

THE SUPPLY DEPOT of the entire bodily economy is the stomach. There it is that the manufacture of blood goes on, and upon activity of the great digestive organ depends in a great measure the well being of the system. If its functions are interrupted by dyspepsia, biliousness and constipation supervene, the blood becomes meager in quantity and poor in quality, the appetite impaired, nervous symptoms manifest themselves, and there is a loss of flesh and vigor. As a means of stimulating and invigorating the stomach and remedying the above deplorable state of things, Northrop & Lyman's Quinine Wine may be confidently relied upon by debilitated, dyspeptic, and nervous sufferers. Not only is it a tonic of well and certain merit, but a most agreeable one. Its flavor is unexceptionable and it contains no ingredient that can prove harmful to any one using it. It proves most efficacious in remedying weakness and nervousness when the directions are strictly adhered to. As an anti-periodic, it possesses great excellence. Chills and Fever, bilious remittent fever, and the minor malarial complaints, dumb ague and ague cake, are eradicated by it, and the system fortified against their return. It is an article which bears a time-honored reputation and has proved its efficiency in numberless cases well calculated to put the remedial value of any remedy to a crucial test. Refreshing sleep, increases muscular force, a gain in flesh and mental cheerfulness are among the blessings which it confers. Intending purchasers should not forget to ask for the Quinine Wine, prepared by Northrop & Lyman, Toronto. Sold by all Druggists.

DR. J. WOODBURY'S

DINNER PILLS.

Are not offered to the public as a remedy for all diseases; but for every form of INDIGESTION,

and the innumerable train of sadly distressing diseases arising therefrom, these Pills are decidedly the most infallible remedy ever offered to the public.

For the removal of DYSPEPSIA, in all its forms, CHRONIC DISEASES OF THE LIVER, JAUNDICE, PILES, IRREGULAR ACTION OF THE HEART, &c., these Pills are emphatically The Remedy.

For that peculiar Costiveness attendant on Pregnancy, they are the only safe and proper Remedy; indeed, Pregnant Ladies should take no other.

Persons afflicted with Indigestion, very frequently suffer from the bowels remaining unmoved for two, three, four, or more days, and are then compelled to resort to a dose of some drastic, irritating purgative, which only gives a temporary relief, and the repetition of which only aggravates the disease. The Dinner Pills directly prevent the necessity for taking such injurious doses of physic, and by being taken with the food, simply act as an auxiliary to nature, slightly stimulating, and directly strengthening the Stomach and Bowels, and by continuing their daily use for a few weeks, will restore and establish the regular and healthy action of the Stomach and Bowels, giving tone to the Stomach and Liver, and consequently health and vigor to the whole system.

These Pills are strictly vegetable, and may be taken with any kind of food. Persons about to partake of rich dinners, may always secure easy, comfortable digestion, by taking a Pill when about half through with their dinner.

Persons who, from Indigestion, have become enfeebled and emaciated have been restored to health, and become fleshy, plump and vigorous, by the use of the Dinner Pills.

They should invariably be taken with the food, when about half through with the meal, either at dinner or tea; at dinner is preferable. The dose may vary from half a pill to one, one and a half, or two, just what may be found, after a day or two's experience, to produce a gentle, natural motion of the bowels, once in twenty-four hours, always commencing with the smaller dose, and increasing them until they produce the desired effect.

In obstinate cases, the use of the Dinner Pills should be continued every day, for several weeks, until a regular healthy action of the system be fully established.

While this Pill is, strictly speaking, a Dinner Pill, yet, if a dose of purgative medicine is required at any other time, they will be found all that can be desired, and in doses of from two to six, operating effectually, yet mildly, and without debilitating the Stomach or Bowels.

This Dinner Pill is prepared only by

EYE WATER.

Those afflicted with Weak, Irritable, or any, and every description of SORE EYES, DEBILITY of the EYELIDS, &c., will find in this preparation a most prompt, certain, and efficient remedy.

A single trial will convince the most skeptical of its merits. Apply at bedtime, rubbing it thoroughly to the lids and corners of the eye. In mild cases, two or three applications will be sufficient; but in severe cases, or those of long standing, its use should be persevered in for several weeks.
