Local Refus.

The Entertainment given on Monday evening by the South Baptist Institute in the Spring Garden Vestry, was attended by a crowded audience. It was announced that a fortnight hence, Professor Welton was expected to lecture on Germany.

Coasting has been one of the great proceedings of the past week. The efforts to put a stop to it in the streets have not been successful On Thursday night a number of men and boys were coasting down Russel Street, when a Policeman attempted to stop them. He caught one, but one moment later he was tripped up and coasted over by sev-eral sleds. His face and head were badly bruised.

Permission having been given to use the glacis at the back of the Citadel, hundreds of people have enjoyed the exciting pastime, during the moonlight evenings of the past week. Not however without some slight accidents. The wonder is that there are so few accidents were so many are congregated, making such rapid excursions.

On Friday last a man named Arnold, about 35 years of age, was going along Lockman St. to the railway station, when he was struck on the head by an icicle, which fell from the eaves of a house. His hat, a hard felt one, broke the force of the blow, and he escaped with no further injury than a bad cut in his head.

A serious fire took place on Saturday morning at the corner of Prince and Barrington Streets in the store of C. Z. Andrews. The basement was used by him as a liquor shop and over it a picture store. The upper part was used as a dwelling house. It was a brick building or it would probably have caused On Thursday, Jan. 30th, in the Baptist Box 31, Washington, D. C. greater havock. It was owned by Mr. William Drake. The fire was so sudden that the family in the upper part had to be taken out of the windows in the next houses north the first occupied Rev. Wm. E. Hall, Mr. Edwin C. Marshall, by Mr. Cleverdon, jeweler. Mrs. A.'s things were badly injured. There was some insurance on the properties.

For disease of the Spine and Contraction of the Muscles it is unequalied. In Rheumatic or any other pain the first application does you good. For it is sadly too true that thousands of children are STARVED TO DEATH every year by improper or insufficient food. Remember,

RIDGE'S FOOD FOR

INFANTS AND INVALIDS.

Is all and a great deal more than we have claimed for it. It is simply a HIGHLY NUTRITIOUS and easily assimilated FOOD, grateful to the most delicate and irritable stomach, and especially adapted for the INFANT and GROWING CHILD.

Invalids, Nursing Mothers, and those suffering from INDIGESTION will find on trial that RIDGE'S FOOD FOR INFANTS AND INVALIDS, is all they can desire. It is carefully put up in four sizes.

Constant users will find our No. 4 size (always the most economical size to buy) now much larger than formerly, thus materially lessening the expense.

It is claimed that Johnson's Anodyne. Liniment is almost infallible in the cure of diphtheria, pneumonia, influenza, bronchitis, congestion of the lungs, and hard dry coughs. This may all be true. We know it will prevent diphtheria and that it will cure the croup instantly. We will wager a year's subscription that a 25-cent package of Sheridan's

Condition Powder contains more pure ingredients and costs more money than a bushel of any kind put up in large packs. Sheridan's powders are absolutely pure.
