baptism is the only duty of which one single moment in the life of an immormortal being has a monoply.

Whatever may be thought of the inferences that have been drawn, the facts are immovable. Statement of truth might be disputed, for there might be a difference of opinion as to the facts. The facts are their own witnesses; they speak for themselves."

"Let us remember that the fact that baptism holds high rank as duty, gives it no rank whatever, and no place, as the groundwork or means of our salvation. Christ is our righteousness. His blood cleanses from all sin. Neglect of baptism must be sin; and failure to hold it in proper esteem must be sin: but the precious blood of the Lamb of God has power to wash away all sin. No sin is so great as to defy the power of the blood of the everlasting covenant. Christ is all; Christ is enough. If any man be in Christ, whether baptized or not, he is a new creature. If any man be not in Christ, whether baptized or not, his doom is perdition.

Let us thank God that, while our salvation is made secure by the merits and mediation of his Son, we are permitted to obey his commandments, in keeping of which there is great reward.

HERRING COVE, Halifax, Co., N. S., May 24, 1879 -I had for nearly two years suffered severely with pain in my breast and side, resulting from a severe cough that was supposed to be consumption. For a long time I had a swelling or lump in the lower part of my side which increased in size and painfulness until one night my sufferings were so great that it was feared I would not live until the morning, when Graham's Pain Eradicator was tried both internally and externally; the result was astonishing, it gave immediate relief and completely reduced the swelling or lump and drove it all away. For that rails are laid from New Glasgow to the pain in the breast and side as well as other forms of pain I have never found its equal.

At Woodville, Kings Co., on Thursday, the 3rd inst., William Lee Marchant Kilcup, son of Nathan and Margaret Kilcup, aged 25 years. He was married to Miss da Hanson, of Boston, with whom he lived most happily until his decease. She accompanied him from Boston to the home and friends of his boyhood where he spent the last few months of his earthly life, which were months of pain and suffering. He who doeth all things well was preparing him for a hearty accept-ance of Christ as his Saviour, and weeks before he fell asleep he gave the joyful assurance that he had made the eternal transactions with the Patent Office. God his refuge, and underneath him were fever he sleeps well." Noble-hearted, loving and good, he passed from us to meet friends on the other shore. Her remains were brought to Greenwood, Aylesford, and laid to rest by the side of my father. As I sat in the house of God at her funeral yesterday I seemed to live over all the days of my childhood, and how many acts of a mother's devotion came up fresh to memory. DR. J. WOODBURY'S DINNER PILLS

Are not offered to the public as a remedy for all diseases; but for every form of

INDIGESTION and the innumerable train of sadly dishorse, John, aged 9 years, son of Geo. H. tressing diseases arising therefrom, these Pills are decidedly the most infallible remedy ever offered to the public.

For the removal of DYSPEPSIA, in all its forms, CHRONIC DISEASES OF THE LIVER, JAUNDICE, PILES, IR-REGULAR ACTION OF THE HEART. &c., these Pills are emphatically The

For that peculiar Costiveness attendant on Pregnancy, they are the only safe and proper Remedy; indeed, Pregnant Ladies should take no other.

Persons afflicted with Indigestion, very frequently suffer from the bowels remaining unmoved for two, three, four, or more days, and are then compelled to resort to a dose of some drastic, irritating purgative, which only gives a temporary relief, and the repetition of which only aggravates the disease. The Dinner Pills directly prevent the necessity for taking such injurious doses of physic, and by being taken with the food, simply act as an auxiliary to nature, slightly stimulating, and directly strengthening the Stomach and Bowels, and by continuing their daily use for a few weeks, will restore and establish the regular and healthy action of the Stomach and Bowels, giving tone to the Stomach and Liver, and consequently health and vigor to the whole system.

These Pills are strictly vegetable, and may be taken with any kind of food. Persons about to partake of rich dinners, may always secure easy, comfortable digestion, by taking a Pill when about half through with their dinner.

Persons who, from Indigestion, have become enfeebled and emaciated have been restored to health, and become fleshy, plump and vigorous, by the use of the Dinner Pi

They should invariably be taken with the food, when about half through with the meal, either at dinner or tea; at dinner is preferable. The dose may vary from half a pill to one, one and a half, or two, just what may be found, after a day or two's experience, to produce a gentle, natural motion of the bowels, once in twenty-four hours, always commencing with the smaller dose, and increasing them until they produce the desired

In obstinate cases, the use of the Din-ner Pills should be continued every day, for several weeks, until a regular healthy action of the system be fully established.

While this Pill is, strictly speaking, a Dinner Pill, yet, if a dose of purgative medicine is required at any other time, they will be found all that can be desired, and in doses of from two to six exercises.

and in doses of from two to six, operating effectually, yet mildly, and without debilitating the Stomach or Bowels. This Dinner Pill is prepared only by
