONTHLY MAGAZINE is just the work they need to render success in flower culture both easy and pleasant. It is as beautiful as it is interesting and useful. Each number, besides many engravings, contains at least one Colored Plate, the January number, now before us, has a Group of Roses, finely colored, and one representing different styles of Church and house Decoration for festive occasions. Published by JAMES VICK, Rochester, N. Y.; \$1.25 a year.

It is a dangerous thing to neglect a cough or cold or any difficulty of the throat or lungs. Lose not a moment in getting a bottle of Johnson's Anodyne Liniment. You can rely upon it to cure you. It is also a sure preventive of diphtheria.

We advise every farmer or stock raiser to invest in Sheridan's Cavalry Condition Powders and feed them out to their herds this winter. Depend upon it it will pay big interest. Don't buy the large packs as some of them are worthless.

DIPHTHERIA has for a long time, been very prevalent and very fatal. Its fatality seems to be greatly owing to neglecting what is supposed to be an ordinary cold or sore throat until it has progressed to its last stages, and then when medical aid is procured it has often been found to be too late. From the fatality attending this disease every family should keep a suitable remedy on hand and use it on the first appearance of sore throat. A preparation called DIPHTHERIN has been placed before the public. It is the discovery of an English Physician and has been regarded where it is used to be an infallible remedy for that disease. To place it within the reach of all it is put up in bottles with full directions, and sold by Druggists and Dealers in medicines at the low price of 25 cents a bottle. Sept. 4.

Shipbuilding is brisk in the village of Maitland. Within five miles there are no less than seven vessels on the stocks in a forward condition.

INVALIDS, do you wish to gather flesh to acquire an appetite, to enjoy a regular habit of body, to obtain refreshing sleep to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman of Toronto, and in a short time you will feel the wholesystem invigorated and strengthened. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations. And combined as it is with fine sherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty, as it strengthens the stomach and digestive organs, and seldom requires more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop and Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money. Sold by all Medicine Dealers.

In Sunderland, England, at her daughter's residence, Jane, relict of the late Captain Ralph Vaux, in the 73rd year of her age.

At Lower Granville, Jan'y 3rd, Mr. Michael Anthony, in the 73rd year of his age. The deceased was baptized by Rev. James Spencer, and united with the Granville Church, and continued a faithful member until God said, 'Come up higher.' Until disease laid its hand upon him he was always found at his post, and sought the welfare of the church in its days of darkness as well as in seasons of prosperity. During his illness his trust in God was unshaken and when the message came it found him ready. An attentive congregation listened to a discourse in improvement of the event by his pastor on, 'I have fought a good fight.' (Com. by Rev. F. Beattie.)

In Church Street, Cornwallis, on Friday, the 10th inst., John Marsters, Esq., at the advanced age of 97 years. He was for many years an upright and consistent member of the 1st Cornwallis Church. Being afflicted with blindness and other infirmities he was enabled to exhibit in his closing days the grace of patience in a remarkable degree. He died in great peace.

At Windsor, on the 6th inst., of diphtheria, Alberta Graham, aged 6 years.

At Windsor, on the 14th inst., Sarah, wife of George Turner, aged 34 years.

Entered into rest, Jan. 8th, after a lingering and painful sickness, which she bore with remarkable patience, Mary Ann Phinney, widow of the late William Phinney, of Paradise, Annapolis Co., aged 75 years. Her hope and confidence in Christ were strong and well founded. She frequently said, 'What are my sufferings compared with what my precious Saviour suffered for me,' and once, when prostrate with weakness, she seemed to recover her strength, and with a voice strong and clear, said with much emphasis:—

'Praise God from whom all blessings flow, Praise him all creatures here below, Praise him above ye heavenly host, Praise Father, Son, and Holy Ghost.' Blessed, indeed, are the dead who die in the Lord.

At Dartmouth, on the 15th inst., Mary Jane, third daughter of John and the late Ann Jones, aged 18 years.

Suddenly, at Kentville, on Tuesday morning, 14th January, Edith, daughter of Mr. A. McPherson, aged 11 years.

Jan. 18th, of inflammation of the lungs, John Sullivan, aged 60 years.

At Brooklyn, Queen's Co., on Tuesday, 14th inst., Mr. Joseph Dexter, aged 84 years.

At Westport, on the 5th inst., Capt. George Laffoley, aged 81 years and 3 months.

At Gerard's Island, Dec. 25th, 1878, after a short illness, Francis Gerard, in the 66th year of his age.

At New York, on the 17th inst., of diphtheria, Daniel McEwan, M. D., aged 34 years.

At Lower Steviacke, Dec. 14th., of diphtheria, Mabel J., aged 3 years 6 months and 20 days, and on Dec. 23rd, Laura A., aged 3 years 7 months and 5 days, twin children of Alexander and Lelia J. Sutherland.

At Lower Steviacke, Dec. 6th, of diphtheria, Theodore H. P., son of Wm. R. and Eliza Sutherland, aged 20 years.

At Forest Glen, Jan. 13th, of the same, Ira Darling, only child of Wm. H. and Mary H. Stevens, aged 7 months.

At Pughwash on the 1st inst. of Brain fever, and congestion of the lungs, Sophia B. daughter of Kate and Angus McDonnell, aged 21 years. In the winter of 1878, our departed sister professed faith in Jesus, was baptized by the Rev. D. W. Crandal, and united with the Church, of which she was a consistent member until her death. Being reserved in manner, it seemed a cross for her to speak in conference, being present at the last one held previous to her death, she arose with unusual freedom and spoke of her hope in Christ. She was suddenly smitten down, and became unconscious, but the day on which she died, though almost speechless, she was heard to say to her sister, watching at her side, 'Am almost Home,' and shortly after fell asleep in Jesus, deeply lamented by all who knew her.

JOYFUL NEWS For the Afflicted!

Granville, N. S., March 27, 1877.

DR. CALER GATES & Co.: Gents.—About 15 years ago I was troubled with a pain in my left side, and tried some preparations, which failed to do me good. I took a trip to New York, but grew worse after my arrival there: felt a violent pain in my forehead and directly upon my eyes, so that I could scarcely open them for a time; then I applied to a Doctor, who informed me that I had a combination of diseases, viz: Liver Complaint, Jaundice, Heart Disease, and pains in the back and shoulders. He said he could cure me, and gave me some medicine and plaster to wear on my side. I thought that I felt somewhat better for a while, but after arriving in Halifax grew worse than ever. I left that place and came home. My friends said I was too far gone to last much longer. The doctors here advised me to discontinue using the medicine I had been taking, my knee joints and other parts of my body feeling very weak; they gave me tincture of iron, but it did me but little good. At length I gave you a brief explanation of my condition, asking if your remedies would do me any good. The answer was try them if you wish to do so. I took several bottles of your Bitters and Syrup and applied your Vegetable Plaster, and got great relief in a short time, kept gaining in strength and health, and my appetite has been generally good ever since, so that I can do a good day's work and travel around as well as ever, in fact my system was so regular for a long time after, that I did not need any common purgatives. The cure is an astonishing one, even to myself, therefore after taking a view of the deplorable condition I was in, I consider it a duty which I owe to you and to my fellow men, to give the above statement, in order that it might be made public for the benefit of suffering humanity. Since then we have used your Bitters, Syrups, Certain Check, Liniment, Plaster and Ointment with perfect success. Your Syrup No. 1 we could not do without in our family, we never think of getting out of it any more than we could of flour. We have four small children and I am happy to say have not been obliged to call a doctor in for several years. Whenever they take a cold, which they do frequently, we give them a small dose of No. 1 Syrup before going to bed. In short, I can only say, for coughs, colds, headache, &c., take the No. 1 Syrup before going to bed, perhaps a little in the morning again, follow it up for a few days and you are well again. I cheerfully recommend your medicines to every family, keep it in your houses, and always in readiness, and it will save many a drive for a doctor, and large bills.

Yours respectfully, JOHN BOHAKER. Personally appeared before me, the subscriber, and testified to the above. ANDREAS BOHAKER, J. P. Dec. 4.

PRESERVE AND RESTORE YOUR HORSES, BY THE USE OF DR. WOODBURY'S Horse Liniment.

It is a desideratum, the want of which has long been seriously felt by proprietors of horses. All persons who are so situated as to be compelled to keep their horses stabled, know how difficult it is to prevent their feet from becoming feverish, dry, and contracted, with all the innumerable evils attendant on stabling, high feeding, and driving over hard roads. To all owners of horses so situated, the Proprietor of this Liniment confidently offers it as THE REMEDY, both as a preventive and cure.

Its action is to remove fever and dryness, thereby causing the hoofs which have become hard and brittle, to be softened and elastic, and promotes the rapid growth and full development of soft new hoof in such a manner, as can be best appreciated by being witnessed.

Its beneficial effects are so prompt and decided, as frequently to very far exceed the anticipations of the most sanguine—to excite their admiration—and secure their highest confidence. All horses that are stabled, should have an application of this Liniment to the hoofs of the fore feet, once in every two or three weeks; to prevent their becoming feverish, dry, brittle, hard, contracted, or otherwise injured.

Horses that are foundered, or whose hoofs are contracted, or in any way diseased, should have this Liniment applied to every part of the hoof, every third or fourth day. The more inveterate the case, the more frequent should be the application; and in cases of long standing, should be continued for a sufficient length of time for the old or diseased hoof to become softened, and the growth of the new fully developed.

The Liniment should be applied to every part of the hoof, and rubbed gently into the hair around the upper part of the hoof. It can be best applied with a small brush. While this Liniment is

The only Decidedly Reliable Remedy Known

For all affections of the Horse's Hoof, it is equally efficacious in the removal of Splints, Curbs, Bog Spavins, &c. and in all cases of Bruise or Strain in the Joints or Tendons, and enlargements of any and every description, and given internally, will promptly relieve and remove any and every character of COUGH, ENLARGEMENT OF THE GLANDS, AFFECTIONS OF THE KIDNEYS, &c.

And in our prevailing Horse Distempers, given in doses of a table spoonful, two or three times a day; it is, infallibly, THE REMEDY!

A Cough which cannot be removed by this Liniment, may be considered incurable. For Coughs, Enlargements of the Glands, or Affections of the Kidneys, give a table spoonful night and morning in their food.

For Splints, Curbs, Bog Spavins, or Enlargements of any kind, apply it freely to the part, night and morning, until it blisters, which will be readily known by sweating or weeping of the part, which will soon dry, and form a thick scab or band; allow this to remain until it falls off or rubs off quite easily, which will be in from six to ten days; and then if the enlargement be not entirely removed, repeat the application as before.

As the Proprietor of this Liniment is quite aware of the many worthless nostrums offered to the public at the present time, he would beg to say, that all articles manufactured by him are strictly WARRANTED to effect that for which they are recommended, when used according to directions. Use this preparation thoroughly, for all and every disease of the Horse for which it is recommended. Criticise it closely. Carefully watch, mark, and note its effects; and honestly judging it on its merits, you will be compelled to endorse the sentiment, that NO STABLE SHOULD BE WITHOUT IT.

It is put up in Four Ounce Bottles, a 45 cents per Bottle.

Dr. J. Woodbury's EYE WATER.

Those afflicted with Weak, Irritable, or any, and every description of SORE EYES, DEBILITY of the EYELIDS, &c., will find in this preparation a most prompt, certain, and efficient remedy. A single trial will convince the most skeptical of its merits.

Apply at bedtime, rubbing it thoroughly to the lids and corners of the eye. In mild cases, two or three applications will be sufficient; but in severe cases, or those of long standing, its use should be persevered in for several weeks.
