WHITELEY'S TORONTO MOWER.

FOR SIMPLICITY. FOR DURABILITY. FOR LIGHTNESS OF DRAUGHT. FOR CONVENIENCE OF HANDLING. FOR EASE OF ADJUSTMENT. FOR ADAPTABILITY TO ALL CIRCUMSTANCES. FOR NOISELESS ACTION. FOR QUALITY OF MATERIAL, AND FOR EXCELLENCE OF WORKMANSHIP NOW STANDS PRE-EMINENT.

THOUSANDS

of CANADIAN FARMERS who have used all other kinds and thoroughly tested the TORONTO MOWER, testify to its great superiority. The great success of the TORONTO MOWER has excited the jealousy of all rivals, and hence many of those interested in the sale of other machines, do not hesitate to make the grossest misrepresentations concerning it. All we ask of Farmers is to EXAMINE and JUDGE FOR THEMSELVES, which they may do by applying to the nearest agent, whose name will be furnished on application, or by calling personally at our address.

The Toronto Reaper,

is driven by the same NEW MECHANICAL GEAR as the mower, reducing the machinery as in the Mower, to less than one-half of what it is in other harvesting machines, and doing away with the noise and friction of the old style cumbersome gearing. It is perfectly under control of the driver, marvellous in its ease of adjustment and adaptability to all conditions of the crop. Thoroughly built of the best materials and is in short a fit companion to the TORONTO MOWER. The establishment of our

Dalhousie College,
 Halifax, May 6th, 1879.

DEAR SIR,
 I am glad to hear that you are about to resume the agency for the North British Co.'s "Nutritious Condiment," originally introduced by you in 1872. It was then well appreciated by horsemen, cattle feeders and dairymen in this Province, and the animals shown at the Provincial Exhibition in October 1874, for the special prizes offered by you, were very creditable and attracted much attention.

I am, dear sir,
 Yours truly,
 GEORGE LAWSON.

TESTIMONIAL FROM MAJOR GOOLD,
 PAYMASTER TO HER MAJESTY'S FORCES.

HALIFAX, N. S., 9th June, 1879.

DEAR SIR:
 My cow having been under the effect of lead poisoning, has been successfully treated by Mr. Byrne, Veterinary Surgeon, and having become much emaciated from its effects, I was induced to try your "Nutritious Condiment." The results have been most satisfactory. After using the Condiment for a short time, she has not only regained her usual tone, but, instead of only a few quarts of milk daily, she is now yielding fourteen and the quality is much richer, and we have plenty of cream for butter, and other purposes. I do believe the Condiment to be everything that is claimed for it; and can recommend it with confidence to others.

You are quite at liberty to publish the foregoing.

Yours very truly,
 J. K. GOOLD,
 Major,
 Staff Paymaster to H. M. Forces.

JOYFUL NEWS For the Afflicted!

Port George, Annapolis, N. S., June 12, 187

C. GATES SON & Co.,
 Gentlemen,—In the Autumn of 1877, my little boy, about two years old, was in very ill health on account of Worms, which destroyed his appetite and made him peevish and poor; the strongest symptoms of the disease being starting out of a sound sleep and crying loudly. I had never previously used your medicine for any complaints to which children are subject, but concluded to try them in this case. I administered your No. 1 Syrup according to directions, with amazing results. One symptom after another disappeared before it; it carried off Worms four or five inches long, and when only two bottles had been taken, "a perfect cure" was effected. In March last, I gave the little fellow two bottles of your No. 2 Bitters as a Spring Medicine to purify his blood, he having been ailing on account of impurities therein. It cleansed his blood, built him up, so that he increased in health and strength in a very short time, and ever since he has been well and hearty. I may also say two swallows (and not large ones either) of your No. 1 Syrup before mentioned cured me in about fifteen minutes of a very bad cramp and pain in the stomach, such as I never experienced before or since. I can state further that I have seen your Acacia Linctum applied to cattle for the cure of claw distemper (so-called) with most astonishing results. A gentleman of my acquaintance had a pair of oxen severely crippled by this terrible complaint, but by the use of five or six bottles of the Linctum aforesaid, a cure was effected in about ten days. I helped apply the medicine myself, and know this to be a fact. I am quite sure no Linctum or other preparation in this country could have done so much in a similar case as this Linctum did. I have used your Nerve Ointment with complete success for the cure of sore teats in cows; there is nothing I ever tried or heard tell of that will cure them so quick.

Yours with gratitude,
 ISAAC B. SPINNEY.
 Sworn to at Wilnot before me, the undersigned, June 13th 1878.

This standard article is compounded with the greatest care. Its effects are as wonderful and as satisfactory as ever. It restores gray or faded hair to its youthful color. It removes all eruptions, itching and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean. By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong. As a dressing, nothing has been found so effectual or desirable. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes." Price, One Dollar.
