

About a year ago, the lobster factory of Mrs. Barber at Prospect was burned. Assisted by her brother, Mr. James Power, the business was resumed this season, and located at Boutillier's Cove, St. Margaret's Bay. The new concern was just getting into comfortable working order, when on Sunday night last, the building, with all its contents, were burned.

The Nova Scotia Glass Company at New Glasgow are taking steps to get into active operation as soon as possible. The Furnace, which will cost some \$8,000, has been ordered from Pittsburgh, Penn., and is expected to be delivered about the 1st of June. The liberal offer of Mr. Harry Townsend of a free site for the factory on Brookside farm, near the Forge Company's works, has been accepted. The time for receiving tenders for the construction of the building will be up on Monday, the 16th.—Eastern Chronicle.

The new slaughter house at Amherst, Cumberland, has all the facilities for killing cattle rapidly. There is a set of rails overhead, on which rollers run, having hooks by which the animal is hung. A small boy can push the carcass of a large ox from the killing room to the refrigerator room with the greatest ease. The refrigerator is large enough to hold any quantity of cattle. Ice is piled all around it behind zinc plates. The butchers there think nothing of skinning and dressing an ox in twenty minutes, and disposing of a sheep in three.—Sackville Post.

INTERESTING TO GOLD MINERS.—Dr. J. H. Rae, of New York, who purchased the "Free Claim" mine at Renfrew in the fall of 1880, has brought another bar of gold, worth of \$1,000. The Free Claim property was abandoned some ten years ago, as it was considered the pay streak had run out, and that the mine was thoroughly void of value. Dr. Rae, proclaimed on his first examination of the Nova Scotian strata, that it only required capital, skill and perseverance to prove to mining men in the United States and holders of mines in this province, that the rich pay streaks could be found by deep sinking. Dr. Rae, after sinking through 80 feet of dead work and having gone through the break, has now in his shaft, at 250 feet, ore that is paying a handsome profit.

A vessel, built by Mr. Alpheus Marshall, 1,200 tons, was launched at Bear River on Saturday.

Dartmouth has had a little variety the past week:

The roof of L. S. Payzant's house was discovered to be on fire on Friday afternoon. It was soon extinguished. Glad it was no worse.

J. Wisdom & Sons' store was entered by burglars on Friday night, by boring round the lock. Some cents and tobacco were stolen.

A man of unsound mind named Griswold, 50 years of age, made an attempt on his life on Friday evening, but was discovered before life was extinct, and his wound dressed.

If a colored boy does anything bad it is generally put down against him and his race. Here is something different and it should not be unnoticed. A little colored boy picked up a purse containing \$10, near the Sailor's Home on Saturday morning. He enquired at the Home if anyone there had lost it, and ascertaining that they knew nothing of it he took it to the Police Station and left it for identification.

So great is the faith reposed in Ayer's Pills by those who have given them a trial, that the consumption of them almost passes belief, far exceeding any precedent. They cleanse the blood, improve the appetite, promote digestion, restore healthy action, and regulate every function. They are pleasant to take, gentle in their operation, yet thorough searching, and powerful in subduing disease.

It is said ease of mind assists longevity. A man who carries a policy of life insurance, in such a company as the UNION MUTUAL, certainly should have ease of mind, and therefore this must help to prolong his life. And should the "brittle thread" be broken, he has secured something for his dear ones. F. B. K. MARTER, Manager, Office Queens Building, Hollis St.

THE HIGHEST AWARD.—That Puttner's Emulsion stands to day higher and far ahead of any other compound of the kind, and is acknowledged by the profession to be the most reliable in the treatment of Wasting, Scrofulous, and Children's Diseases, and diseases of the Nervous System, where the brain is overworked, and the general system run down for the want of Phosphorus, which is the only Nerve Tonic.

On Monday, April 25th, at Kentville, Archie Judson, youngest son of the late Rev. A. I. Stevens, aged 8 months.

At Hantsport, May 9th, of heart disease, Frederic W. H. Wally, infant son of Capt. Fred and Fanny Wally.

At Masstown, May 4th, Margaret M. wife of Jasper McKinlay, Esq., aged 73 years. For many years sister McKinlay was a faithful and worthy member of the Upper Londonderry Baptist Church. After protracted suffering, borne with great patience, she gently passed away from earth to heaven.

Mrs. George Hatt, died at Chester, Lunenburg Co., on April 12th. Born in Scotland, she came with her parents while quite young to this country, and settled in Pictou Co. Love for the Saviour was manifested by her early in life, but she united with no church until she came to Chester. After carefully examining the word of God, being fully convinced of her duty, she was baptized in 1868, by the Rev. I. J. Skinner. Ten years of the fifty spent in this world were years of great suffering. In the midst of it all she was patient, and resigned to her heavenly Father's will. Thus a mother, whose sympathy, charity, and fidelity, have made a lasting impression on other minds, has passed from her suffering chamber to the palace of God. May the God of all grace warm the hearts of sorrowing friends with love to Christ, that they too, may be prepared to die in peace.

Aliee, beloved wife of Israel Allen, of Pembroke, and daughter of Deacon John Rose, of Hebron, entered into rest April 8th, in the 36th year of her age. Her sickness was very short—inflammation of the lungs. In less than a week she was taken, and had passed beyond where pain is never felt. She was a great sufferer, yet patient and conscious to the end. Christ was her support. The night before she died, though suffering extremely, she broke forth and sang sweetly and clearly two verses of that beautiful hymn, "It is well with my soul," and afterwards attempted to sing, "We shall sleep but not forever," but was not able to finish it. Her last hours showed most clearly the power of faith in Christ to support when passing through "the valley and shadow of death." She experienced religion under the preaching of Rev. J. H. Saunders, and was by him baptized into the fellowship of the West Yarmouth Church, in Feb., 1862, since which time her life has clearly shown her attachment to her Master. She was a devoted Christian wife and mother, and leaves a husband, five small children, and a large company of relatives and friends to mourn her departure. May the "God of all comfort," support and bless them. She has passed where—

Palms of glory, raiment bright, Crowns which never fade away, Gird and deck the Saints in light; Priests and kings, and conquerors they.

At Martock, Windsor, on Wednesday, May 11th, Jessie Black, youngest daughter of George and Hannah Taylor, aged 4 years and 11 months.

At Hantsport, March 16th, of inflammation of the lungs, Milledge Ralph, youngest son of John W. and Mary D. Churchill, aged 1 year.

At Peggy's Cove, May 12th, George Garrison, Senr., in the 78th year of his age.

At Yarmouth, on the 4th inst., Mrs. Mary C. Valentine, aged 84 years.

At Halifax, on the 11th inst., Margaret E. Crowell, widow of Robt. Crowell, in the 46th year of her age.

At Windsor, N. S., on the 11th May, Frances Elizabeth Cochran, in the 86th year of her age, only surviving sister of the late Rev. J. C. Cochran, D.D.

At St. Leonard's-on-Sea, in England, 21st April, John Spry Morris, Esq., late Commissioner of Crown Land Office, Halifax.

On the 14th inst., Thomas, second son of the late Thomas Casey, aged 32 years.

On Saturday, the 14th inst., Michael Kearney, in his 61st year.

On Sunday, May 15th, Peter H. Lenoir, Esq., of this city, Barrister-at-law, aged 56 years.

At Hampton Village, N. B., April 29th, after severe suffering, Charles Earle, only son of Mr. G. L. Harris, passed away to the land of rest, aged six years and six months.

At Tremont, April 16th, in the 75th year of his age, George Harvey Parker. Our deceased brother settled in Aylesford, at the close of the ever memorable revival of 1829. He frequently said I came among a praying people, and was thus led to feel that there was a reality in religion. In 1836 he united with the church of which he was a consistent and active member to the time of his death. His life was a fitting exponent of the truths he professed, and he occupied a high place in the esteem of his brethren. It was the writer's privilege to be acquainted with him only for a brief season—a few weeks. During this period a series of special meetings was held; he filled his place, and the one desire of his heart was, "Lord revive thy work and convert sinners." He met with us on Monday evening, and he filled his place testifying of the goodness of God. Smitten down on Tuesday, he lingered until Sabbath morning. He had much of the presence of Christ on his deathbed. Christ was precious, heaven near. "How blest the righteous when he dies."

At Kingston, May 7th, after a lingering illness, Silas Rogch, aged 24. Leaving a widowed mother, a sister and brothers to mourn their loss. In the space of 12 years our sister has been called to mourn over the death of husband, mother, brother and 4 children. Upheld by divine grace she is enabled to say, "It is the Lord, let him do as seemeth him good."—Com. by Rev. F. Beattie.

STAMMERING CERTIFICATE.

WE THE UNDERSIGNED, residents of North Sydney and vicinity in Cape Breton, having known Miss Lawlor when afflicted with, and often times pained to witness her struggling with the impediment of stammering, have now much pleasure in testifying through this medium, that she has been relieved of the above referred to difficulty. She can now give utterance to her ideas with a freedom of speech at once free, deliberate, and apparently without effort. We learn from her that she attended, last December, the Stammering Institute at Halifax, in charge of Mr. R. B. MACKINTOSH, he having been empowered to use the method first known to, and practiced by Professor Sutherland of London, Ontario. We heartily recommend those similarly affected as Miss Lawlor, to avail themselves of the privilege of attending an institution calculated to render such valuable aid to both old and young.

A PRACTICING MEDICAL DOCTOR

—CURED OF A—

SERIOUS LIVER TROUBLE.

LOWER GRANVILLE, APRIL, 1873.

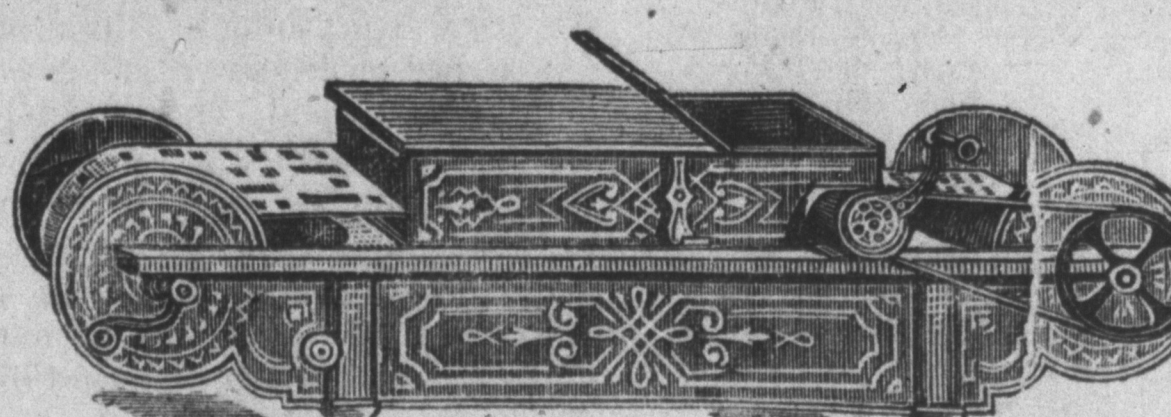

MY DEAR FRIEND:—I have always, until late, been a bitter enemy to all patent occult preparations in the shape of medicines for the sick. But in consequence of an unlucky fall from the deck of a schooner bound for Boston, I fell down into the cabin, by which, displacing two of the short ribs on the right side, the liver was so seriously injured that for twenty-four hours death was expected every moment. In a few days a boat was discovered in the ankles, pervading in a short time all the body. I used every medicine that medical art could devise, not excepting a thorough course of mercury, in order that the liver might be brought once more to perform its proper functions, but did not succeed until I had taken a jug full of your LIFE OF MAN BITTERS which you kindly sent me. After I had taken a few draughts I began to improve. I was always fond of Bitters, when scientifically prepared, and this induced me, although an unbeliever, to partake of liberal draughts in the morning at 11 o'clock, and 4 p. m., of your Bitters, and before I thought, was cheated into a cure so far as was possible. I am truly surprised that such a valuable and at the same time safe compound, should not meet with the liberal patronage that it, in my opinion, so justly merits.

I am yours respectfully, WILLIAM KENNEDY, M. D.

Are daily recorded in favor of

PUTTNER'S EMULSION.

IT VIGORATES THE GENERAL HEALTH.

From the Rev. Ralph Brecken, Pastor Brunswick Wesleyan Church, Halifax—

C. E. PUTTNER, Ph. M.,

DEAR SIR,—Having been induced to try your Emulsion Cod Liver Oil, as a remedy for Influenza, with Cough, Cold, &c., I have much pleasure in testifying to its beneficial results as compared with any remedy ever previously used. Unlike most Cough remedies, it neither nauseates nor weakens, but pleasantly invigorates the general health.

AS A TONIC FOR CONVALESCENTS, recovering from Diphtheria, Fever, and all exhausting diseases where the whole system is run down and requires building up, great benefit will be found by the use of

PUTTNER'S EMULSION AS A FAMILY MEDICINE.

Mr. Theakston, Secretary Y. M. C. A., says:

MR. C. E. PUTTNER, Ph. M.,

DEAR SIR,—I have used your Emulsion in my family for the simple cough, as well as for the more obstinate kind, also for general debility. In every case it has given the utmost satisfaction. I cheerfully recommend it as an excellent family medicine.

AS A BLOOD PURIFIER

It will be found to exceed the many medicines now offered, as it supplies the

BLOOD WITH IRON,

which is a constant and necessary constituent of the body, and must be regarded as an important FOOD, and so highly and justly recommended by the Faculty in the treatment of PALE, WEAK AND ANEMIC WOMEN AND CHILDREN.

The Trade says:

H. A. Taylor, Esq., President N. S. Pharmaceutical Society, says:

Taking all in all, I sell more of your Emulsion than all others combined, and have heard very favorable reports of benefits of its use. I consider it the best CREAM or EMULSION offered to the public, it being scientifically prepared, it remains permanent and unchanged.

For sale by all Druggists. Price 50 cents.
