HON. MR. GLADSTONE is employing the interval between Parliament assemblingin visiting the constituencies. He spoke at Leeds on Wednesday last, and explained the foreign policy of the government at a banquet in the evening, he said, "Justice to Ireland is a sacred duty, but it can never be performed tive display of fancy goods may be exwithout equal justice to England and pected. Admission 5 cents. Tea 30 Scotland. Ireland is in a great crisis, and on the working of the Land Act may depend the greatest issues with regard to her prosperity." Mr. G. is to visit his constituents in Scotland at the end of the mouth.

The Senate of Knox College, Toronto, offers a scholarship of \$100 for the best essay on "Scriptural authority for Presbyterianism in its essential principles," to be competed for by all who shall be theological students during the coming session in the various Presbyterian Colleges throughout Canada.

An excellent subject, as it will take the students to the Sacred Scriptures.

THE CHURCH OF ENGLAND in Halifax has openings for men of piety and ability. St. George's Parish, advertises for a Rector. \$1.200 a year is 7.30. named as the probable income.

The death of Rev. Mr. Abbott, of St. Lukes, makes a vacancy in the rectorship there, which it will not be easy to fill.

A sad accident occured on Saturday afternoon last; as Mr. Luke's steam launch Lady of the Lake was going from the city wharf to McNab's Island. About a mile from the shore, by some means his son 22 years of age trpiped and fell overboard. His brother immediately jumped into the boat alongside, but when only a few yards from him saw him throw his arms up and sink. All efforts to recover the body were unsuccessful.

The Supreme Court for the trial of criminals opened on Thursday last, and the Grand Jury was addressed by Chief Justice McDonald.

The Grand Jury is composed of the following names: Wm. Hedley (foreman), Jno. S. Maclean, Edwd. Donahoe, David King, Jno. C. Mahon, Jno. Mc-Lellan, Watson Eaton, A. R. Sutherland, Geo Curry, Wm. Campbell, Henry Bush, Jho. Courtney Jno. Blagdon, S. S. Forest. and Wm. Lawson.

The prisoners for trial are: F. W. Cunningham, obtaining money under false pretences; James Wise and Joseph Hawes, from Tangier, for assault; Thos. Hill, for stealing water pipes; Charles Clinch, for robbing Bishop's Chapel; Charles Murphy, Tangier, assult; Joseph Higgins, do., stealing gold quartz, and Jos. P. Cochran, for stabbing. The latter has escaped.

The summer season for tourists is now drawing to a close. There has been an unusual number at Montreal. It has been the most profitable season ever recorded there, the number arriving at the city hotels being from thirty to fifty per cent. greater than last year. The Windsor hotel receipts have increased \$200,000 this year so far, over

Ex-Alderman Ackhurst and Mr. Robt. Sedgewick are candidates for the Aldermanic Chair of Ward 1, vacant by Alderman Fraser's election to the mayoralty.

The first shipment of glass from the New Glasgow Glass Works to this city came on Monday. It consisted of 40 cases of lamp chimneys-thick, handsome and well made.

A new postal rule now makes the taking of a newspaper, and the refusal to pay for the same, a theft, and any person guilty of such action is liable to prosecution, the same as if he had stolen goods to the amount of the subscription.

One of our neighbors-who ought to know-says: flies may be effectually disposed of without the use of poison. Take half a teaspoonful of black pepper in powder, one teaspoonful of brown sugar, and one teaspoonful of cream. Mix them well together, and place them in a room on a plate where flies are troublesome, and they will very soon disappear.

A MISTAKE CORRECTED .- A short paragraph appeared in the Lunenburg Progress a week or two since, respecting a marriage "solemnized" by a sea captain on the coast of Labrador, stating that "in the absence of a regular clergy man such ceremonies were perfectly legal on the coast." The North Star of St. John's Newfoundland, to which colony Labrador is attached, explains the law in a very different way, asserting that the persons concerned are " not only not married at all, but are simply parties to a grave misdemeanor, involv ing a penalty on the officiating sea captain of two hundred dollars," with further penalties, "at the discretion of the court, against the proprietor of the paper who shall wilfully publish such statement of marriage." The Star advises the persons most interested to have matters set right at once by some

Pictou County Exhibition will be held at New Glasgow to-day and to morrow. From the number of entries of horses and cattle it is expected that it will be a larger Exhibition than has ever been held in the Eastern part of Nova Scotia.

Kentville is purposing to bring a supply of water into the town.

Yarmouth had a very successful Exhibition last week, commencing on Thursday. The fruit show was pronounced superior to any previous one. The exhibits in wrought iron, and iron castings were of a very superior character. The furniture was of a high order. Other manufactures in cloth and wollen goods generally were pronounced excellent. It was attended by very large numbers.

It is a great pity that we cannot more fully atilize our convict labor in Halifax The Sing-Sing Prison, New York, earned a net profit in the month of September of over a thousand dollars.

Beef canning is carried on extensively at Margaree, C. B. Mr. Taylor, the proprietor of the establishment, intends putting up 400 head of cattle this season. This enterprise is a great benefit to the farmers of Cape Breton.

Bears are plenty in the vicinity of Parrsboro, and are killing sheep and young cattle.

The catch of codfish and herring on the coast of Cape Breton has been larger this season than for many years. The mackerel catch is poor.

The new iron bridge across the Nappan river, made chiefly of old rails was formally opened to traffic on Monday of last week.

The country papers and those from the other provinces almost without exception speak in the highest terms of the late Exhibition in Halifax.

The Windsor Mail says: Halifax is now willing that Kentville or Truro shall have the Provincial Exhibition in the future. That is all very well, but the people have got something to say about it too, and have decided that Halifax is the most suitable place.

Yarmouth has a big job on hand. Sixteen miles of pipe are required to go through the streets of the town. 150 men have of late been employed in the

The steamer "Hunter," plying between Annapolis and Boston, met with an accident on Saturday morning, when within five miles of Annapolis, which will necessitate the steamer going off the route for at least three or four days. She had quite a good freight on board, and was running at her usual rate of speed when the crank pin broke. A tug-boat will perhaps be despatched to bring the disabled steamer to this port, where a new pin will be made and put in her. About \$50 will repair the damage, but the delay, particularly at this busy season of the year, will prove of considerable loss .- St. John Tele-

The Montreal weather prophet, Vennor, says: "Give notice at Newfoundland and ports in that direction of the probable approach of very stormy weather, with cold and snow, for a period between the 15th and 20th of the present month. It is said the partridges are feathered clear down to the feet, which is taken as an indication of a hard winter.

A lifetime of torture is often endured by the rheumatic. Their pangs may, however, be promptly relieved and the disease eradicated with Dr Thomas's Eclectric Oil, which is, moreover, a swift and thorough remedy for neuralgia, lame back, sores, bruises, frost bite, corns, excoriated nipples, inflamed breasts, liver complaints, and all affections of the breathing organs.

W. W. McLellan Lyn. P. O., writes:-"I was afflicted with Rheumatism, and had given up all hopes of a cure. By chance I saw Dr. Thomas' Eclectric Oil recommended. I immediately sent (fifty miles) and purchased four bottles, and with only two applications I was able to get around, and although I have not used one bottle, I am nearly well. The other three bottles I gave round to my neighbors, and I have had so many calls for more, that I feel bound to relieve the afflicted by writing to you for a

If people who are troubled with colds would make use of Ayer's Cherry Pectoral before attending church or public lectures, they would avoid coughing, and the comfort of hearers and speakers would be greatly promoted. The Pectoral enables public speakers to speak clearly and without fatigue, having an immediate and wonderful effect of increasing the power and flexibility in the voice.

THE HIGHEST AWARD.—That Puttner's Emulsion stands to day higher and far ahead of any other compound of the kind, and is acknowledged by the pro fession to be the most reliable in the treatment of Wasting, Scrofulous, an ! Children's Diseases, and diseases of the Nervous System, where the brain is over worked, and the general system run down for the want of Phosphorus, which is the only Nerve Tonic.

It is said ease of mind assists longevity. A man who carries a policy of life insur ance in such a Company as the Union MUTUAL certainly should have ease of mind, and therefore this must help to prolong his life. And should the "brittle thread" be broken, he has secured something for his dear ones. F. B. K. MARTER, Manager, office Queen's Building, Hollis Street.

THE BLOOD AND NERVE TISSUES owe their healthy existence to Phosphorus and become disorganized when it is lessened in quantity. It is as necessary to | It truly may be said of her that her path the proper preservation of the functions. of life as Electricity is to the Telegraph. The use of Phosphorus, combined with Cod Liver Oil, Lime, Soda &c., in Pur NER'S EMULSION, by providing, in palatable and perfectly digestible form, all the elements necessary to the healthy growth and vitality of the body, prevents and rapidly cures all diseases which are due to its being present in less quantity than nature demands. Hence its inestimable value in Brain diseases, Nevous debility, Wasting and other Lung troubles which, beginning in loss of flesh and vitality, with Coughs, Colds and Bronchitis, end in that fell destroyer of the human race—Consumption.

COQUETING WITH CONSUMPTION. Some people troubled with coughs seem absolutely to coquet with consumptionnow encouraging it by a total neglect of medicine, and again attempting to stave off with ill-chosen cough remedies. How much wiser to eradicate it at the outset by using Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. Promptitude in the use of this medicine cannot be too strongly urged upon those consumptively inclined, in a climate so severe during the winter as our own. The public generally as well as the medical fraternity, is acquainted with the value, as a remedy for throat and lung troubles, of purified oil of the Cod's liver. United with it in this standard Emulsion are the finest tonics in existence, namely lime and soda hypophosphites, of which the chief component, phosphorus, is an incomparable nutrient of the blood and invigorant of the system. Nothing builds up a brokendown system and enables it to resist the inroads of pulmonary disease like this leading preparation. Coughs, colds, asthma, brenchitis, soreness and weakness of the chest are among the bodily troubles which it overcomes, and in scrofulous affections it has been used with great success as a remedy. Sold by all druggists, at 50 cents and \$1.00 a bottle. Prepared only by Northrop & LYMAN, Toronto, Canada. Aug. 31.

Deaths.

At Centerville, Long Island, Digby Co.. Oct. 2nd, after several weeks painful illness, Mr. Noah Brown, aged 79 years.

August 24th, in the 75th year of his age. Mr. Elisha Eaton. The decease of our brother was sudden and unexpected. Leaving home in the morning in the discharge of business he arrived at his destination, when as in a moment he exchanged time for eternity. He was a native of Cornwallis, and baptized by Rev. Edward Manning in 1841. He subsequently removed to Aylesford where he has resided for 21 years. A man of generous impulses, his home was at all times open, and hospitality of the most open handed nature was freely bestowed. Strong in his convictions of duty, he pursued his course uninfluenced by outside influences, and will be long remembered as a man of uprightness and candor. In the doctrines of grace he was firmly grounded, holding them as the most powerful incentive to a godly life. The esteem in which he was held was evinced by the large concourse that accompanied his remains to the grave. He leaves an invalid widow, five sons and three daughters, to mourn the loss of an affectionate husband and kind father. We mourn not as those who have no hope.—Com. by Rev. F. Beattie.
