

will not give much to-night because trade is bad, and they cannot afford it. Those who did give feel tightened, straitened, and they gave so handsomely to the testimonial that they must necessarily give less now, so you won't have a third of the expenditure to-night as usual." So he thought within himself that he would just mention that, and say that perhaps there was some whose means were not straitened by the times; that perhaps there were some whom God still prospered notwithstanding that others feel the general depression. He would say to such persons, if it seemed good to them, and they thought he had faithfully used the money given on former occasions, and were inclined to help him, there was now a time of pressure and difficulty.

GARDNER COLBY'S BEQUESTS.

An item of pleasant intelligence has been for several weeks crowded out. It is however too good to discard, although it may be a little after date. Gardner Colby, of Boston, died a few weeks ago. Here is a list of some of his bequests, which are a noble monument to his memory. Newton Theological Institution, \$60,000 Colby University, Waterville, Me. 120,000 Brown University, 50,000 Massachusetts Baptist Charitable Society, 10,000 Baldwin Place Home for Little Wanderers, 10,000 American Bap. Missionary Union, 39,000 Women's Bap. Missionary Society, 1,000 Am. Bap. Home Miss. Society, 50,000 Northern Bap. Education Society, 10,000 Mass. Bap. State Convention, 10,000 Home for Aged Men, Boston, 10,000 Home for Aged Women, Boston, 10,000 Home for Aged Colored Women, 5,000 Children's Friend Society, 5,000 Young Women's Christian Association, 5,000 Boston Baptist Bethel, 1,000 Mass. Homeopathic Hospital, 5,000 Am. Bap. Publication Society, 5,000 Worcester Academy, Worcester, Mass., 5,000 Towards a new Baptist Church edifice at Newton Centre, under certain conditions, 25,000 To a Society to be incorporated for the relief of aged and indigent Baptist ministers and male missionaries, under certain conditions, 25,000 The total is \$461,000 which is believed to be the largest sum ever left by a Baptist for benevolent objects. It is stated that the total estate amounts to \$1,500,000.

English speaking people are so accustomed in their Scriptures to the transferred word baptism in its various forms, that while Pedobaptists seldom appeal to the Scriptures to defend their practice of infant sprinkling, Baptists can find abundance in the Bible teachings to sustain their practices. But it is not so in every land. The transferring of the word instead of translating it confuses the sacred text, so that intelligent men feel when coming to precepts on the subject, or the cases of its observance in the Scriptures, they are left in the darkness. At the recent meeting of the Bible Translation Society in London, Rev. Mr. Bate who had "been a missionary in Allahabad said that one striking instance in proof of the unintelligibility of the Bible Society's method of translation came to his notice some years ago. A native had received a copy of the Hindu New Testament, and having read it through until he came to this word "baptize," he came to the missionary and said, "I can understand all that is in this book except this word. What is it?" The missionary said, "It is baptism." He said, "I see that, but what is the meaning of the word?" The missionary said it means baptize. "But," said the native, "I am as far as ever from understanding what it means. Tell me what it means." "Well it means to immerse in water." "Well, why did not you say so? Why did the man who made the book say so?" "Well," the missionary said, "there is a difficulty there, and some of us think one thing and some another, and the learned man who made the translation was one of those who thought that it was better to put the Greek word into your language." "Ah," he said, "I see; you are as bad as ourselves. When we are translating from the Sanscrit, and there is some idea that we do not want the people to understand, but only as explained by ourselves we put the original Sanscrit words into the language into which we are translating. You are just as bad as ourselves." (Laughter and applause.) The case was a particularly decisive one as showing the duty which Christians owed to Christian people to translate to them the whole of the Word of God as well as the language would admit, and

it could not be said, with regard to any of the languages of India with which the missionaries of this society had to do, that they did not contain the exact equivalent of the Greek word.

READ THIS TWICE.—Five to thirty drops of THOMAS' ELECTRIC OIL, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Cough in twenty-four to forty-eight hours. One bottle has cured Bronchitis of eight years' standing; in recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain or lameness, nothing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For disease of the Spine and Contraction of the Muscles it is unequalled. In Rheumatic or any other pain the first application does you good. It stops Ear Ache and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good. It is composed of six of the best oils known, and nothing but oils. Is worth its weight in gold. Why not buy it to-day?—A. B. DESROCHERS, assistant postmaster, Arthabaskaville, P. Q., writes:—"Thirteen years ago I was seized by a severe attack of rheumatism in the head, from which I have nearly constantly suffered. After having used 'Thomas' Electric Oil' for nine days, bathing the forehead, I have been completely cured, and have only used half a bottle. This I can certify under oath if you wish."—Rev. J. Mallory, of Wyoming, N. Y., writes, "Dr. Thomas' Electric Oil cured me of Bronchitis in ONE WEEK."

BEWARE OF IMITATIONS.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. THOMAS is on the wrapper, and the name of Northrop and Lyman are blown in the bottle, and TAKE NO OTHER. Deaths.

On the 17th inst., after a brief illness of paralysis of the heart, which he bore with christian fortitude to the will of his Divine maker, Rev. James Thomas, in the 66th year of his age, a native of Glamorgan-shire, Wales, leaving a wife and family, and a large number of friends to mourn their irreparable loss.

June 1st at Upper Dyke Village, Hannah, aged 21 years, eldest daughter of James Murphy Esq. Our young friend found peace in believing in Jesus previously to her last illness, and in sickness and in prospect of death, she was calm and trustful. A member of the Sabbath School, first in Windsor where her parents lived until about four years ago, when they moved to Cornwallis, and then in Canard, she ever manifested much attachment to the School, and took great interest in its welfare. By her consistent and cheerful deportment, she had secured for herself a place, both in her own family and among a wide circle of friends that her demise has left painfully empty. Much sympathy is felt, throughout the community for her parents in their great sorrow. The funeral was attended by a multitude of people, and by the Sabbath School of which she was a member, as mourners. Rev. Dr. Welton, and Rev. Mr. Strother—Methodist Minister, took part in funeral services, conducted by the pastor of the Church at Canard.—Com.

At Canard June 10th, John Power Esq., Esq., aged 56 years, son of the late Edward Power, of Cornwallis. Mr. Power was a member of the 1st Cornwallis Baptist Church, for many years. He leaves an aged mother to mourn for him, and a widow and six children. He died in peace, trusting in the Redeemer.—Com.

At Harborville, Kings Co. May 16th, aged 55 years Chas. Hall Esq. A kind husband, a loving father, an upright man, a Christian worker; he will be greatly missed in his family, in the community, and by the public at large. He leaves a wife, six children and many friends to mourn.

On Thursday, in the eighty fifth year of her age, Charlotte, second daughter of the late Rev. Asel Wells.

At Tennyce, Haunts Co., on Tuesday morning, the 3rd inst., Elizabeth, the beloved wife of John Kiscook, at the advanced age of 77 years and six months.

At Middle Musquodoboit, on Sabbath evening, the 8th inst., Susan, wife of Mr. John McBain, aged 42 years.

At Middle Musquodoboit, on the 14th instant, Andrew Wilson, aged 42 years 6 months.

At Greenwood, Lower Aylesford, on the 5th June, Mr. Jacob Spinney, an old and respected inhabitant, aged 80 years. He leaves an aged widow and a large family of children and grand-children, to mourn their loss. He had never made a public profession of religion, yet entertained for years a hope in Christ. As he drew near the close of life, the fear of death was removed and peacefully he passed away. The pastor not being able to preach, the funeral sermon was preached to a large congregation by Bro. Hall, Dr. Tupper also took part in the exercises.—COM. BY REV. E. O. READ.

PRESERVE AND RESTORE YOUR HORSE, BY THE USE OF DR. WOODBURY'S Horse Liniment

It is a desideratum, the want of which has long been seriously felt by proprietors of horses. All persons who are so situated as to be compelled to keep their horses stabled, know how difficult it is to prevent their feet from becoming feverish, dry, and contracted, with all the innumerable evils attendant on stabling, high feeding, and driving over hard roads.

To all owners of horses so situated, the Proprietor of this Liniment confidently offers it as THE REMEDY, both as a preventive and cure.

Its action is to remove fever and dryness, thereby causing the hoofs which have become hard and brittle, to be softened and elastic, and promotes the rapid growth and full development of soft new hoof in such a manner, as can be best appreciated by being witnessed.

Its beneficial effects are so prompt and decided, as frequently to very far exceed the anticipations of the most sanguine—to excite their admiration—and secure their highest confidence. All horses that are stabled, should have an application of this Liniment to the hoofs of the fore feet, once in every two or three weeks, to prevent their becoming feverish, dry, brittle, hard, contracted, or otherwise injured.

Horses that are foundered, or whose hoofs are contracted, or in any way diseased, should have this Liniment applied to every part of the hoof, every third or fourth day. The more inveterate the case, the more frequent should be the application; and in cases of long standing, should be continued for a sufficient length of time for the old or diseased hoof to become softened, and the growth of the new fully developed.

The Liniment should be applied to every part of the hoof, and rubbed gently into the hair around the upper part of the hoof. It can be best applied with a small brush. While this Liniment is

The only Decidedly Reliable Remedy Known

For all affections of the Horse's Hoof, it is equally efficacious in the removal of

COUGH, ENLARGEMENT OF THE GLANDS, AFFECTIONS OF THE KIDNEYS, &c.

And in our prevailing Horse Distempers, given in doses of a table spoonful, two or three times a day; it is, infallibly,

THE REMEDY!

A Cough which cannot be removed by this Liniment, may be considered incurable. For Coughs, Enlargements of the Glands, or Affections of the Kidneys, give a table spoonful night and morning in their feed.

For Splints, Curbs, Bog Spavins, or Enlargements of any kind, apply it freely to the part, night and morning, until it blisters, which will be readily known by sweating or weeping of the part, which will soon dry, and form a thick scurf or band; allow this to remain until it falls off or rubs off quite easily, which will be in from six to ten days; and then if the enlargement be not entirely removed, repeat the application as before.

As the Proprietor of this Liniment is quite aware of the many worthless nostrums offered to the public at the present time, he would beg to say, that all articles manufactured by him are strictly WARRANTED to effect that for which they are recommended, when used according to directions. Use this preparation thoroughly, for all and every disease of the Horse for which it is recommended. Criticise it closely. Carefully watch, mark, and note its effects; and honestly judging it on its merits, you will be compelled to endorse the sentiment, that NO STABLE SHOULD BE WITHOUT IT.

It is put up in Four Ounce Bottles, at 45 cents per Bottle.
