

people about what I had been telling them, and then thanked me for sending to him that I might speak these words; many white people had passed through Kyabi, but had never before told him of these things. He was sure I had a good heart toward him and his people, and added a few more words of thanks. I told him how pleased I was to speak of these things; it was for that that we had come out here, and I hoped, when things were settled at San Salvador, to pay him and all the towns many visits. Presently he brought a gift of a pig, and some ground-nuts and mandioe, apologising for nothing better, and adding that he was much obliged to me for speaking to the people, &c. It was very gratifying to find our endeavours so appreciated. How long must Africa wait for sufficient messengers to bring to all the glad tidings? Lord, hasten their speedy coming!

FROM CAMEROONS, WEST AFRICA.—
Mr. Lyall writes:

" You will be pleased to know that things are looking brighter here. A very considerable interest has been awakened in the minds of the people, which I trust, will have permanent results. The chapel cannot contain all who seek admission on Sunday; even the King himself is regular in his attendance when at home. I have taken his son into the house, and hope that the training he gets will be advantageous both to himself and the people.

" Last week I baptized five persons—three men and two women—in the Cameroons River. The King and a large crowd of people were present. Many more are inquiring the way of life. These facts cause our hearts to overflow with thankfulness to God. May we not be disappointed in having a good harvest-time! The mail is about leaving. Dear Mr. Baynes, pray much for us.

G. E. DAY.
Yarmouth, Sept. 10, 1880.

The Ministerial and Missionary Conference of Annapolis County will hold its next session in Clarence D. V.

Preacher of the evening Rev. Frank Beattie.

Yours truly,
REV. J. F. EATON.

ANAPOLIS UNION SUNDAY SCHOOL CONVENTION.

The seventh annual session of the above Convention will be held, (D. V.) in the Baptist Church, Stony Beach, Lower Granville, on Friday, Sept. 17, at 9:30 a.m.

The Managing Committee have arranged for consideration of the following Subjects, papers on which will be read by gentlemen appointed for the purpose.

1. How to make the Sunday School attractive and beneficial.
2. How to teach the lesson.
3. A love for and faith in the work.

4. Sunday School Concerts;—their use, and abuse.

5. Is our Sunday School work keeping pace with the times.

At one of the Sessions an Illustrative Lesson, will be taught by a member of the Convention.

Superintendents of Schools, and the Clergymen of the different denominations are ex-officio members of the Convention; and exclusive of these, each school is entitled to send five delegates. Arrangements are made for conveying delegates and others from Granville Ferry to Stony Beach,—a distance of two miles,—free of charge.

A large attendance of Sunday School workers, and those interested in the cause, is earnestly desired.

GEO. E. CROSCUP, Sec'y.
Granville Ferry, Sept. 1, 1880.

The Digby Co. Ministerial Conference will meet with 2nd Digby Neck Baptist Church at Little River on Tuesday, Sept. 21st, at 10 a.m. A missionary meeting will be held in the evening when a sermon will be preached by Rev. A. E. Ingram. J. H. SAUNDERS, Sec'y.

To the Woman's Aid Societies, or friends of our Missionaries.

The Woman's Aid Society at Fredericton have undertaken to get up a box to be sent in October to Miss Hammond, and would like to give any of her friends in Nova Scotia or the friends of any of our Missionaries, an opportunity to unite with us, in sending any token of friendship, to cheer those so far removed from home and friends. We are sorry that so little time can be given, but will have to request that all intending to send contributions, will do so before the close of the third week in Sept., and direct to the care of Mrs. T. H. Rand, King St., Fredericton, N. B. As there is much expense in sending a box so far, we will have to ask that any Society contributing will send some money towards expenses.

In behalf of Woman's Aid Society of Fredericton. E. J. PHILLIPS, Sec'y.

MR. H. T. FRIZZLE has removed to Mabou, C. B., and wishes all correspondence for him to be sent there.

News.

THE EXHIBITION.—The military and volunteer bands have been secured and will furnish music each afternoon and evening of the exhibition.

Mr. M. E. Keefe has been awarded the contract for erecting cattle sheds, for the sum of \$900. There will be about 3,000 linial feet of shedding.

The Anchor Line steamer Anglia, which is reported sunk at sea, was at Halifax a short time ago and took part of her cargo in here, proceeding to Boston to fill up. The following was the Halifax cargo, for London:

600 cases lobsters, shipped by J. Baldwin & Co.; 5 hds., 2 cases skins, by D. Cronan; 2 caseskins, 1777 cases lobsters, by T. A. S. DeWolf & Son; 300 cases lobsters, by Robert Baird; 84 cases do, by Bray & Hayes.

The long continued drought of the past few weeks has had the effect of making the grain crops light. The rains of the past week will greatly benefit the root crops. Potatoes are very fine and the crop large.

The heavy rains of last week have greatly damaged the roads outside of the city. Several large trees were blown down in the city.

John Lockwood, of the Yarmouth Gold Mining and Quartz Crushing Company, exhibited in St. John N. B., a block of gold weighing 47 ounces, worth about \$1,000.

At Chelsea, about twenty miles from Bridgewater, on Friday night, while stealing apples, John Huey, aged about 20, was fatally shot by the owner of the orchard, Robert Smith. Smith after a preliminary examination, was taken to Lunenburg gaol to await the result of the coroner's inquest on Monday.

Mr. N. K. Clements, proprietor of the steamer Dominion, plying between Yarmouth, Boston and St. John, died on Saturday at Yarmouth. His death has cast a profound gloom over the community, and his place will not readily be filled.

Mr. C. took a deep interest in local matters and improvements, and was a prominent member of the First Congregational Church.

The Coal Mines of Nova Scotia are unusually active. It is estimated that the output this year will be 200,000 tons in advance of last year,—a very encouraging state of things.

Great Britain owns nearly nine millions square miles of the earth's surface. The United States own about three millions. Between them, these two nations control more than one fourth the surface of the globe.

From Berlin comes the news that floods in the provinces become worse and worse every day. The harvest has been almost totally destroyed. In some parts it had rained incessantly for three weeks.

BERWICK GOLD.—It is said that the gold mines about 3 miles south of Berwick are beginning to yield a good harvest to those prospecting there.

FAT CATTLE.—Mr. John Allison has in his stables, at Mantua, twelve head of fat cattle, of which nine weigh in the aggregate nine tons. He intends to exhibit them at the approaching Exhibitions, and will doubtless carry off the prizes. We question if there is another farm in Nova Scotia that can show such a superior lot of stall-fed animals.

Ariant Dalhousie College.

At the meeting of the Council on Wednesday last, a letter was read from the Governor of Dalhousie enclosing the following resolution passed at a recent meeting of the Governors:

" Resolved, That this Board, being desirous of facilitating the negotiations at present going on between the City Council and Dr. Cogswell relative to the expenditure on the Parade of the bequest made by the late Miss Cogswell, do submit the following proposal to the City Council. That the site of the College, and a certain number of feet in front thereof, as may hereafter be determined upon, be vested in the hands of the Governors. That the remaining portion of the Parade should be vested in the city of Halifax, to be kept open forever, and maintained and beautified by the city. That an Act of Legislature should be applied for at the ensuing session to confirm the titles as above, and to enable the Council, in consideration of the Governors releasing their claims to the property, to pay to, or to secure to them, the sum of eight thousand dollars, this sum being two thousand dollars less than was asked by the Board in their former offer of date, January 4th, 1877."

Mr. Nisbet, the chairman, explained that an informal meeting of a committee from the Garden Commissioners, the Board of Works, the Governors of Dalhousie College with His Worship the Mayor and Dr. Cogswell, had been held and the matter was discussed but no understanding was arrived at. From this interview resulted the proposal now before the Council.

After some discussion Ald. Mackintosh moved that the letter be referred to the Board of City Works, with His Honor the Recorder, to report upon. The resolution passed.

ACADIA COLLEGE, &c.—One of the Professors wrote us last week: "We open with a very good attendance in all departments."

Wolfville is now again quite lively with the students of College, Academy, and Seminary.

ACCIDENT.—On Saturday week while Judson Kelly junr., aged about 19 was at work in the Berwick Steam Mill planing box boards, a board fell and struck him on the back and threw him forward. When he put out his left hand to save himself it was caught between the feed rollers of the planer, and his hand was cut off above the wrist. Some of the workmen seeing the accident, threw off the belt or he might have lost his whole arm. Drs. Masters and Middlemas were at once called and amputated the arm just below the elbow. The sufferer is doing as well as can be expected under the circumstances—Com. to the Star.

W. M. A. S.—A special meeting of the Wolfville Women's Missionary Aid Society was held in the vestry of the Baptist Church on Friday afternoon. The object of the gathering was to meet Mrs. H. M. Armstrong, (formerly Miss Norris) missionary to the Telugus. Though very brief notice had been given, a good number of ladies assembled. An address of welcome was read by Miss Cramp, Secretary of the Society, which was responded to at some length by Mrs. Armstrong, who gave in her interesting style an account of her work among the women of the land which she has made her home for the last ten years.

STAR.—

KING'S COLLEGE.—We are informed that Mr. W. R. Butler, now residing in England, has been appointed to the vacant Chair of Professor of Mathematics, Engineering, &c., at King's College. Mr. Butler is a graduate of King's College University, and was for some time Assistant teacher at the Collegiate School.

AURALINE TEST.—Dear Sir,—I was troubled with a Ringworm around my eye and tried several remedies which failed, until a friend gave me a little AURALINE and told me to try it. In two days my eye was well, and all traces had disappeared. Thanking you, I shall be pleased to give personal assurance.

The old Windsor Railway Depot is being demolished in preparation for the new one which is shortly to be built.

THE PROVINCIAL EXHIBITION AT KENTVILLE is being looked forward to with much interest by many of our readers. Kentville being so central should command a very large exhibition.

Railway facilities will be afforded as usual at half fare, there and back from Sept. 27th, to Oct. 1st. There will also be return Tickets issued at Kentville on the 25th, 29th, and 30th, so that parties who wish to go to their homes at a short distance at night and return to Kentville in the morning, can do so. This will prevent over-crowding at Kentville

76. Rev. D. H. Simpson, who has been at Newton Theological Institution for two years past, is now settled over the Baptist Church at Williamsburg, Erie Co., New York. He was married shortly after leaving Newton.

79. C. D. Rand, after passing a very successful teachers' examination for the Province of British Columbia, has received an appointment in the public schools of Victoria, B. C.

Two young ladies are now studying mathematics with the Frenchman (probably Freshman, Ed. C. M.) class, in Acadia College. We hope that they will find pleasure in making "that appear."
