

at Iquique Bay, and after a brief engagement the Huascar ran away.

ENGLAND.—In the House Commons after a protracted debate, a vote of credit for three million pounds for the Zulu war was agreed to without division.

Sir Stafford Northcote moved that the thanks of the House be given Lord Lytton, Viceroy of India, and the officers and men of the Afghan expedition.

The Times' review of the hay and other fodder crops throughout England and Wales shows many millions of pounds short of average value.

Paris despatches say that, Venard de Saint Anne, the originator of the project for bridging the English channel, promises to commence operations without delay.

The Standard says the board of directors of the Great Western Railway of Canada have agreed to refer the conditions of amalgamation with the Grand Trunk Railway to arbitration.

FRANCE.—Official reports state that grain in the south of France is harvested in excellent condition; in the north and west a good average crop is expected.

Reports from Gironde indicate that the grape crop is much improved, but the yield will be only half as much as last year.

A railway accident occurred to-day between Nancy and Velzeise by which five persons were killed, and eleven seriously and forty slightly injured.

The iron steamship Louis David, from Antwerp for Naples, was wrecked during a fog off the island of Ushant, and 27 persons drowned.

A Frenchman named Guerin was arraigned on the 4th, charged with having threatened to assassinate Francesco Petri, Secretary to the late Prince Imperial, if not paid a sum of money which he alleged was due to him for promoting the success of the last plebiscite.

GERMANY.—A water burst occurred in the Ludwig Glueck mine, at the Seabeize collieries, Prussia. Two corpses have been recovered, eleven more supposed to be in the pit.

At the funeral of the Socialist Deputy Geib, at Hamburg, twenty thousand persons followed the bier.

The boiler of the German corvette Freya burst as the vessel was leaving Batavia (not off Malta as reported). Four men were killed and several injured.

AUSTRIA.—An awful fire broke out in the Latin quarter of Serajevo on Friday morning caused by an explosion in a Catholic church. The Serbian and Jewish districts and commercial quarters have been destroyed.

The fire was extinguished on Saturday morning, after tremendous exertions of the garrison. The homeless, number 20,000. Three killed. Some newspapers declare the fire caused by Mahomedan fanatics.

The homeless people are camped in the squares and gardens. A relief committee has been organized. The Emperor of Austria has forwarded 10,000 florins in aid of the sufferers.

RUSSIA.—A Socialist named Somoff, imprisoned at Odessa, has just died in hospital from the effects of a terrible burn inflicted with the intention of self-destruction.

TURKEY.—Osman Pasha has suspended further despatch of troops to the Greek frontier.

There is reason to believe that Baker Pasa will be nominated to an important civil and military post in Kurdistan.

The Turkish Government seems disposed to play the same game at Novi Bazar as formerly in Bosnia. An agitation from Novi Bazar, whom the Porte promised to banish to Asia, has instead been lodged in the palace here and lauded in an official newspaper as a patriot.

The walls surrounding the town of Rutchuk, is being demolished, in accordance with the provisions of the Treaty of Paris.

EGYPT.—A traveller from Abyssinia states that the treaty of peace between King John of Abyssinia and the Khedive was never signed by the former. The King has ordered 15,000 men to take possession of various districts. Egyptian garrisons consist of 200 men at Nassawah and 200 men at Sennite, but Colonel Gordon has left Khastown with 3,000 men and twelve cannon for Sennite.

As England and France insist upon

the promised reforms being carried out in Asiatic Turkey, the Porte has requested them to select persons to be nominated for the posts of financial and judiciary inspectors and organizer of the gendarmerie.

THE ZULU WAR.—A despatch from Capetown of 22nd ult., says. Several Zulu chiefs have submitted to Wolsley at St. Pruls. It is reported that he assured them they will henceforth be governed and protected by the British Government.

General Crealock and Colonels Wood and Buller return to England.

Another detachment of marines have re-embarked for home. A strong force is to advance on Ulundi immediately, Wolsley having promised the chiefs that he would be there by the 10th August.

A detachment of friendly natives and irregulars, and probably also General Newdigate's column, will advance simultaneously on the King's new kraal. The Times' correspondent at Umuolsi River, states that the retreat of the British from Ulundi restored Cetwayo's confidence.

It is reported that powerful chiefs, with 4000 men, are with the king, and that Cetwayo sent a message to John Dunn asking what terms will be given if he surrenders now.

Special correspondents agree in condemning the idea that the war is over, and deprecate Sir Garnet Wolsley's hasty action in sending troops home.

A Cape Town despatch says, the report that Cetwayo had offered to surrender is not confirmed. It seems the prevalent impression is that he will give more trouble.

Some hold that the prospects of peace and the settlement of the country are good. Oham has undertaken to capture his brother Cetwayo.

At the Lord Mayor's banquet last Thursday night, Beaconsfield, replying to a toast to Her Majesty's Ministers said: "When I last addressed you affairs appeared to have assumed a very critical aspect. We were accused of negotiating an entirely impracticable treaty, and it was charged that, under the pretext of acquiring a scientific Indian frontier, we had launched the country into a war full of disasters.

This impracticable treaty has been fully executed. Not a single Russian soldier now remains in Turkey. The Czar has honorably fulfilled his engagements, and is now co-operating with England and the other Powers in endeavors to maintain peace. Relative to the Zulu war it is believed that in a very short time news will arrive of the satisfactory solution of all African questions.

As to the commercial depression of the country, one of the secondary causes is imprudent speculation, and there are already signs of its amelioration. If there are good harvests in all parts of the world, I believe the darkest days of the depression will have been seen."

Beaconsfield insisted that landed property ought to continue as at present. The conclusion of his speech was received with frantic cheers.

READ THIS TWICE.—Five to thirty drops of THOMAS' ELECTRIC OIL, will cure common Sore Throat. It never fails in Croup. It will cure a Cold or Cough in twenty-four to forty-eight hours. One bottle has cured Bronchitis of eight years' standing; recent cases are cured in three to six days. It has restored the voice where the person had not spoken above a whisper in five years. As an outward application in all cases of pain or lameness, nothing like it has ever been known. One bottle will cure any case of Lame Back or Crick in the Back. For disease of the Spine and Contraction of the Muscles it is unequalled. In Rheumatic or any other pain the first application does you good. It stops Ear Ache and the pain of a Burn in three minutes, and is altogether the best and cheapest medicine ever offered to the people—the cheapest, because it takes so little to do you good. It is composed of six of the best oils known, and nothing but oils. It is worth its weight in gold. Why not buy it to-day? A. B. Des Roches, assistant postmaster, Arhabaska-ville, P. Q., writes:—"Thirteen years ago I was seized by a severe attack of rheumatism in the head, from which I have nearly constantly suffered. After having used 'Thomas' Electric Oil' for nine days, bathing the forehead, I have been completely cured, and have only used half a bottle. This I can certify under oath if you wish."—Rev. J. Mallory, of Wyoming, N. Y., writes, "Dr. Thomas' Electric Oil cured me of Bronchitis in ONE WEEK."

Beware of Imitations.—Ask for Dr. Thomas' Electric Oil. See that the signature of S. N. THOMAS is on the wrapper, and the name of Northrop and Lyman are blown in the bottle, and TAKE NO OTHER. Sold by all medicine dealers. Price, 25 cts. NORTHROP & LYMAN Toronto, Ont., Proprietors for the Dominion.

JOYFUL NEWS For the Afflicted!

NICTAUX MOUNTAIN, ANNAPOLIS Co., } November, 1877. MESSRS. C. GATES, SON & Co.—Gentlemen:

I had a child that was troubled very much with worms, and by taking one half bottle of your No. 1 Syrup she was entirely cured of them. About six months afterward I was taken with the Pleurisy, and was about despatching a man for a doctor when it came to my mind to take your Syrup, which I did, and soon came round all right without taking any further medicine.

I have formerly been afflicted with sore throat and Quinsy in its severest form, and could not get any relief or cure from any quarter or any medicine man until I obtained your Acaadian Liniment, which always cures me at once. I have also known it to cure a number of friends in this neighborhood, and for my own part would not think of being without it in the house. My wife has also used your medicines for Heartburn, with the very best success. You may publish this if you wish to do so.

With great respect, W. H. MILLAR. July 9.
