# VEGETINE.

HER OWN WORDS.

BALTIMORE, MD., Feb. 13, 1877. MR. H. R. STEVENS.

DEAR SIR, -Since several years I have got a sore and very painful foot. I had some physicians, but they couldn't cure EGYHT.—The joint note of the English | me. Now I have heard of your VEGETINE VEGETINE, and I went and bought me one bottle of VEGETINE; and after I had used one bottle, the pains left me, and it began to heal, and then I bought one other bottle, and so I take it yet. I thank God for this remedy and yourself; and wishing every sufferer may pay attention to it. It is a blessing for health.

MRS. C. KRABE. 638 West Baltimore Street.

#### VEGETINE.

SAFE AND SURE.

MR. H. R. STEVENS:-In 1872 your VEGETINE was recommended to me, and, yielding to the persuasions of a friend, I consented to try it. At the time I was suffering from general debility and nervous prostration, superinduced by overwork and irregular habits. Its wonderful strengthening and curative properties seemed to affect my debiliated system from the first dose; and under its persistent use I rapidly recovered, gaining more than usual health and good feeling. Since then I have not hesitated to give VEGETINE my most unqualified indorsement, as being a safe, sure, and powerful agent in promoting health and restoring the wasted system to new life and energy. VEGETINE is the only medi-cine I use; and as long as I live I never expect to find a better

ALL HAVE OBTAINED RELIEF. SOUTH BERWICK, ME., Jan. 17, 1872. H. R. STEVENS, ESQ.

Dear Sir,-I have had dyspepsia in its worst form for the last ten years, and have taken hundreds of dollars' worth of medicines without obtaining any relief. In September last I commenced taking the VEGETINE, since which time my health has steadily improved. My food digests well, and I have gained fifteen pounds of flesh. There are several others in this place taking VEGETINE, and all have obtained relief.

Yours truly, THOMAS E. MOORE, Overseer of Card Room, Portsmouth Co.'s Mills.

DIPHTHERIA has for a long time been very prevalent and very fatal. Its fatality seems to be greatly owing to neglecting what is supposed to be an ordinary cold or sore throat until it has progressed to its last stages, and then when medical aid is procured it has often been found to be too late. From the fatality attending this disease every family should keep a suitable remedy on hand and use it on the first appearance of sore throat. A preparation called DIPHTHERINE has been placed before the public. It is the discovery of an English Physician and has been regarded where it is used to be an infallible remedy for that disease. To place it within the reach of all it is put up in bottles with full directions, and sold by Druggists and Dealers in medicines at the low price of 25 cents a bottle. Sept. 4.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B. June 22, 1878.

J. H. Robinson, Esq.-Dear Sir-1 phosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along. ### JOYFUL NEWS For the Afflicted!

Port George, Annapolis, N. S., June 12, 18 7

C. GATES SON & CO,-Gentlemen,-In the Autumn of 1877. my little boy, about two years old, was in very ill health on account of Worms, which destroyed his appetite and made him prevish and poor; the strongest symptoms of the disease being starting out of a sound sleep and crying loudly. I had never previously used your medicines tor any complaints to which children are subject, but concluded to try them in this case. I administered your No. 1 Syrup according to directions, with smazing results. One symptom after another disappeared before it; it carried off Worms tour or five inches long, and when only two and it is believed it will never fail, if bottles had been taken, "a perfect cure" was properly and judiciously administered, effected. In March last, I gave the little fellow two bottles of your No. 2 Bitters as a different character. Persons of weak Spring Medicine to purify his blood, he havconstitution may take it without the least ing been ailing on account of impurities there-difficulty, as it strengthens the stomach in. It cleansed his blood, built him up, so that and digestive organs, and seldom requires | he increased in health and strength in a very short time, and ever since he has been well and hearty. I may also say two swallows (and not large ones either) of your No. 1 Syrup before mentioned cured me in about fifteen minutes of a very bad cramp and pain to," and we are sure you will be satisfied in the stomach, such as I never experienced before or since. I can state further that I have seen your Acadia Liniment applied to cattle for the cure of claw distemper (so-called) with most astonishing results. A gentleman of my acquaintance had a pair of oxen severe-ly crippled by this terrible complaint, but by the use of five or six bottles of the Liniment aforesaid, a cure was effected in about ten days. I helped apply the medicine myself, and know this to be a fact. I am quite sure no Liniment or other preparation in this coun-

try could have done so much in a similar case as this Liniment did. I have used your Nerve Ointment with complete success for the cure of sore teats in cows; there is nothing I ever tried or heard tell of that will cure them so quick. Yours with gratitude,

ISAAC B. SPINNEY. Sworn to at Wilmot before me, the undersigned, June 13th, 1878. WALLACE PHINNEY, J. P.
