AN AUTOMATIC REED ORGAN.

"THE ORGUINETTE may now be called a celebrated instrument. In tone it is akin to the Cabinet Organ, but the organ must be manipulated by an artist in order to produce music; the Orguinette is on the other hand entirely mechanical in iis action, and at trifling expense it can be made to furnish an unlimited supply of all kinds of music. -Toronto Globe,"

"THE ORGUINETTE is indeed a musical wonder. It is a minature reed organ with as strong and meledious a tone as a Cabinet Size. It Surpasses the Cabine Organ for the reason that the ignoramus in music can play it as well as the mos accomplished professor. THE ORGUINETTE is strong and accurate in its mechanis and consequently not liable to get out of order." - MONTSEAL GAZETTE.

"THE ORGNINFTTE is the most perfect automatic musical instriment yet invented; its repertoire is unlimited, the tone is remarkably good."-MONTREAL
