No man in his senses should buy worthless horse and cattle powder simply because it is put up in large packs.

DIPHTHERIA has for a long time been very prevalent and very fatal. Its fatality seems to be greatly owing to neglecting what is supposed to be an ordinary cold or sore throat until it has progressed to its last stages.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me.

STEAM COMMUNICATION with the Magdalen Islands.

Tenders for Fortnightly Mail Service.

TENDERS, addressed to the Postmaster-General, will be received at Ottawa, until noon on, FRIDAY, the 11th April next,

for the conveyance of Her Majesty's mails by steamer, once a fortnight each way, during the season of navigation, between Pictou, N. S., and the Magdalen Islands, under a proposed contract for three years, commencing with the opening of navigation in 1879.

The steamer employed in this service is to call at Georgetown on each trip, both going to and coming from the Magdalen Islands. The steamer will also be required to remain one day at the Islands, and while there to carry the mails from Amherst Island to Grindstone Island and back.

The tenders to give a full description of the steamer offered for the service, specifying the tonnage, speed, and accommodation for passengers and freight; and also the price asked for each round trip to the Islands and back over the above described route.

Further information as to the conditions of the proposed contract may be obtained at the office of the subscriber.

Tenders for Weekly Mail Service.

Separate tenders will be received by the Postmaster-General on the same date for a weekly steam service between Pictou and the Magdalen Islands via the same route, and on the same conditions, otherwise, as those of the proposed contract for a fortnightly service.

It will, however, be an additional stipulation of the proposed weekly contract that one trip per month shall be made to and from GASPÉ BASIN or PERCE instead of Pictou, should the Postmaster-General require it.
