NOVA SCOTIAN ABROAD .- Mr. H. B. Morse, B. A., Harvard, '74, has recently been appointed to the position of acting Professor of English in the Imperial College, Pekin, China. Mr. Morse is a native of Queen's Co., Nova Scotia, and received his elementary instruction in this province. He afterwards removed to Boston, Mass., where he attended Latin School, from which he passed a very successful examination on his admission to Harvard University and his graduation. Although but nineteen years of age and the youngest member of the class, he was chosen, one of the three, to proceed to China and enter the service of that Government. His friends will learn with pleasure of his success, and Nova Scotians may well be proud of such representatives .- Com. to Bridgewater Monitor.

very prevalent and very fatal. Its fatality seems to be greatly owing to neglecting what is supposed to be an ordinary cold or sore threat until it has ordinary cold or sore throat until it has progressed to its last stages, and then when medical aid is procured it has often been found to be too late. From the fatality attending this disease every family should keep a suitable remedy on hand and use it on the first appearance of sore throat. A preparation called DIPHTHERINE has been placed before the public. It is the discovery of an English Physician and has been regarded where it is used to be an infallible remedy for that disease. To place it within the reach of all it is put up in bottles with full directions, and sold by Churches, Academies, etc. Price-List bottles with full directions, and sold by Druggists and Dealers in medicines at HENRY McSHANE & CO.,

BOSTON POLICE OFFICER.

H. R. STEVENS :-DEAR SIR. - From exposure I took sick about nine years ago with Bheumatic Fever, from which I suffered about four months. When I recovered from the fever I found myself suffering with pain in my side and constipation, which brought on the piles. I consulted a physician, and paid him over \$200 for attending me, and all the while I was gradually growing worse. Then one physician after another was employed, until seven of the best physicians of Boston had taken my case in hand.

On consultation between several of the leading physicians, they concluded my complaint was asthma and general debility. I had great difficulty in breathing and an inhaler was required to afford me breath. Through the treatment of one physician I took from 75 to 100 boxes of calomel pills, and faithfully tried all the medicine that each physician prescribed. From my long sickness, and the vast amount of medicine used to overcome the amount of medicine used to overcome the

through my system and he regretted that he could give me no hope for health.

I also took a prescription from a celebrated English physician, who said my truble was Bronchitis and Dyspepsia. took 18 bottles of medicine especially pre-pared for Dyspepsia, and I have used a great deal of medicine from apothecaries' prescription. A have taken Sarsaparilla until you could count the bottles by the dozen, and indeed I have given nearly all the popular advertised medicine a fair trial. I had a dreadful cough, and did not average over two hours' sleep a night for 8 years.

A brother policeman urged me to try VEGETINE, but for a long time I refused, Prize Medal having got completely discouraged from taking so much medicine without any benefit; however after urgent persuasion, I concluded to try it, and before I had used one bottle I could eat and hold on my stomach a beefsteak, a thing I had not been able to do before for years; in-deed, I obtained more substantial benefit NOTE. from the first bottle of VEGETINE than from all other medicines which I had taken. I kept on improving, and kept on using the VEGETINE, until I was perfectly cured and able to do duty all day, eat and digest my food, sleep well at night, and I am now 40 pounds heavier than I aver was before in my life, and am, as I ever was before in my life, and am, as I think, a living contradiction of the prophecies of the most learned medical talent of Ntw England, for with all of their combined wisdom, they could not accomplish so much as that simple vegetable medicine called VEGETINE to which I am indebted for health, life and happiness.

H. R. STEVENS, Esq. :-DEAR SIR,—Allow me to say a word in favor of VEGETINE. During the past year I have suffered from a complication of diseases. I lay in bed from the 3rd of November until the middle of the following June, and on an average did not sit up two hours a week; I had eight of the best physicians in the state, but got no help, and constantly grew worse. They agreed that I had heart disease, phthisis, pyaemia, and kidney complaint, and could never be any better. I was reduced in weight 50 pounds, which is much, for I am naturally thin.

In June, finding I was failing under the

In June, finding I was failing under the treatment of the physicians, I commenced the use of VEGETINE through the earnest persuasion of friends, and, I am happy to state, with good results. I have gained ten pounds in weight, and can sit up all day, walk a mile, and ride six. I am greatly encouraged, and shall continue using the VEGETINE if 1 get it. I a poor man, but the truth of this statement I refer to any man in Goffstown or vicinity.

Yours very thankfully. A. J. BURBECK
