

Immigrants in considerable numbers have of late come in the English mail steamers and gone on by Railway to the upper provinces. On Saturday last 293 arrived in the Moravia. Dr. Clay gives the following as their destination:

United States.....	52
Ontario.....	168
Quebec.....	12
New Brunswick.....	16
Nova Scotia.....	35

At Bridgetown on Thursday last as two boys named Whitman 12 and Bartlett 15, attempting to cross the Annapolis river some three miles above Bridgetown, in a leaky skiff, she filled when about mid river and the boys being unable to swim to the shore were drowned before assistance could be rendered.

At Liverpool also a colored girl, 22 years of age, named Sophia Carey, residing with a Mr. Peterson, was standing with her back to the fireplace on Sunday evening when the dress of the unfortunate girl caught fire, and in a few seconds every stitch of her clothes was burned off and her body was soon burned to a crisp. She expired on Monday about noon.

On Wednesday last a large whale, seventy feet long, was captured between Red Islands and McNab's, near St. Peters C. B. After the monster was safely moored her roars could be heard several miles. The affair caused great excitement there.

At Truro a fire broke out on Wednesday last in J. Chisolm's store, and before it was got under control it had completely destroyed that building, besides gutting the two adjoining buildings. One was occupied by W. H. Killer as a shoe factory and Hugh McKenzie, barrister. The other by S. E. Gourley, barrister, and Ross Bros., photographers.

A building owned by Jotham Blair, unoccupied, was also badly damaged. Two of the buildings belonged to the Pearson estate and one was owned by Thomas McKay, M. P.

The remains of an infant were found on Thursday last on the dyke, near Port Williams Station, Kings County. It appeared to have been there at least three months. An inquest was held and verdict given in accordance with the facts.

The Supreme Court opened yesterday. The criminal docket consists of:— Otto Jenny, charged with larceny; George Miller and Chas. Linnahan, charged with larceny; George Paw, charged with stealing letters from the Post-Office.

Out on bail:— John Shelmut, charged with larceny; Thos. McAlpine, charged with embezzlement; John Humphrey, charged with feloniously destroying property.

Mr. Simpson of Lower Economy is putting up a new steam Barrel Factory and placing plant for manufacturing of blinds, sashes, and doors. Success to all such enterprise. Just what our country needs.—Sun.

A glass manufactory is about to be established in the parish of St. Louis, Kamouraska. It is expected that operations will be commenced in the month of May.

The Londonderry Stove Works are now running full time. The proprietor is introducing a newly designed "Soft Coal Base Burner" for which he is getting orders—so much for the new tariff of 25 per cent. on American stoves.

DIPHTHERIA has for a long time been very prevalent and very fatal. Its fatality seems to be greatly owing to neglecting what is supposed to be an ordinary cold or sore throat until it has progressed to its last stages, and then when medical aid is procured it has often been found to be too late. From the fatality attending this disease every family should keep a suitable remedy on hand and use it on the first appearance of sore throat. A preparation called DIPHTHERINE has been placed before the public. It is the discovery of an English Physician and has been regarded where it is used to be an infallible remedy, for that disease. To place it within the reach of all it is put up in bottles with full directions, and sold by Druggists and Dealers in medicines at the low price of 25 cents a bottle.

Sept. 4. ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c. Price \$1.00 per bottle; six bottles for \$5.00. Brown & Webb, and Forsyth, Sutcliffe & Co., Halifax, Wholesale Agents. Nov. 6. 2 ins.

A life saved for thirty five cents! A lady in Boston had Diphtheria and was almost dead from strangulation, but was instantly relieved and finally cured by Johnson's Anodyne Liniment. Every family should have a bottle ready for instant use.

Profitable investment. One dollar's worth of Sheridan's Cavalry Condition Powders fed to a coop of thirty hens will yield a profit of three dollars, besides preventing all manner of diseases. Be sure to get Sheridan's. The large packs are worthless.

INVALIDS, do you wish to gather flesh to acquire an appetite, to enjoy a regular habit of body, to obtain refreshing sleep to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman of Toronto, and in a short time you will feel the wholesystem invigorated and strengthened. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations. And combined as it is with fine sherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty, as it strengthens the stomach and digestive organs, and seldom requires more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop and Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money. Sold by all Medicine Dealers. Forsyth Sutcliffe & Co., wholesale agents. Sept. 18. eow.

It restores gray or faded hair to its youthful color. It removes all eruptions, itching and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean. By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong. As a dressing, nothing has been found so effectual or desirable.

STEAM COMMUNICATION with the Magdalen Islands. Tenders for Fortnightly Mail Service. TENDERS, addressed to the Postmaster-General, will be received at Ottawa, until noon on, FRIDAY, the 11th April, next, for the conveyance of Her Majesty's mails by steamer, once a fortnight each way, during the season of navigation, between Pictou, N. S., and the Magdalen Islands, under a proposed contract for three years, commencing with the opening of navigation in 1879. The steamer employed in this service is to call at Georgetown on each trip, both going to and coming from the Magdalen Islands. The steamer will also be required to remain one day at the Islands, and while there to carry the mails from Amherst Island to Grindstone Island and back. The tenders to give a full description of the steamer offered for the service, specifying the tonnage, speed, and accommodation for passengers and freight; and also the price asked for each round trip to the Islands and back over the above described route. Further information as to the conditions of the proposed contract may be obtained at the office of the subscriber.

Tenders for Weekly Mail Service. Separate tenders will be received by the Postmaster-General on the same date for a weekly steam service between Pictou and the Magdalen Islands via the same route, and on the same conditions, otherwise, as those of the proposed contract for a fortnightly service. It will, however, be an additional stipulation of the proposed weekly contract that one trip per month shall be made to and from GASPE BASIN or PERCE instead of Pictou, should the Postmaster-General require it. F. M. PASSOW, Post Office Inspector, Halifax, N. S., 19th March, 1879. All authorized papers in Halifax, Pictou, and Charlottetown 3 insertions. March 26.

JOYFUL NEWS For the Afflicted! Port George, Annapolis, N. S., June 12, 187 C. GATES SON & Co.—Gentlemen.—In the Autumn of 1877, my little boy, about two years old, was in very ill health on account of Worms, which destroyed his appetite and made him peevish and poor; the strongest symptoms of the disease being starting out of a sound sleep and crying loudly. I had never previously used your medicines for any complaints to which children are subject, but concluded to try them in this case. I administered your No 1 Syrup according to directions, with amazing results. One symptom after another disappeared before it: it carried off Worms four or five inches long, and when only two bottles had been taken, "a perfect cure" was effected. In March last, I gave the little fellow two bottles of your No. 2 Bitters as a Spring Medicine to purify his blood, he having been ailing on account of impurities therein. It cleansed his blood, built him up, so that he increased in health and strength in a very short time, and ever since he has been well and hearty. I may also say two swallows (and not large ones either) of your No. 1 Syrup before mentioned cured me in about fifteen minutes of a very bad cramp and pain in the stomach, such as I never experienced before or since. I can state further that I have seen your Acadia Liniment applied to cattle for the cure of claw distemper (so-called) with most astonishing results. A gentleman of my acquaintance had a pair of oxen severely crippled by this terrible complaint, but by the use of five or six bottles of the Liniment aforesaid, a cure was effected in about ten days. I helped apply the medicine myself, and know this to be a fact. I am quite sure no Liniment or other preparation in this country could have done so much in a similar case as this Liniment did. I have used your Nerve Ointment with complete success for the cure of sore teats in cows; there is nothing I ever tried or heard of that will cure them so quick. Yours with gratitude, ISAAC B. SPINNEY. Sworn to at Wilnot before me, the undersigned, June 13th, 1878. WALLACE PHINNEY, J. P. Mar. 5.

DR. J. WOODBURY'S DINNER PILLS. Are not offered to the public as a remedy for all diseases; but for every form of INDIGESTION, and the innumerable train of sadly distressing diseases arising therefrom, these Pills are decidedly the most infallible remedy ever offered to the public. For the removal of DYSPEPSIA, in all its forms, CHRONIC DISEASES OF THE LIVER, JAUNDICE, PILES, IRREGULAR ACTION OF THE HEART, &c., these Pills are emphatically The Remedy. For that peculiar Costiveness attendant on Pregnancy, they are the only safe and proper Remedy; indeed, Pregnant Ladies should take no other. Persons afflicted with Indigestion, very frequently suffer from the bowels remaining unmovable for two, three, four, or more days, and are then compelled to resort to a dose of some drastic, irritating purgative, which only gives a temporary relief, and the repetition of which only aggravates the disease. The Dinner Pills directly prevent the necessity for taking such injurious doses of physic, and by being taken with the food, simply act as an auxiliary to nature, slightly stimulating, and directly strengthening the Stomach and Bowels, and by continuing their daily use for a few weeks, will restore and establish the regular and healthy action of the Stomach and Bowels, giving tone to the Stomach and Liver, and consequently health and vigor to the whole system. These Pills are strictly vegetable, and may be taken with any kind of food. Persons about to partake of rich dinners, may always secure easy, comfortable digestion, by taking a Pill when about half through with their dinner. Persons who, from Indigestion, have become enfeebled and emaciated have been restored to health, and become fleshy, plump and vigorous, by the use of the Dinner Pill. They should invariably be taken with the food, when about half through with the meal, either at dinner or tea; at dinner is preferable. The dose may vary from half a pill to one, one and a half, or two, just what may be found, after a day or two's experience, to produce a gentle, natural motion of the bowels, once in twenty-four hours, always commencing with the smaller dose, and increasing them until they produce the desired effect. In obstinate cases, the use of the Dinner Pills should be continued every day, for several weeks, until a regular healthy action of the system be fully established. While this Pill is, strictly speaking, a Dinner Pill, yet, if a dose of purgative medicine is required at any other time, they will be found all that can be desired, and in doses of from two to six, operating effectually, yet mildly, and without debilitating the Stomach or Bowels. This Dinner Pill is prepared only by DR. J. WOODBURY, Middleton, Annapolis Co., N. S. Price 25 Cents Per Box. ALSO: Dr. J. Woodbury's EYE WATER. Those afflicted with Weak, Irritable, or any, and every description of SORE EYES, DEBILITY of the EYELIDS, &c., will find in this preparation a most prompt, certain, and efficient remedy. A single trial will convince the most skeptical of its merits. Apply at bedtime, rubbing it thoroughly to the lids and corners of the eye. In mild cases, two or three applications will be sufficient; but in severe cases, or those of long standing, its use should be persevered in for several weeks. Prepared only by DR. J. WOODBURY, Middleton, Ana. Co., N. S. A liberal discount to the Wholesale Trade. J. WOODBURY, M.D., Proprietor. Middleton, Annapolis Co., N. S. BROWN & WEBB, Wholesale Agents. On sale at BROWN BROS., Halifax, and by Druggists and Grocers generally throughout the province. Oct. 16. e o w. 6m.
