

God in your body and spirit which are God's." "Whether therefore ye eat, or drink, or whatever ye do, do all to the glory of God." Paul "That ye should show forth the praises of him who hath called you out of darkness into his marvellous light." —Peter. Sabbath School Teachers may help usher in the time when

"Jesus shall reign where'er the sun,
Doth his successive journeys run."

The long put up prayer answered in full—Thy kingdom come, Thy will be done on earth, as in heaven. To whom be the glory for ever.—AMEN.

In Memoriam.

Died at Dundas, Prince Edward Island, on the 12th inst., Emilie, only daughter of the late Dr. T. C. Clay, and sister of the writer.

When nineteen years of age, deceased was united in marriage to Capt. Edward Saville, of Portland, Maine, a gentleman of amiable and generous disposition, and untarnished character. Their conjugal affection towards each other was never broken until they were separated by death; when in the year 1870 he with her two brothers were lost at sea.

She professed religion in her sixteenth year, and was baptized by the writer, and received into the church then at Lower Grand River, now Dundas, and has ever since continued a member.

In passing through her sad afflictions, she had many seasons of doubt and darkness; she never lost sight of the crucified One, through whom during her very painful interest and continued suffering even down to her last moments, she was enabled to triumph over death, trusting, "FULLY TRUSTING" in the merits of her Redeemer, and rejoicing at the near prospect of perfect and happy deliverance, and a glorious entrance into the everlasting kingdom of her dear Lord. A short time before her death, she requested her brother to sing, "Jesus, lover of my soul." But the hearts of all present were too full of sorrow to sing; and then after waiting a few moments she started it, and sang it through alone; thus, she passed to the better land singing:—

"Let me to thy bosom fly,
While the nearer waters roll,
While the tempest still is high."

By giving a place to the above, you will oblige a sorrow smitten brother,

EDWIN CLAY.

Halifax, Oct. 27th, 1881.

DEACON JOHN LOYD,
died May 1st, 1881, aged 78 years, at Lower Sable River, Shelburne Co. Bro. Loyd was brought to a knowledge of the truth early and was baptised by the late Rev. H. Saunders, and joined the Lewis Head Church. He was then chosen to be deacon with the late George Giffin.

There being a number of the members with our dear Brother located on the east side of the river, it was thought prudent to organize a church at that place. Brother Loyd was chosen deacon of the 2nd Sable River Church, and was a faithful servant of God. The church had no pastor to break to them the Bread of Life, and the burden of the church fell on him. A firm believer in the all-sufficient righteousness of Christ, he rejoiced in the hope of eternal life, and had a desire to depart and be with Christ. He has left an aged widow with a number of children and friends to mourn their loss, but "not as those who have no hope." The writer preached a funeral sermon from 2 Cor. v. 1. May all who attended him to his last resting place be able by joyful experience to say with the Apostle "For we know," &c.—Com. by Rev. J. F. McKenne.

East Ragged Island, Oct. 25, 1881.

RELIGIOUS INTELLIGENCE.

WOODSTOCK, N. B., Oct 28, 1881.—The friends at Wakefield, recently had their house dedicated. Rev. G. N. Ballantine preached the dedication sermon, followed by Revs. J. G. Harvey and B. Jewitt. There is considerable interest manifested at Simonds, Rev. J. W. S. Young has baptized six who had previously professed to have a hope in Christ. Rev. Geo. Howard is paying a short visit to his friends at Maugerville; there is a great deal of sickness here just now, several of our prominent members of churches having been called away. Brother Ballantine was called upon to attend two in one day, one here and one

at Benton. Bro. L. Todd consented to go to Benton. We are just informed that Rev. Joseph Cahill intends moving his family to Boston, we regret this, and hope he may return.

We are much pleased to read the discussions in the *Messenger*. Brother Bogg's statement very much relieves the impression that we had over here that he was so much used up when he returned. We are glad to hear from Bro. T. H. Porter, and hope that the good Lord may spare him for some time to assist in furnishing just such information as we receive from time to time in his letters. We hope that some more of our good brothers will take hold firmly of the denominational ship and assist in pushing forward its interests.

S.

LOCKPORT.—Rev. J. F. McKenne baptized one for the pastor on the 16th. The people have had under consideration the propriety of building a new church; action has been deferred to the ensuing year. The ladies of church and congregation recently paid a social visit to the pastor's wife, leaving her richer in sympathy and substance. These favors come not as heavy rains but distil as the dews.

News.

The Y. M. C. Association have made provision for a course of popular lectures for the coming winter. The following is the programme. Members admitted free. Non-members may obtain season tickets for \$1.00.

Nov. 29th.—Opening Social.
Dec. 13.—Lecture.....Mr. P. Lynch.
Dec. 27.—Lecture.....
Jan. 10.—Lecture....Hon. S. L. Shannon.
Jan. 24.—Lecture....Rev. A. MacArthur.
Feb. 7.—Social.
Feb. 21.—Lecture.....Rev. W. G. Lane.
Mar. 7.—Lecture....Rev. Prof. McKnight.
Mar. 21.—Lecture.....John Y. Payzant.
April 4.—Closing Social.

The Western Union Telegraph Co.'y has 160 men engaged digging a trench for the new American Atlantic cables from the beach to the cable house at Canso, N. S., a distance of seven miles. The trench is three feet deep, and is to contain four cables.

A large business is now being done in the shipment of dead meat from St. John to Boston. About 100 carcasses of beef, and between 400 and 500 carcasses of lambs and sheep are sent forward every week.

The Y. M. C. A Debating Club had under discussion, on Friday last, the question: "Is it expedient to abolish the High School in the city of Halifax?" Several gentlemen spoke on either side, Messrs F. J. Tremain, J. W. Longley, R. M. King on the affirmative, and Messrs F. Bell, Burbridge, B. Russell and B. F. Pearson in the negative. The debate was adjourned till Friday next:

At the meeting of the City School Commissioners on Thursday last, it was agreed to expend \$94 in painting and papering the rooms in the High School occupied by the Board. The rents paid to the Roman Catholic body for their school houses are:

St. Patrick's.....	\$525
St. Mary's.....	400
Russel Street.....	189
Convent.....	144
Sisters of charity, (St. Patrick's)....	50

\$1308

The Secretary, Mr. J. W. Wilson's salary, was increased from \$800 to \$900.

DALHOUSIE COLLEGE Winter session commenced on Monday of last week. There were thirty-six students in competition for the Munro Bursaries. Two of the competitors were ladies. Miss Lillie B. Colkin and Miss Margaret Newcombe, both of the Normal School Truro. They were both successful in securing bursaries.

The Inaugural Lecture was to be delivered yesterday afternoon by Professor Forrest.

The Halifax Cotton Factory is making some progress. A large number of men—upwards of a hundred and twenty were last week employed in excavating and levelling the way for the railway siding; only about a quarter of a mile is now wanting to make it ready for the rails. The laying of rails commenced, and will soon be completed when the work of preparation for building will be carried on.

A number of boys were amusing themselves with a pistol in a field south of the city on Saturday afternoon. A lad named Holland seeing them, warned them of the danger when, as he turned to go away, one of them by some means unintentionally and it is supposed accidentally touched the trigger when the pistol was discharged, and the ball grazed Holland's left temple. This should be a warning to boys, and to parents to forbid them from playing with such dangerous playthings.

Mr. A. McLeod of the Inland Revenue office has been bound over to appear before the Supreme Court in March, to answer certain charges against him in connection with his office.

The *Witness* informs us that it is being arranged by our city authorities to sell the present building used for city offices and add to the Market Building so as to make a comfortable and handsome City Hall.

It is also mooted to open the large lot on the corner of Grafton Street and Spring Garden Road and beautify it for public use.

The late gales have done much damage to the fishermen along the western coast; those living at Portuguese Cove have lost nets and gear worth over \$500.

Our farmers are getting excellent prices for their potatoes. They are selling from 60 to 70 cents. Apples too are selling from \$2.00 to \$4.00 according to quality.

Annapolis is exporting largely in fruit and potatoes, the steamer "Hunter" sailed on Thursday for Boston. She had thirty passengers and a freight of 1650 barrels and bags of potatoes. The steamer "Secret" left for Boston on Friday. She had sixty passengers, and 850 barrels and 130 bags of potatoes, and 140 barrels of apples.

Oxford cloths have of late been in such demand that the Oxford Manufacturing Company has not been able to fill its orders and consequently is under the necessity of enlarging its factory to keep up with the times.

The Halifax Medical College was re-opened for the Winter term on Thursday last. The introductory addresses were given by the President, Dr. R. S. Black, the order of lectures for the ensuing session was announced by the Registrar. The attendance this year is likely to be above the average.

Mount Uniacke has become much increased in its inhabitants by the gold mining in that neighbourhood. The inhabitants now number about 300, and wages average about \$1.25 per day. There are about seventy men and boys at work, the three crushers are operated day and night.

We hear that the sale of the copper mine at Dorchester was definitely closed on Friday, and that the price is \$270,000. —Globe.

The blood at times becomes loaded with impurities and moves thick and sluggish in the veins. This condition of the vital fluid cannot last long without serious results. An alternative is needed to purify the blood and impart energy to the system, and there is none better than Ayer's Sarsaparilla.

Those of the gentle sex who have experienced the pain and annoyance caused by excoriated nipples and inflamed breasts, can well appreciate the value of a remedy which removes the trouble. This is precisely what Dr. Thomas' Electric Oil does, besides curing, when used internally, asthma, croup and other maladies.

A. M. Hamilton, Warkworth, writes:—"For weeks I was troubled with a swelled ankle, which caused me much pain and annoyance. Mr. Maybee, of this place, recommended Dr. Thomas' Electric Oil for it. I tried it, and before one bottle was used I was cured. It is an article of great value."

THE HIGHEST AWARD.—That Puttner's Emulsion stands to-day higher and far ahead of any other compound of the kind, and is acknowledged by the profession to be the most reliable in the treatment of Wasting, Scrofulous, and Children's Diseases, and diseases of the Nervous System, where the brain is over-worked, and the general system run down for the want of Phosphorus, which is the only Nerve Tonic.

Jan. 19. 6m.

It is said ease of mind assists longevity. A man who carries a policy of life insurance in such a Company as the UNION MUTUAL certainly should have ease of mind, and therefore this must help to prolong his life. And should the "brittle thread" be broken, he has secured something for his dear ones. F. B. K. MARTER, Manager, office Queen's Building, Hollis Street.

THE BLOOD AND NERVE TISSUES

owe their healthy existence to Phosphorus and become disorganized when it is lessened in quantity. It is as necessary to the proper preservation of the functions of life as Electricity is to the Telegraph. The use of Phosphorus, combined with Col Liver Oil, Lime, Soda &c., in Puttner's Emulsion, by providing, in a palatable and perfectly digestible form, all the elements necessary to the healthy growth and vitality of the body, prevents and rapidly cures all diseases which are due to its being present in less quantity than nature demands. Hence its inestimable value in Brain diseases, Nervous debility, Wasting and other Lung troubles which, beginning in loss of flesh and vitality, with Coughs, Colds and Bronchitis, end in that fell destroyer of the human race—CONSUMPTION.

An Orthodox Hebrew newspaper says that in the "Reform" congregations "four-fifths violate the most essential laws of Judaism, and a large proportion do not think it worth while to circumcise their sons."

IMPORTANT NOTICE.

We beg respectfully to suggest to those of our Subscribers from whom we have not as yet heard this year, that we are very anxious to hear from them. Our necessities are great and pressing. It would be esteemed a special favor if they would send on without further delay, as we are desirous of meeting the obligations incurred to furnish them with their weekly supply of Christian literature.

The Congregational Union in England is a very influential body of Christians. They held their Autumnal session at Manchester a week or two since. They have done good work in spreading evangelical principles far and wide during the past half century. It was supposed that there would be about 1,400 visitors to the Union. The London Freeman remarks:—

"What the religious life of our nation would have been to-day but for the obstacles to its corruption raised by the free evangelical churches during the last fifty years, we shudder to imagine; and therefore it is fitting that our Congregational brethren should celebrate the jubilee of their "Union" in the indulgence of a holy and ardent gratitude to God, and with the solemn and prayerful resolve to address themselves with augmented zeal to the tasks which lie before them."

When the Union was first established there was great fear of interference with the independency of the churches, and strong checks were required to prevent this in their combined organization.

OBSERVE.—NEW SUBSCRIBERS FOR 1882 will receive the CHRISTIAN MESSENGER from the date of our receiving the amount of subscription—two dollars—to the end of 1882.

DR. CHARLES COGSWELL has made a donation of \$1000 towards the Endowment Fund of Kings College, Windsor. The *Church Guardian* states that "but few of those who are more immediately interested in the welfare of the College have, as yet, responded to the urgent appeal addressed to them, and we understand that no general canvass of these Provinces has yet been made, in consequence of the inability of the Committee to find suitable agents to undertake the work, which must, however, be accomplished without much longer delay, if our venerable Institution is to be preserved."

The same paper contains an appeal for students to the Academy, and complains that members of the Church "are constantly sending their sons away to other more distant Schools when they may obtain for them a thorough education to prepare them either for professional studies or for commercial pursuits in a school connected with their own University."

The seizure of indecent and immoral publications is going on but it is asked by many, Why are certain newspapers allowed to publish broadcast reports and other matters just as bad, and perhaps worse? The question is a very pertinent one.

TAKE NOTICE.—NEW SUBSCRIBERS.

Three copies of the CHRISTIAN MESSENGER to one address for Five Dollars; six copies to one address for Ten Dollars; and so on for one year.

HARPER'S MAGAZINE FOR NOVEMBER concludes the 63rd volume. It has a vast variety of literary and pictorial matter on subjects of interest to all readers. The following are some of these subjects:

In Cornwall with an Umbrella; A Week in a Dug-Out; Tilghman's Ride from Yorktown to Philadelphia, a Poem; Journalistic London. II; By the River, a Poem; Ohio's First Capital; The Sumac Gatherers, a Story; The Land of the Midnight Sun; Anne, a Novel; Tehuantepec, and the Eads Ship Railway; a Reminiscence of Arthur Stanley; The Man Who Came Home; My Swords, a Poem; A Laodicean, a Novel.

Each subject is abundantly illustrated making it a gallery of pictures as well as a repository of literary matter, poetry and prose. "Journalistic London" gives a most elaborate description of the London Times, and the various processes from the writers' manuscript to the bringing forth of its marvellous sheet, that has employed its army of compositors, stereotypists, readers &c., &c., the result of the hundred years since Sept. 7. 2m.

its first issue, under Mr. John Walter, the grandfather of its present chief proprietor.

"The land of the midnight sun" is an exhaustive description of Norway and Sweden, and the various peculiarities of domestic and social life of the Scandinavians.

Some exciting bits of Church of England History are given in the article on the "Reminiscences of Arthur Stanley," taken from the earlier days of Ritualism.

A BOOK ABOUT THE TELUGUS.—The 1st of December Mr. W. G. Correll proposes to issue a new book entitled "From Darkness to Light," written by Rev. J. E. Clough, Missionary of the American Baptist Missionary Union, to the Telugus at Ongole. The story gives a faithful picture of the home-life of the natives, and describes the conversion of one of the representative class and his advance from the darkness of heathenism to the light of Christianity.

Notices.

NORTH BAPTIST CHURCH TEA MEETING.

There will be a tea meeting in the North Baptist Church, on Thursday evening, Nov. 3rd. Addresses may be expected by Rev. Mr. MacArthur, pastor of the Granville Street Church, Rev. E. M. Saunders, Rev. E. J. Grant, Rev. J. W. Manning and others, the choir will give some choice selections of music. An interesting time may be expected, admittance and tea 35 cents.

Tickets can be had at Wood Bros., Granville Street, North Ferry Drug Store, Irwin's Drug Store, Gottingen St., and at the door. Doors open at 6.30, tea at 7 o'clock.

RECEIVED FROM WOMEN'S MISSION AID SOCIETIES.

Windsor—Miss E. L. Geldert.....\$9 25
M. R. SELDEN, Treasurer.
Halifax, Nov. 1st, 1881.

Rev. W. H. Warren wishes that all correspondence intended for him should be sent, as heretofore, to Bridgetown. The addition of the words "Financial Agent" will facilitate the transmission of such letters as relate to the Agency to the different places at which he, from time to time, may be.

Acknowledgments.

Dear Bro. Selden,—

Permit me to acknowledge the receipt of thirty-three dollars and fifty cents. A donation made me at the Sabbath School Convention held at Upper Aylesford, Sept. 22nd, 1881. May God abundantly bless the Brother who suggested the idea, together with those Brethren who collected, and each donor, all of whose names are in my possession.

R. S. MORTON.

Dear Messenger,—Please tell Brother Saunders that my people at Debert River, and adjacent places, have also made me glad, not by the present of an overcoat, but what is to me, at least, just now, more valuable still, an excellent cow, that will be a comfort to us through the winter; and Five dollars in addition to procure oats to keep my horse going. Please also say to as many of these friends as you have access to that we are exceedingly grateful for the unexpected favor; and remind the rest of your readers that they have it in their power to send beams of sunshine into the family of their pastor by similar acts of kindness.

M. P. FREEMAN:

Great Village, Oct. 31st.

AN ESSENTIAL OF HEALTH.—One of the prime essentials of health is the secretion of bile by the liver in due quantity and of proper quality for the use which Nature has ordained for this important secretion. Its gently stimulating and potent regulating action upon the biliary gland constitutes Northrop and Lyman's Vegetable Discovery and Dyspeptic Cure a most valuable specific for Liver complaints.

</
