dence, by special license.

A fearful hurricane and snow storm visited England on Wednesday last, doing immense damage to property.
The railways leading from London were snowed up, and the passage of trains made impossible. No one remembers any such scenes as were presented.
They were almost indescribable. Travelling by wheels was entirely abandoned in London. Omnibuses and cabs ceased attempting to run. The only method of transportation was by the underground railroad and the elevated road on the Surrey side of the river. The tide in the Thames was the highest ever known, ten feet above the usual tide. The docks, Blackfriars Bridge, Lambeth and the Southern districts of London, on the Surrey side were overflowed. The damage by the flood of the Thames is estimated at £2,000,000. The Thames flooded the houses of Parliament. Many of the members were unable to reach the House. Houses have been rendered uninhabitable, and hundreds of people have been made homeless. Great damage has been done to the poorer sort of houses, and so badly injured as to make them unfit to live in after the water subsides. The scenes are terrible, and all the exertions which are being made in the midst of the storm are not adequate to relieve the distress which prevails.

The storm continued to Thursday and in some places the snow was seventeen feet deep and a number of teams im-bedded in it. Trains were snowed up everywhere.

On Thursday by a partial restoration of the telegraph in England instances of persons being overwhelmed by snow and frozen to death are reported from various districts. Railway trains, in some cases, were abandoned in snow drifts, where only the funnel of the engine remained visible.

The damage to the Dover Pier amounts to £10,000. Solid masses of concrete was scooped out by the waves, and stones weighing several tons washed NEW ADVERTISEMENTS.

The pier at Sound End, on the Thames, BRITISH AMERICAN BOOK AND opposite the mouth of the Medway, was carried away by ice. The boat aiding in the rescue of persons on the pier was 143 GRANVILLE ST., Halifax, N. S. swamped, and eight persons drowned.

prove immense. The loss of life is great. At Yarmouth seven vessels were driven ashore and fifty lives lost, including six life-boatmen. At North Shields a boat's crew of ten men were lost.

C. E. PUTTNER, PH. M. My Dear Sir,—You are at perfect liberty to use my name in connection with your excellent and valuable compound, as I consider, by the aid of Providence and your Emulsion, that it has been the means of saving my life. has been the means of saving my life. Some time ago I was suffering from the first stages of Consumption, as stated by my physician, completely run down with a severe cough, no rest at night, appetite completely gone, my whole system prostrated, and emaciated, and daily losing flesh and weight. My Physician ordered me your Emulsion, and the effect has been most wonderful: from January 15th most wonderful; from Januaey 15th to March 1st, I gained 38 pounds of flesh under your medicine, and am today in good health, and my lungs are as sound as ever. I found it very agreeable to take, and my appetite came back, and gave me great relief at night when the course came on and at night when the cough came on, and can cheerfully recommend your Emul-sion to those suffering as I have before using it.

I am, yours truly,

Combine the choicest cathartic principles in medicine, in proportions accurately adjusted to secure activity, certainty, and uniformity of effect. They are the result of years of careful study and practical experiment, and are the most effectual remedy yet discovered for diseases caused by derangement of the stomach, liver, and bowels, which require prompt and effectual treatment. Ayen's Pills are specially applicable to this class of diseases. They act directly on the digestive and assimilative processes, and restore regular healthy action. Their extensive use by physicians in their practice, and by all civilized nations, is one of the many proofs of their value as a safe, sure, and perfectly reliable purgative medicine. Being compounded of the concentrated virtues of purely vegetable substances, they are positively free from calomel or any injurious properties, and can be administered to children with perfect safety.

TESTIMONIAL. Acadian Mines, December 16, 1880. TO HOLMAN PAD CO., 119 Hollis St., Halifax.

GENTLEMEN, I suffered for many years from an impaired digestion, an evil which rendered me anything but an agreeable companion. At times, during an especially bad attack, the pain in the region of the heart would be terrific, causing me to become insensible in a moment. I tried many remedies, but without any permanent benefit; my last estate would be invariably worse than the first; until I concluded to try one of the Holman Liver Pads. During the first two weeks of wearing it, I thought it was like the many other remedies I had tried, unable to reach my case, but then I gradually began to grow better, a fact I realized in being able to lie upon my left side for quite a long time without inconvenience. I continued wearing the Pad, night and day, for nearly three months. I then felt so much better that I procured a second Pad, and wore it only in day which rendered me anything but an a second Pad, and wore it only in day time for two months longer; at the end of which time I ceased to be troubled with indigestion altogether, and spasms at region of heart are but of very rare occurence, and these I have no doubt, will ultimately cease. Perhaps a little further information from you on this point would hasten this desirable end. Without troubling you with further details of my complaints and sufferings, I have only to add that I can confidently recommend the Holman Liver Pad and Remedies from personal experience of the benefits derived from their use. And I consider that I cannot overstate their value to those similarly afflicted as I have
