For Consumption And all diseases that lead to it; such as COUGHS, NEGLECTED COLDS, BRONCHITIS, PAIN IN THE CHEST, AND ALL DISEASES OF THE LUNGS,

ALLEN'S LUNG BALSAM IS THE GREAT MODERN REMEDY

T IS WARRANTED to break up the most distressing Cough in a few hours time, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the most confirmed cases of Consumption! It is WARRANTED not to produce costiveness (which is the case with most remedies), or affect the head as it contains no Opium in any form. It is WARRANTED to be perfectly harmless to the mos delicate child, although it is an active and powerful remedy for restoring the system. There is no real necessity for so many deaths by Consumption, when Allen's Lung Balsam will prevent it, if only taken in time.

PRICE \$1 PER BOTTLE.

SOLD BY ALL DRUGGISTS. Apr 122.

btained for Inventors, in the United States, Canada, and Europe, at reduced rates. With our principal Office located in Washington, directly opposite the United States Patent Office, we are able to attend to all Patent Business with greater promptness and despatch and less cost, than other patent attorneys, who are at a distance from Washington, and who have, therefore, to employ "asto patentability, free of charge, and all Patents are invited to send for a copy of our "Guide for obtaining Patents," which is sent free to any address, and contains complete instructions how to obtain Patents, and other valuable matter. We refer to the German-American National and to Senators and Members of Congres from every State. Address: LOUIS BAGGER & CO.,

THE HOUSEHOLD.

BOILED HAM. - Cut in thin slices, and place in cold water to soak over night. In the morning turn off the water, put into a sauce-pan and pour sists in artificial combs or what the over boiling water. Set on the back of Americans call foundation. It conthe stove, where it will keep hot with- sists of a thin sheet of wax on which out boiling. When all other preparations for the meal are made, take out the cells in the comb. This foundathe slices, wipe dry, and broil on a wire broiler over a clear fire. Turn and tend as carefully as you would toast bees follow in their work. Nothing can bread.

molasses, ten gallons rain water, half a pint of good yeast. This will be good at once into it and set to work. Their vinegar in three or four weeks.

REPAIRING INDIA RUBBER OVER-COAT .- "How can I restore to usefulness an India rubber overcoat, which, having been left hanging near the hall- with extraordinary activity. If it be stove in winter, has fallen to pieces, no remembered that, according to the part being torn, but all the seams, as best authority, bees have to consume 20 we should call them in a garment of lbs of honey to produce 1 lb of wax. cloth, having parted? E. W. B."-Dissolve pure virgin rubber, cut very discovery fully appears and fills the fine, in pure benzine. Paint the seams with the solution and put them under pressure until dry .- Globe.

a flesh or a tooth-brush, then rinse. once and be replaced by empty ones. pend it by; have your cover ready; material being put close around the Secretary Central Board of Agriculture WESTERN COUNTIES RAILWAY. take an old dish; put in some live coal | bush, that is, on the space that cannot (stop your nose if you are not fond of be reached with the cultivator. Some the perfume); then throw on some advocate mulching the entire surface stick sulphur or brimstone previously but we object to this, first because it is pounded in small lumps. Five cents' too laborious, and takes too much mulchworth would be enough, I should think (3) First scrub it well in water soft- secondly, we believe a constant and ened with borax, using very little soap; thorough cultivation and stirring up of then rinse it in borax water, using a the soil with the hoe or cultivator is teaspoonful of powdered borax in a the best mulch land can have. Leaf basin of water; bleach it in the sun for two or three days; and if the hat is very yellow, a little lemon juice rubbed on will prove effective.

Many persons on leaving a room turn down the lamp to save oil, but such economy is very liable to cause a lamp explosion, which is anything but economical. If a light is not needed in a room, either extinguish the lamp, or leave it burning with the usual blaze.

HEALTH HINTS.

I have seen salt recommended to be eaten with walnuts, so as to prevent indigestion, but I think I prefer eating the walnut without any such condiment. If lovers of nuts, of any kind, will drink a cup of sweet milk after eating them, they will not experience any unpleasant sensation, and can eat a great many more with impunity.

CURE FOR CANCER .- A Mexican colonel tested a remedy for cancer, recommended to him by a Spanish woman, a native of the country, The remedy is this:-Take an egg and lies any-where. break it, pour out the white, retaining the yolk in the shell, put in salt and mix with the yolk as it will receive it, stir them together until the salve is formed; put a portion of this on a piece of sticking plaster, and apply it to the cancer about twice a day. He has tried the remedy twice in his own family with complete success.

A never-failing remedy for ague in the breast, is to wear a very small bag little hand. "What is it, Johnny?" filled with alum. It must be worn "Why, you can't buy no kind of a cow To whom all Orders should be addressed. continually while nursing a child. neighbor has practiced it for the period of twenty years, and in now nursing the sixth child. After the birth of this last child, she did not at first think of using the alum, until reminded of it by sociate attorneys." We make preliminary examinations and furnish opinions as diately had a bag made, holding about who are interested in new inventions and a large thimbleful of the alum, and attached it to a string, suspended it about the neck, slipping it down next the skin between the breasts. A number of reply, "except that there is a little too others, to her knowledge, have used it with the same good results. This Bank, Washington, D. C.; the Royal with the same good results. This Swedish, Norwegian, and Danish Lega- simple remedy is, indeed, worth being tions, at Washington; Hon. Jos. Casey, late Chief Justice, U. S. Court of Claims when we consider how much some in the discussion upon the Chancellor women suffer with this distressing complaint.

> Rub sprains, bruises or lameness, with a paste made of salt and the white of an egg.

> For burns, bind on moistened baking soda. It will give prompt and permanent relief.

> In cases of ivy poisoning, bathe the parts with sweet spirits of nitre.

AGRICULTURE.

BEES .- One of the most modern inventions, and one which causes a complete revolution in bee-culture, conare deeply stamped the exact form of tion is placed at the top of the boxes and frames in the direction which the do better as an encouragement for them to set to work immediately. As soon as Home-made vinegar; One gallon one of the boxes or frames with foundation has been placed, the bees ascend labour is the more fruitful that they have not to produce any wax in order to store the honey. As the base of the cells is thick, they thin it out and extend the sides; this work is done the advantage of the above described true apiarist with admiration. It is best to cap all the empty boxes and frames with foundation before putting them into the hive in order to induce the bees BLEACHING A STRAW HAT .- (1) If to enter them sooner. As soon as the your hat is badly sun-burned soak it in | boxes are filled do not allow them to sour milk a few days. (2) Wash your remain on the hive; the combs would hat clean in lively soap-suds with either discolour. They should be removed at

> MULCHING SMALL FRUITS .- Nothing ing material, and is too expensive; and and wood mould, sorgum, bagassa cornstalks, straw, hay, chip-dirt, ashes, rotted sawdust, or tanbark are all good mulching materials for raspberries or blackberries.

One of our Brooklyn friends relates that he has accidentally discovered a very efficient remedy for gapes in ckickens. It is dry, caustic lime. One of his chickens got the gapes; he caught the fowl, and with a pen-knife dropped some [caustic lime that happened to stand by, into its throat, and let it go. Next day the fowl had recovered. He mentioned his success to a friend of his who applied the same remedy to three chickens with the gapes, with the same

VARIETIES.

Why are bells the most sensible o inanimate things? Because they make a noise when they are toll'd.

Truth lies at the bottom of the well, it is said, but if truth lies there I beg to ask if it is the Thuth, since truth never

THE STRAIGHT TIP,-Curate-" I wish to be measured for a suit of clothes." Tailor-" Certainly, sir. May I ask your views, as we cut our coats according to doctrine."

In a little town in Missouri a lady teacher was exercising a class of juveniles in mental arithmetic. She commenced the question: "If you buy a cow for ten dollars-" when up came a for ten dollars. Father sold one for sixty dollars the other day, and she was a regular old scrub at that,"

A NEAT RETORT .- Such is the formidable antagonism of the sexes that a chance to give a Roland for an Oliver is never lost. "Don't you think that a good likeness of me?" said a pretty wife to a small fraction of herself called her husband. "Very good," was the much repose about the mouth."

A fine specimen of the Irish bull was heard in the House of Commons when we consider how much some in the discussion upon the Chancellor | 82 & 84 Barrington Street, Halifax, N. S. of the Exchequer's resolutions, said, "Since the Government had let the cat out of the bag there was nothing to be done but to take the bull by the

> fair," and none but the brave can live with some of them.

The best sleigh belles ever invented are a pair of rosy-cheeked girls.

NUTRITIOUS CONDIMENT

Cattle. Horses

Important to every man who keeps a Horse, Cow, Ox, Pig, Sheep or Poultry.

ADVANTAGES DERIVED From the use of the

 It insures perfect digestion.
 It creates a healthy, natural appetite. 3. It makes pure blood.

4. It expels humors, cures scratches, galls, and sore back. 5. It will put horses in good, firm flesh.6. It infuses new life and vigor.

7. It gives a fine, soft skin and smooth 8. It disinfects the contents of the stomach, sickens worms so they lose their

hold and pass away. 9. It prevents and cures colic. 10. Horses will shed their coats more quickly and easily.

11. It cures colds and influenza.
12. It prevents over-heating in warm 13. It enables horses to work with less

other means fail.

14. Cows will be equally improved in health and appearance, and give more and richer milk. 15. It will put a horse in condition when

Every Domestic Animal (including Poultry) should have it.

It reduces the cost of Feeding on the old system 25 to 30 per cent!

FROM PROFESSOR LAWSON. of Nova Scotia,

Dalhousie College, Hahfax, May 6th, 1879.

1 am glad to hear that you are about to resume the agency for the North British Co.'s " Nutritious Condiment," originally introduced by you in 1872. It was then well appreciated by horsemen, cattle feeders and dairymen in this Prevince. and she animals shown at the Provincial Exhibition in October 1874, for the special prizes offered by you, were very creditable and attracted much at-I am, dear sir,

GEORGE LAWSON George Fraser, Esq.

TESTIMONIAL FROM MAJORGOOLD. PAYMASTER TO HER MAJESTY'S

FORCES.

HALIFAX, N. S., 9th June, 1879. DEAR SIR: My cow having been under the effect

of lead poisoning, has been successfully treated by Mr. Byrne, Veterinary Surgeon, and having become much emaciated from its effects, I was induced to try your "Nutritious Condiment." The results have been most satisfactory. After using the Condiment for a short time, she has not only regained her usual tone, but, instead of only a few quarts of milk daily, she is now yielding fourteen and the quality is much richer, and we have plenty of cream for butter, and other purposes. I do believe the Condiment to be everything that is claimed for it; and can recommend it with confidence

You are quite at liberty to publish the foregoing.

> Yours very truly, J, K. GOOLD. Major, Staff Paymaster to H. M. Forces.
