

We are glad to learn that Mr. Alex. McLeod has given three valuable building lots in the South end of the city as a site for an Infants' Home.

A seaman named Albert G. Crane fell from the rigging of the brig "Como" at Pickford & Black's wharf on Monday afternoon and was instantly killed.

The steamer Barcelona, of Dundee, which left this port early on Friday morning for Montreal, was in collision with a schooner going down the harbor. The schooner struck the steamer on the starboard side, carrying the former's jibboom and the steamer's side ladder and pilot's boat, which was lashed alongside.

The Barcelona came here with fruit from Malaga, in 12 days. The balance of her cargo was for Montreal.

The handsome house and grounds in the western part of the city, known as Studley, were sold on Thursday last to Miss Nordbeck for \$15,000.

The Albro property corner of Duke and Hollis Streets was sold last week for \$10,000.

Fifty mechanics were engaged to go to Bermuda last week to scrape and paint the interior of the Floating Dock. They went in H. M. S. Tamar.

Mayflowers were recently picked at Stillwater, Hants, also strawberries and a second growth of green peas.

AMUSING.—The St. John Telegraph boasts of the barque Cyprus a vessel of 1000 tons making fine runs, and asks, Can any of our Nova Scotia friends throw this record in the shade, if so St. John would be pleased to hear from them.

The Bridgetown Monitor indulges in a quiet smile at its trans-Funday contemporary, and shews that the Cyprus was modeled and built in Annapolis Co.

The SYDNEY ELECTION is causing some little concern in political circles, the nomination took place on Thursday last, Messrs McKay, McLeod, and Dodd were nominated. About 300 persons assembled after the nomination and were addressed by the several candidates. The polling will be to-morrow Thursday.

Exhibitions were not by any means confined to the larger towns of the Province, but Lunenburg and Barrington indulged in the same luxuries. The live stock at Lunenburg seems to have been very fine, and the roots and vegetables were pronounced superior to anything before seen in the county.

Barrington combined sailing, rowing, tub racing, and other sports with the display of agricultural and industrial specimens.

At Dartmouth last week a child named Zwicker was scalded to death by upsetting a tub of hot water over itself. It was carefully attended, but died shortly after the accident.

CIVIC.—The City Council met on Wednesday last, and appointed several of the civic officers. His Worship said he might have to go away for a few days, and Ald. Fraser was appointed to act as Mayor, during the absence of His Worship at any time during the year. A resolution was adopted by which the Exhibition Building was placed in charge of the Board of Works.

The dwelling house of Mr. Harris Wright, at Granville Ferry, caught fire by sparks from the kitchen chimney, and was entirely consumed. Most of the furniture was saved. The building was partially insured.

The silver and gold diggings at Mill Village have produced \$60.23 of gold and \$31, of silver per ton of surface quartz.

PAUSE, PONDER AND PERUSE!!—The invention of that Superior and Complete Sewing Machine (The Family Sewing Machine), marks one of the most important eras in the history of machinery, and when we consider its great usefulness and extremely low price (\$25), it is very difficult to conceive of any invention for domestic use of more or even equal importance to families. It has great capacity for work; beautiful, smooth, and quiet movement, rapid execution, certainty and delightful ease of operation, that at once commends it above all others. The working parts are all steel, strong and durable, and will last a life time; the bobbins hold 100 yards of thread; the stitch is the finest of all the stitches made, neat and regular, and can be regulated in a moment to sew stitches from an inch in length on coarse material down to the finest, so infinitesimal as to be hardly discernible with the naked eye, and with a rapidity rendering it impossible to count them as fast as made; it has more attachments than any other, and it does to perfection all kinds of heavy, coarse, plain, fine, or fancy needle-work with ease, and far less labor than required on other machines. It needs no commendation, the rapid sales, increasing demand, and voluntary encomiums from the press, and the thousands of families who use them, amply testify to their undoubted worth as a standard and reliable household necessity, extending its popularity each day. Machines sent anywhere to be examined before any money is paid. AGENTS WANTED by the Company. Address them for information. FAMILY SEWING MACHINE CO., 755 BROADWAY, NEW YORK.

A Missionary just returned says he regards Johnson's Anodyne Liniment as beyond all price and efficacious beyond any other medicine. It is adapted to a great variety of special cases, and is the best pain killer in the world.

The most dangerous fevers are typhoid bilious malarious and gastric. These all originate in the stomach, liver or bowels, and may be easily prevented. One of Parson's Purgative Pills each night for a week will drive disease from the system.

No. 115 GRAFTON ST., HALIFAX, N.S. August 4th, 1879.

Messrs. T. GRAHAM & SON,—DEAR SIRS,—It gives me great pleasure to inform you of my perfect cure of CATARRH, from which I have suffered in its most severe form for 12 years without being able to find a remedy for it, and I had long thought that nothing could cure me, but thanks to Providence and the use of your valuable preparation, CATARRHINE, I have been completely cured of that distressing and, I might say disgusting complaint, and I only used one box. I can confidently recommend it to any suffering from that complaint. Price 25 cents a box. Yours truly, C. F. F. SCHOPPE.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c.

Price \$1.00 per bottle; six bottles for \$5.00.

JOYFUL NEWS For the Afflicted!

From the Roots and Plants of Nova Scotia. Formerly manufactured by Mrs. Gates of Wilmot, who was pronounced incurable of Liver Complaint and Dropsy by many skillful physicians, when procuring several receipts from an eminent French physician, she was entirely cured and afterwards cured hundreds of cases, for which at first there seemed no hope. We offer these remedies to the public through the persuasion of those who at present consider they are indebted to them for the preservation of their lives. These preparations have been thoroughly tested in Nova Scotia for the last 55 years, in some of the most severe and apparently hopeless cases, which a few of the numerous certificates we possess, and which will appear from week to week in this paper, loudly testify. These medicines are extracted entirely from the Roots and Plants of the Vegetable Kingdom, such as Life of Man Roots, Sarsaparilla, Consumption Roots, Male and Female nerve Roots, &c., which make up our compound of different remedies, viz: No. 1, 2 and 3 Bitters; No. 1 and 2 Syrups. These being made in a liquid are easily taken even by children, and the Syrups operate as a mild and gentle physic without griping or pain, and do not, like many other medicines, leave the stomach and bowels in a worse state than it found them, but will impart a healthy tone and vigor before unknown. These medicines do not contain any calomel or mineral of any nature, and which will appear from week to week in this paper, loudly testify.
