

The inquest held over the remains of Mr. Robert Fraser and his wife, the former found dead in his bed on Sunday of last week, and the latter in a fit by his side, from which she died shortly after, closed its investigations on Saturday last and rendered the following verdict: "That Robert Fraser came to his death on the night of January 3rd, by the inhalation of a poisonous gas generated from a hard coal stove, the pipe from which led into a defective flue in the room in which he slept; and that his wife Eliza Fraser, came to her death on January 4th from the same cause."

PAUSE, PONDER AND PERUSE!!—The invention of that Superior and Complete Sewing Machine (The Family Sewing Machine), marks one of the most important eras in the history of machinery, and when we consider its great usefulness and extremely low price (\$25), it is very difficult to conceive of any invention for domestic use of more or even equal importance to families. It has great capacity for work; beautiful, smooth, and quiet movement, rapid execution, certainty and delightful ease of operation, that at once commends it above all others. The working parts are all steel, strong and durable and will last a life time; the bobbins hold 100 yards of thread; the stitch is the finest of all the stitches made, neat and regular, and can be regulated in a moment to sew stitches from an inch in length on coarse material down to the finest, so infinitesimal as to be hardly discernible with the naked eye, and with a rapidity rendering it impossible to count them as fast as made; it has more attachments than any other, and it does to perfection all kinds of heavy, coarse, plain, fine, or fancy needle-work with ease, and far less labor than required on other machines. It needs no commendation, the rapid sales, increasing demand, and voluntary encomiums from the press, and the thousands of families who use them, amply testify to their undoubted worth as a standard and reliable household necessity, extending its popularity each day. Machines sent anywhere to be examined before any money is paid. AGENTS WANTED by the Company. Address them for information. FAMILY SEWING MACHINE CO., 755 BROADWAY, NEW YORK.

ANOTHER COMMUNICATION from Mr. Geo. Sewell, dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime" had made in my case, and, at the same time promising to write from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person. The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c.

No. 115 GRAFTON ST., HALIFAX, N.S. August 4th, 1879.

MESSRS. T. GRAHAM & SON,—DEAR SIRS,—It gives me great pleasure to inform you of my perfect cure of CATARRH, from which I have suffered in its most severe form for 12 years without being able to find a remedy for it, and I had long thought that nothing could cure me, but thanks to Providence and the use of your valuable preparation, CATARRHINE, I have been completely cured of that distressing and, I might say disgusting complaint, and I only used one box. I can confidently recommend it to any suffering from that complaint. Price 25 cents a box. Yours truly, C. F. F. SCHOPPE.

THE GREAT SHOSHONEES REMEDY AND PILLS.—The success that these medicines have met with since their introduction to the public some years ago, proves plainly to her most skeptical that they are medicines that perform what they are advertised to do. The virtues of these medicines have been well tested, and have withstood their trial in a most satisfactory manner. For diseases of the Blood, Liver, Lungs, &c., they are unsurpassed. We have testimonials of miraculous cures of these diseases, and of many others. If any one is afflicted, let him try a bottle of the Remedy and a box of Pills. No injurious effects will follow their use to the most delicate person, as they are purely vegetable, there being no mineral matter in them. The cost is small, while the advantages derived from their use will doubly repay you for your expense and trouble. Try these great remedies and be convinced that they are no humbug. No one who has tried the Shoshonees Pills has ever pronounced an unfavorable opinion of them; no family where they have been used will be without them. Full information may be had on all particulars touching the use, and the experience of those who have used them, by securing the Treatise or the Circular from your druggist. Free. Price of the Remedy in pint bottles, \$1; Pills 25 cents a box. Sold by all medicine dealers. Jan. and Feb. eow.

CONSUMPTION CAN BE CURED

IS A FACT ATTESTED BY THE HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of SCOTT'S EMULSION of COD LIVER OIL with HYPOPHOSPHITES of LIME and SODA will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form "perfectly palatable," and acceptable to the most delicate stomach, and we make the unqualified statement that SCOTT'S EMULSION is being used with better results, and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it, such as Chronic Coughs, Bronchitis, Scrofula, Anæmia, General Debility and the Wasting Disorders of children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

SEE WHAT PHYSICIANS AND THE PEOPLE SAY ABOUT IT.

Messrs. Scott & Bowne: 66 West Thirty-sixth Street, N. Y., Sept. 2, 1876. Gents—I have frequently prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrofulous and consumptive cases, palatable and efficacious.

Messrs. Scott & Bowne—Gentlemen.—Within the last two months I have fairly tried Scott's Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my notice; in affections of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly elegant and agreeable form. Very truly, J. SIMONAUD, M. D., New Orleans, La. December 10th, 1878.

Messrs. Scott & Bowne—Gentlemen:—In September 1877, my health began to fail and my physician pronounced it spinal trouble; under his care I got some relief from pain, but my general health did not improve, and early in the winter, I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats, short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of life, and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and before it was all taken I was better. I then bought a dozen bottles and have taken all with the following results: Cough subsiding, night sweats stopped, appetite returned, pains in spine disappeared, strength returning, and my weight increased from 118 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks, what cured you and I answer, Scott's Emulsion of Cod Liver Oil, &c. I have a friend who has not spoke aloud for 15 months and he is getting better. I gave him a bottle, and he bought two more, then got a dozen and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and I shall do all I can to make known your valuable medicine. Very truly yours, H. F. SLOCUM, Lowell, Mass. January 29th, 1879. For Sale by all Druggists at \$1.00 per bottle.

Each machine thoroughly warranted with WRITTEN GUARANTEE for five years. Kept in order FREE OF CHARGE; money refunded at once if not satisfactory.

It is the most solid, reliable, and satisfactory machine ever invented for all kinds of family work. It is an acknowledged unequalled mechanical success, thoroughly tested, and used in thousands of homes. An efficient, silent, rapid, reliable, and ever-ready helper to the weary wife or seamstress, it will do the work of a family for a life-time, or it will earn from \$4 to \$5 per day for any one who wishes to sew for a living. This machine costs less than half the price of any new machines of like quality. Has extra long, large-sized Shuttle, easily removed.

Extra large-sized Bobbins, holding 100 yards of thread, doing away with the frequent re-winding of bobbins. It is built for strength and constant hard work. Interchangeable working parts, manufactured of fine polished steel. Will run for years without repairs; is simple to learn, easy to manage, understood perfectly in an hour, and always ready in a moment to do every description of heavy or fine work at less cost or trouble than any other machine at any price ever did, or can do. It will sew anything a needle can pierce, from lace or cambric to heavy cloth or harness, with any kind of thread, and will run off twenty yards per minute; it uses strong, straight needles, and never breaks them. It cannot miss or drop a stitch, ravel or break the thread. If you have any other machine, buy this and have a better one. The ease and rapidity of its motion and quality of its work, are its best recommendations. It will hem, fell, tack, braid, cord, bind, gather, quilt, ruffle, pleat, fold, scollop, shirr, roll, baste, embroider, run up breadths, etc., with elegance, ease and quickness, unsurpassed by any machine ever invented.

BEWARE OF IMPOSITION. The Prices for our new machines are less than those asked by dealers in second hand, rebuilt and refinished machines, or those selling out old stock to close up business, many such inferior and old style machines being offered as new at reduced prices; beware of imposition and only buy new machines. There are no new first-class machines offered as low as the "Family," by many dollars.

Machines sent for examination before payment of Bill.

Extraordinary inducements offered to Clergymen, Teachers, Storekeepers, etc., to act as agents. Horse and wagon furnished free. For testimonials see descriptive books, mailed free with samples of work, liberal terms, circulars, etc.
