

We know of no way we can benefit our readers more than by calling attention to Johnson's Anodyne Liniment. It is the oldest and most valuable patent medicine in the world. Everybody should keep it in the house. It will check diarrhoea and dysentery in one hour.

If the fountain is pure the streams will be pure also. So with the blood. If that be pure the health is established. Parsons' Purgative Pills make new rich blood, and taken one a night will change the blood in the entire system in three months.

INVALIDS, do you wish to gather flesh to acquire an appetite, to enjoy a regular habit of body, to obtain refreshing sleep to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman of Toronto, and in a short time you will feel the wholesystem invigorated and strengthened. It is a well-known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations. And combined as it is with fine sherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty, as it strengthens the stomach and digestive organs, and seldom requires more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop and Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money. Sold by all Medicine Dealers. PRESERVE AND RESTORE YOUR HORSES, BY THE USE OF DR. WOODBURY'S Horse Liniment

It is a desideratum, the want of which has long been seriously felt by proprietors of horses. All persons who are so situated as to be compelled to keep their horses stabled, know how difficult it is to prevent their feet from becoming feverish, dry, and contracted, with all the innumerable evils attendant on stabling, high feeding, and driving over hard roads.

To all owners of horses so situated, the Proprietor of this Liniment confidently offers it as THE REMEDY, both as a preventive and cure. Its action is to remove fever and dryness, thereby causing the hoofs which have become hard and brittle, to be softened and elastic, and promotes the rapid growth and full development of soft new hoof in such a manner, as can be best appreciated by being witnessed.

Its beneficial effects are so prompt and decided, as frequently to very far exceed the anticipations of the most sanguine—to excite their admiration—and secure their highest confidence. All horses that are stabled, should have an application of this Liniment to the hoofs of the fore feet, once in every two or three weeks, to prevent their becoming feverish, dry, brittle, hard, contracted, or otherwise injured.

Horses that are foundered, or whose hoofs are contracted, or in any way diseased, should have this Liniment applied to every part of the hoof, every third or fourth day. The more inveterate the case, the more frequent should be the application; and in cases of long standing, should be continued for a sufficient length of time for the old or diseased hoof to become softened, and the growth of the new fully developed.

The Liniment should be applied to every part of the hoof, and rubbed gently into the hair around the upper part of the hoof. It can be best applied with a small brush. While this Liniment is

The only Decidedly Reliable Remedy Known

For all affections of the Horse's Hoof, it is equally efficacious in the removal of

Splints Curbs, Bog Spavins,

and in all cases of Bruise or Strain in the Joints or Tendons, and enlargements of any and every description, and given internally, will promptly relieve and remove any and every character of

COUGH, ENLARGEMENT OF THE GLANDS, AFFECTIONS OF THE KIDNEYS, &c.

And in our prevailing Horse Distempers, given in doses of a table spoonful, two or three times a day; it is, infallibly,

THE REMEDY!

A Cough which cannot be removed by this Liniment, may be considered incurable. For Coughs, Enlargements of the Glands, or Affections of the Kidneys, give a table spoonful night and morning in their feed.

For Splints, Curbs, Bog Spavins, or Enlargements of any kind, apply it freely to the part, night and morning, until it blisters, which will be readily known by sweating or weeping of the part, which will soon dry, and form a thick scurf or band; allow this to remain until it falls off or rubs off quite easily, which will be in from six to ten days; and then if the enlargement be not entirely removed, repeat the application as before.

As the Proprietor of this Liniment is quite aware of the many worthless nostrums offered to the public at the present time, he would beg to say, that all articles manufactured by him are strictly WARRANTED to effect that for which they are recommended, when used according to directions. Use this preparation thoroughly, for all and every disease of the Horse for which it is recommended. Criticise it closely. Carefully watch, mark, and note its effects; and honestly judging it on its merits, you will be compelled to endorse the sentiment, that NO STABLE SHOULD BE WITHOUT IT.

It is put up in Four Ounce Bottles, at 45 cents per Bottle.

WHITELEY'S TORONTO MOWER.

FOR SIMPLICITY. FOR DURABILITY. FOR LIGHTNESS OF DRAUGHT. FOR CONVENIENCE OF HANDLING. FOR EASE OF ADJUSTMENT. FOR ADAPTABILITY TO ALL CIRCUMSTANCES. FOR NOISELESS ACTION. FOR QUALITY OF MATERIAL, AND FOR EXCELLENCE OF WORKMANSHIP NOW STANDS PRE-EMINENT.

THOUSANDS

of CANADIAN FARMERS who have used all other kinds and thoroughly tested the TORONTO MOWER, testify to its great superiority. The great success of the TORONTO MOWER has excited the jealousy of all rivals, and hence many of those interested in the sale of other machines, do not hesitate to make the grossest misrepresentations concerning it.

All we ask of Farmers is to EXAMINE and JUDGE FOR THEMSELVES, which they may do by applying to the nearest agent, whose name will be furnished on application, or by calling personally at our address.

The Toronto Reaper,

is driven by the same NEW MECHANICAL GEAR as the mower, reducing the machinery as in the Mower, to less than one-half of what it is in other harvesting machines, and doing away with the noisy clatter and friction of the old style cumbersome gearing.

It is perfectly under control of the driver, marvellous in its ease of adjustment and adaptability to all conditions of the crop. Thoroughly built of the best materials and is in short a fit companion to the TORONTO MOWER.
