

Omr United States contemporaries re holding up our Princess Louise as pattern to American ladies, after the following fashion :

"Princess Louise is astonishing the ore gentle of our neighbors of the Dominion by taking long walks as early as 0 in the morning. She wears on use occasions good, stout English King-boots, and her pedestrian ex-gions extends over miles instead of bks. A love of exercise is a charac-tetic of the present ruling house of Eland, and perhaps to their influence is e much of the out-door exercises of Elish women. When Canon Kingsley visid this country, not long before his dea, he was accompanied by his daugh-ter, ho amazed American women by hering walks among the Rocky Mount-ain fifteen miles a day. It is an in-pout fashion, better worth adopted than a hundred of the things fashion bring from European cities. Life, health and hpiness are in it."

At a conference of the Nonconformist ministers of Dean Forest held at Cinderford, December 5, the following resolution was unanimously adopted: - "That we regard the action of Her Majesty's Government in declaring war against Afghanistan without consulting Parliament or the feelings of the nation as a direct violation of the principles of the English Constitution. That we look with abhorrence upon the war itself, because it is alike unjust and unnecessary, and has tarnished the fair fame of our country; and that we pray Almighty God in His infinite wisdom to bring to a speedy termination the appalling and humiliating calamity which inflicts an incalculable amount of suffering upon an independent and unoffending race."

INVALIDS, do you wish to gather flesh to acquire an appetite, to enjoy a regular habit of body, to obtain refreshing sleep to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman of Toronto, and in a short time you will feel the wholesystem invigorated and strengthened. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations. And combined as it is with fine sherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation and it is believed it will never fail, if properly and judiciously administered. In less other diseases predominate and a different character. Persons of weak constitution may take it without the least difficulty, as it strengthens the stomach and digestive organs, and seldom requires more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop and Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money. Sold by all Medicine Dealers. Forsyth Sutcliffe & Co., wholesale agents. Sept. 18. eow.

Death has shot another arrow among us. On Saturday the 26th of October, Clarence Burton Marshall, shook off the dust of time and left all that caused sorrow, grief and woe, for that goodly land where the inhabitants never say they are sick. He experienced the bitterness of sin and the forgiving love of God when 12 years of age. All through life his walk and conversation gave unquestionable evidence that he was a vessel of mercy being prepared for glory. His dear companion left the same blessed abode more than three years ago. Two sons and three daughters are left to feel the sadness of a mysterious providence, the father and mother both cut down in the prime of life. Brother Marshall being only 47, and Mrs. Marshall still younger both with consumption. May the same blessing that rested on them in life and death rest on the dear children and all connected therewith.

Dec. 22nd, Mrs. Margaret Dodge, widow of the late Capt. Charles Dodge, of Wilmot, Annapolis Co., and daughter of the late Major Rufol Bulofson, of New Brunswick, aged 92 years. She was baptized by the Rev. I. E. Bill, and united with the church at Nictaux. Mrs. Dodge was naturally of a mild and amiable disposition; and consequently was greatly beloved by all acquainted with her. Her love for the scriptures appears from the fact, that, besides the reading of select portions, she perused the whole bible in course several times. She had generally enjoyed good health until last summer, she appeared to sink under the weight of years, and was obliged to remain in her room the most of the time. But though wearisome days and nights were afforded her, she was ready to say, "All the days of my appointed time will I wait till my change come." Patience and submission to God were remarkably exemplified throughout. Not a murmur or word of complaint escaped her. All was calm, joy, and peace. She leaves nine children to mourn their loss, only one of the ten had died; and he recently. As her de-crease drew nigh, her hope and joy increased. Her exit was peaceful. At Sister Dodge's burial the occasion was im-proved by an appropriate discourse deli-ivered by Rev. E. O. Read from Rev. xiv. 13. - Com. by Rev. C. TUPPER.

ST. JOHN AND BOSTON EXCHANGE PAPERS PLEASE COPY. At Milton, Queens Co., Dec. 25th, after a painful and lingering illness, Mrs. Mal-chiah Loyd, aged 48 years. She was a member of the Greenfield Baptist Church and died trusting in Christ. She leaves a husband and six children to mourn their loss.

At Milton, Queens Co., Dec. 28th, Saml. Freeman, Sen., in the 84th year of his age. The deceased was enjoying his usual good health when he was suddenly stricken by paralysis, and after lingering for about eighteen hours in a partially uncon-scious state passed calmly away. He had been for many years a member of the Baptist church, and was liberal in his support of benevolent objects. His aged partner who is lying very ill, feels the separation very keenly, and probably will not long survive her husband. - J. I. D.

PRESERVE AND RESTORE YOUR HORSES, BY THE USE OF DR. WOODBURY'S Horse Liniment.

It is a desideratum, the want of which has long been seriously felt by proprietors of horses. All persons who are so situated as to be compelled to keep their horses stabled, know how difficult it is to prevent their feet from becoming feverish, dry, and contracted, with all the innumerable evils attendant on stabling, high feeding, and driving over hard roads.

To all owners of horses so situated, the Proprietor of this Liniment confidently offers it as THE REMEDY, both as a preventive and cure.

Its action is to remove fever and dryness, thereby causing the hoofs which have become hard and brittle, to be softened and elastic, and promotes the rapid growth and full development of soft new hoof in such a manner, as can be best appreciated by being witnessed.

Its beneficial effects are so prompt and decided, as frequently to very far exceed the anticipations of the most sanguine - to excite their admiration - and secure their highest confidence. All horses that are stabled, should have an application of this Liniment to the hoofs of the fore feet, once in every two or three weeks, to prevent their becoming feverish, dry, brittle, hard, contracted, or otherwise injured.

Horses that are foundered, or whose hoofs are contracted, or in any way diseased, should have this Liniment applied to every part of the hoof, every third or fourth day. The more inveterate the case, the more frequent should be the application; and in cases of long standing, should be continued for a sufficient length of time for the old or diseased hoof to become softened, and the growth of the new fully developed.

The Liniment should be applied to every part of the hoof, and rubbed gently into the hair around the upper part of the hoof. It can be best applied with a small brush. While this Liniment is

The only Decidedly Reliable Remedy Known For all affections of the Horse's Hoof, it is equally efficacious in the removal of Splints, Curbs, Bog Spavins, and in all cases of Bruise or Strain in the Joints or Tendons, and enlargements of any and every description, and given internally, will promptly relieve and remove any and every character of

COUGH, ENLARGEMENT OF THE GLANDS, AFFECTIONS OF THE KIDNEYS, &c.

And in our prevailing Horse Distempers, given in doses of a table spoonful, two or three times a day; it is, infallibly,

THE REMEDY!

A Cough which cannot be removed by this Liniment, may be considered incurable. For Coughs, Enlargements of the Glands, or Affections of the Kidneys, give a table spoonful night and morning in their feed.

For Splints, Curbs, Bog Spavins, or Enlargements of any kind, apply it freely to the part, night and morning, until it blisters, which will be readily known by sweating or weeping of the part, which will soon dry, and form a thick scurf or band; allow this to remain until it falls off or rubs off quite easily, which will be in from six to ten days; and then if the enlargement be not entirely removed, repeat the application as before.

As the Proprietor of this Liniment is quite aware of the many worthless nostrums offered to the public at the present time, he would beg to say, that all articles manufactured by him are strictly WARRANTED to effect that for which they are recommended, when used according to directions. Use this preparation thoroughly, for all and every disease of the Horse for which it is recommended. Criticise it closely. Carefully watch, mark, and note its effects; and honestly judging it on its merits, you will be compelled to endorse the sentiment, that NO STABLE SHOULD BE WITHOUT IT.

It is put up in Four Ounce Bottles, a 45 cents per Bottle.

ALSO: Dr. J. Woodbury's EYE WATER.

Those afflicted with Weak, Irritable, or any, and every description of SORE EYES, DEBILITY OF THE EYELIDS, &c., will find in this preparation a most prompt, certain, and efficient remedy.

A single trial will convince the most skeptical of its merits. Apply at bedtime, rubbing it thoroughly to the lids and corners of the eye. In mild cases, two or three applications will be sufficient; but in severe cases, or those of long standing, its use should be persevered in for several weeks.

Prepared only by Dr. J. WOODBURY, Middleton, Ana. Co., N. S. PRICE 25 CENTS A BOTTLE.

A liberal discount to the Wholesale Trade. J. WOODBURY, M.D., Proprietor. Middleton, Annapolis Co., N. S. BROWN & WEBB, Wholesale Agents. On sale at BROWN BROS., Halifax, and by Druggists and Grocers generally throughout the province. Oct. 16. e o w, 6m.
