

The Students of Acadia and Kings Colleges played a game of cricket at Windsor on the Queen's Birthday—the result of which was that the Kings men were the victors by 13 runs—the latter making 58, whilst the former made but 45 runs. The game was made an occasion of a pleasant meeting of the students of the two colleges and was much enjoyed by all present.

It is said ease of mind assists longevity. A man who carries a policy of life insurance, in such a company as the UNION MUTUAL, certainly should have ease of mind, and therefore this must help to prolong his life. And should the "brittle thread" be broken, he has secured something for his dear ones. F. B. K. MARTER, Manager, Office Queens Building, Hollis St.

April 27. STAMMERING CERTIFICATE.

WE THE UNDERSIGNED, residents of North Sydney and vicinity in Cape Breton, having known Miss Lawlor from afflicted with, and often times pained to witness her struggling with the impediment of stammering, have now much pleasure in testifying through this medium, that she has been relieved of the above referred to difficulty.

She can now give utterance to her ideas with a freedom of speech at once free, deliberate, and apparently without effort. We learn from her that she attended, last December, the Stammering Institute at Halifax, in charge of Mr. R. B. MACKINTOSH,—he having been empowered to use the method first known to, and practiced by Professor Sutherland of London, Ontario. We heartily recommend those similarly affected as Miss Lawlor, to avail themselves of the privilege of attending an institution calculated to render such valuable aid to both old and young.

MECHANICAL ORGUINETTE.

AN AUTOMATIC REED ORGAN.

"THE ORGUINETTE may now be called a celebrated instrument. In tone it is akin to the Cabinet Organ, but the organ must be manipulated by an artist in order to produce music; the ORGUINETTE is on the other hand entirely mechanical in its action, and at trifling expense it can be made to furnish an unlimited supply of all kinds of music. TORONTO GLOBE."

"THE ORGUINETTE is indeed a musical wonder. It is a miniature reed organ, with as strong and melodious a tone as a Cabinet Size. It surpasses the Cabinet Organ for the reason that the ignoramus in music can play it as well as the most accomplished professor. THE ORGUINETTE is strong and accurate in its mechanism and consequently not liable to get out of order."—MONTREAL GAZETTE.

"THE ORGUINETTE is the most perfect automatic musical instrument yet invented; its repertoire is unlimited, the tone is remarkably good."—MONTREAL STAR.

From the Rev. Ralph Brecken, Pastor Brunswick Wesleyan Church, Halifax—C. E. PUTTNER, Ph. AS A TONIC FOR CONVALESCENTS, recovering from Diphtheria, Fever, and all exhausting diseases where the whole system is run down and requires building up, great benefit will be found by the use of

Mr. Theakston, Secretary Y. M. C. A., says: MR. C. E. PUTTNER, Ph. M., DEAR SIR,—I have used your Emulsion in my family for the simple cough, as well as for the more obstinate kind, also for general debility. In every case it has given the utmost satisfaction. I cheerfully recommend it as an excellent family medicine.

AS A BLOOD PURIFIER It will be found to exceed the many medicines now offered, as it supplies the BLOOD WITH IRON, which is a constant and necessary constituent of the body, and must be regarded as an important FOOD, and so highly and justly recommended by the Faculty in the treatment of PALE, WEAK AND ANEMIC WOMEN AND CHILDREN.

The Trade says: H. A. Taylor, Esq., President N. S. Pharmaceutical Society, says: Taking all in all, I sell more of your Emulsion than all others combined, and have heard very favorable reports of benefits of its use.
