St. Patrick's Roman Catholic Church in Brunswick Street is to be rebuilt.

The Young Men's Christian Association are arranging for a course of entertainments to be given in Association Hall during the present winter, to be free to all the members. The course will consist of two socials and six lectures.

"BLACK DIAMONDS."—Rev. J. F. Avery lectured on the above subject before a good audience, in the Tabernacle, on Thursday night in aid of the Stellarton sufferers.

Some statements having appeared that a sufficiency of funds had been subscribed for the sufferers at Stellarton the Relief committee have published the following:

Resolved, That whereas it has been erroneously stated that more money is being subscribed than will be required for the relief of those suffering from the disaster at the Albion Mines, the press be requested to state most positively that there are no indications that under the most favorable circumstances more will be contributed than will keep the sufferers from actual want.

The committee pray the public not to stay their hands. There are requiring assistance, widows, 30; orphans, 123; aged parents, 9, total 162, including the 25 sufferers by the flood. Work being stopped at the pit those who are usually most forward in offering aid are altogether prevented from helping.

Relief meetings have been held at Truro, at Londonderry, at Bass River, at Dartmouth, and a number of other places and an active canvass is going on in the way of collecting funds for this very benevolent purpose.

At Annapolis Royal a large meeting was held on Friday evening at which Kings and Annapolis Counties were well represented, in the interest of direct steam communication between Annapolis and a port in England, for the transportation of apples, cattle, etc.

A unanimous resolution was passed to form a Joint Stock Company and a large amount of the stock was subscribed by the farmers and ship owners present.

The trial of Thibault for the murder of Charlotte Hill will commence in the Supreme Court, Annapolis, this day Wednesday, before Judge Weatherbe. Ald. Motton, Q. C., and Mr. J. W. K. Johnston, of Halifax will be among the counsel for the defence.

On Monday night last Mr. David Lawrence, of Amherst Head, while driving to Fort Lawrence, was thrown from his carriage, his horse running away, and received very severe injuries, three of his ribs being broken.

It is reported that a carpenter named Parcell, while repairing an old house at Broad Cove, recently found a pile of money under a decayed window sill, amounting to three thousand dollars.

The shop and contents, of Mr. J. C. Healy, at Wilmot station, was completely destroyed by fire on Friday morning. It is supposed to have caught from sparks from the stove. The loss is estimated at \$2,000.

Capt. Jackman found a dead sperm whale, ninety feet long, floating on the water off Indian Head, St. Georges Bay.

Efforts are being made toward getting a railway to Cape Tormentine. An enthusiastic meeting was held at Amherst on Wednesday last, at which resolutions were passed expressing the opinion that the route from Cape Tormentine to Amherst is the best for the proposed railway.

Mr. Chesley's lecture on "The Universal Order" is pronounced by our Wolfville contemporary as "hardly to be called a popular lecture, yet it was a pleasant address for those who are of a philosophical turn of mind."

The "PIERIAN SOCIETY" composed of the Lady students of the "ACADIA SEMINARY" propose giving a public Entertainment—Musical and Literary, on Saturday evening, Dec. 4th, the proceeds to be expended in purchasing books for the Seminary Library. A worthy object, deserving of all encouragement.

J. W. Barss, Esq., Warden of Kings County has received a fine photograph of the Governor General, with a complimentary note expressive of appreciation of kindness and attention shown on His Excellency's visit to Wolfville and other places in the county.

Quite an improvement is to be made in the old burying ground opposite the Baptist Church in Wolfville. The stone wall is removed preparatory to placing a new iron railing on the line of the street.

OBITUARY.—It is with feelings of regret that we record the death of Mr. F. D. Martin, of Belfast P. E. I. This young man came to the College about the first of October, and joined the Freshman Class, having the Christian ministry in view. Although apparently of robust constitution, he was taken sick soon after coming here, and died of Pneumonia last Sunday. His remains were taken to the station early on Monday morning and were conveyed by train to the bereaved relatives. The President, Professors, and nearly all of the students, with cap and gown, marched in procession to the R. R. Station, while the college bell tolled mournfully. At morning prayers, the President referred to the circumstances in a touching manner and ordered the usual college exercises to be dispensed with for that day.—Star.

It is a wise precaution to provide against emergencies that are liable to arise in every family. A cold may be a dangerous thing, or not, depending upon the means at hand to combat it. In sudden attacks of colds, croup, asthma, etc., Ayer's Cherry Pectoral will prove the quickest and most effective cure and your best friend.

Rev. E. H. Sweet, who formerly attended Horton Academy, is now pursuing his studies at Franklin College, Indiana. He contemplates returning to Nova Scotia next year and graduating at "Acadia."

The Museum of Acadia Seminary has received its second contribution in shape of an Alligator's claw, presented by Miss Fanny Thomas.

THE BEST REMEDY

Diseases of the Throat and Lungs.

Indispositions of the pulmonary organs a safe and reliable remedy is invaluable. AYER'S CHERRY PECTORAL is such a remedy, and no other so eminently merits the confidence of the public. It is a scientific combination of the medicinal principles and curative virtues of the finest drugs, chemically united, of such power as to insure the greatest possible efficiency and uniformity of results. It strikes at the foundation of all pulmonary diseases, affording prompt relief and rapid cures, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergymen's Sore Throat, Asthma, Croup, and Catarrh, the effects of AYER'S CHERRY PECTORAL are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept at hand in every household for the protection it affords in sudden attacks. In Whooping-cough and Consumption there is no other remedy so efficacious, soothing, and helpful.

Low prices are inducements to try some of the many mixtures, or syrups, made of cheap and ineffective ingredients, now offered, which, as they contain no curative qualities, can afford only temporary relief, and are sure to deceive and disappoint the patient. Diseases of the throat and lungs demand active and effective treatment; and it is dangerous experimenting with unknown and cheap medicines, from the great liability that these diseases may, while so trifled with, become deeply seated or incurable. Use AYER'S CHERRY PECTORAL, and you may confidently expect the best results. It is a standard medical preparation, of known and acknowledged curative power, and is as cheap as its careful preparation and fine ingredients will allow. Eminent physicians, knowing its composition, prescribe it in their practice. The test of half a century has proven its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.

GENTLEMEN,—About one year ago I got sulphur in my eyes, and suffered very much with them. I tried doctors' medicine, but it did them no good. A friend told me to try your

I did so, and one bathing cured them. Some time afterwards my wife's eyes got sore, and she used it with the same effect. I gave some to a friend who had Erysipelas for years, and after bathing with it great benefit was derived.
