

After the arrest of a man named Connell in Millstreet in Ireland, there were found a number of loaded revolvers, and among the documents in his possession a list of persons upon whom outrages were to be committed. The police found a large quantity of rifles, bayonets and cartridges in a vault of the Protestant church at Kilkishen, county Clare. It is believed that he is leader of a gang who have been committing outrages in the district of Millstreet for the past year.

It is proposed to have an Exhibition of Irish manufactures this year.

Three steamers engaged in the Mediterranean trade, were finally given up on Thursday last, as having foundered during the November gales. The probable loss of life involved will aggregate 110.

The meeting of landlords in Dublin yesterday, was expected to be very imposing. Over 2,500 tickets had been issued, and many have been applied for.

The St. Gothard tunnel through the mountains of Switzerland is so far complete as that a trial trip took place on Thursday last, occupying fifty minutes one way, and thirty-three minutes the other.

The Guiteau trial at Washington continues to drag its slow length along. The reports of the impatient juries and coarse remarks of the prisoner, keep up the excitement in the courtroom, but do not increase the respect of the people for the court. The prisoner is regarded as sufficiently sane to give him a place in the criminal's dock where he should have been from the first. The general effect of the testimony of the experts, is that he is perfectly sane, and was when he committed the murder of the President.

New York has raised \$6000 to help the Vienna sufferers. The names of 1000 persons who died from the effects of the fire there have been published.

Some disturbances occurred at Plymouth, N.C., last week, in consequence of two negroes shooting a constable in resisting arrest. Hundreds of armed negroes were in town swearing destruction to life and property, and a riot was feared.

The government of the city of New York costs upwards of thirty millions of dollars a year.

ONE DOLLAR EDITION. OF THE CHRISTIAN MESSENGER.

Some of our brethren, who are warm friends of the CHRISTIAN MESSENGER, and who are also in hearty sympathy with us in the desire that it shall reach not only every Baptist family, but all other families as well, without distinction, assure us that in addition to its present patrons and those who may be added to our present list of the enlarged Messenger at \$2, there are yet thousands of others who would without hesitation become subscribers to a

ONE DOLLAR EDITION

of the paper.

We propose therefore at the commencement of the New Year to get out such an edition every Wednesday, so as to meet the necessities of all, by providing a Weekly Newspaper of 24 columns, which shall contain all the Religious Intelligence, General News and other valuable information in Agriculture, Education, Science, Domestic Economy, Health Hints, Suggestions for improvement in the House and Farm, and advancement in all the Arts of life, as well as giving a large amount of Christian and General Reading.

This, we have reason to believe, will meet the necessities of the times, and will place within the reach of all what they are desirous of obtaining, without interfering with the regular issue of the Christian Messenger on Wednesdays. We respectfully invite the co-operation of our brethren and sisters young and old, in this endeavour to supply their neighbors with a

WEEKLY FAMILY NEWSPAPER

AT

ONE DOLLAR A YEAR. Six copies for \$5.

Any person who, BEFORE THE END OF THE YEAR, will send the names and subscription for five new subscribers, will get the sixth free. Here is an opportunity for industrious, diligent canvassers to earn two, three or four dollars a day.

By going into the locality, more or less near to your own residence, and showing to the people in their own homes the value of a weekly

family paper, you might without difficulty, get a large number, perhaps twenty or thirty subscribers in a day—which would be five dollars a day for the *Canvasser*. Care would be necessary in getting and sending to us the correct address of New Subscribers with the name of the Post Office, and the work would then be done.

This arrangement we are led to believe will be far more acceptable than the monthly issue.

To those New Subscribers who have already paid for the proposed Monthly, we shall send the first number in each month, but if any should prefer to have their names transferred to the list of subscribers to the ONE DOLLAR EDITION, we shall be pleased to do so on receipt of the difference in price.

PLEASE OBSERVE.—We shall be obliged to keep the list of Subscribers to the One Dollar Edition entirely on a Cash basis.

Money sent on by Post Office order or by Registered letter will be at our risk.

Review of Books.

THE NATIVITY: by A. H. Chandler, M.D., St. John, N. B., pp. 14.

This seasonable little poem published, we believe, for circulation among the author's friends, is a series of lively poetic pictures from the New Testament narrative of Christ's coming into the world.

TAKE NOTICE.—NEW SUBSCRIBERS.—Three copies of the CHRISTIAN MESSENGER to one address for Five Dollars; six copies to one address for Ten Dollars; and so on for one year.

A Sad Disaster

occurred to the Steamship Moravian of the Allen Line, on Friday last. She left Portland at 4.30 p.m. on Wednesday, and experienced thick fog and rain, and it was supposed on Friday morning that she was southward of Cape Sable, but at 9.30 p.m. she ran ashore on Mud Island, about 15 miles off Yarmouth. There was a very heavy sea on and a strong south wind blowing. It was hoped that when the tide was at its highest they would be able to get her off, but the strong wind and current had driven her so far on land that this could not be effected. A large part of her cargo was thrown overboard, but without avail. She continued to thump, and broke holes in her fore part. She had about 40 passengers. Her cargo is valued at \$244,550, and the ship at \$400,000. The latter will be a total loss and a large part of the cargo also consisting of cheese, butter, bacon, lard, beef, apples, and 29,285 bushels of wheat.

The University of Halifax, held its Annual Meeting, at Argyle Hall, on Wednesday last. A committee consisting of Chancellor Hill, the Hon. S. L. Shannon, Principal McKnight, President Inch, Dr. Black, Hon. Judge Johnston and the Registrar was appointed to observe the progress of events in connection with higher education, before the Legislature and otherwise, and to take such steps as may seem desirable in the interests of the University.

A GOOD BEGINNING.—Mayor Fraser made a good start when he inaugurated his term by a "Feast without the flowing bowl." He set a precedent which is likely to be followed. We notice that he has taken upon himself to "admonish" policemen with regard to profane language. This is also emphatically right. It is well that, in the case of the Chief Magistrate, example and precept should go hand in hand, and that deed and word should be on the side of purity in speech and sobriety in behaviour. City officials, from the humblest to the highest, should be sober, law-abiding men; and we thank Mayor Fraser for his efforts in the right direction.—Witness.

THE HEAVY GALE on Monday did great destruction among the old fences and trees of Halifax and other places.

WOLFVILLE shared largely in the injury from the gale. About a dozen of the large trees in the rear of the College were blown down, carrying the famous flag-staff with them.

A MYSTERIOUS TRAGEDY.—On the evening of Monday, Dec. 26th., a man claiming to be a deaf mute called at the house of a widow Munroe, living in a new settlement on a road running from this place to Springfield, Annapolis County; and asked for accommodation for the night, which was kindly granted by the widow and her family. About eight o'clock he was told by the family that he could retire to bed whenever he wished. On hearing this he went out of doors for a few moments. Shortly he returned, opened the door, drew a revolver, shot the only son about 18 years of age, the bullet entering the ear below the opening and lodging in the lower part of the head. Instantly he discharged a second bullet at the only daughter, of 12 years of age, entering between the right breast and the shoulder and lodging in her chest. Probably the next instant he would have shot the widow herself (probably not), but when the second shot was fired, the son not being rendered unconscious, made an effort to reach the assailant, who retired outside the door,

which was immediately closed by the inmates, who as well as they could barricaded the doors and the windows. The would-be murderer finding himself shut out, broke a pane of glass in one of the windows; and though for some time hailing to be a deaf mute, he now found his voice, and called for his hat, which was thrown out to him. The horrors of that dismal night spent by Mrs. Munroe, mourning her two children apparently in the agonies of death, and fearing to leave them, to make an alarm lest the murderer might be lurking near, can be more easily imagined than described. The assassin was seen early next morning, and before the alarm was spread, about 12 miles in the direction of Bridgewater. It is hoped that he will not escape justice. He has been around these parts for months enjoying the kind hospitalities of the people, prescribing for the sick, telling fortunes and using slate and pencil as a deaf mute. On quitting the house of Mrs. Munroe, he left behind him an overcoat, and about a quire of foolscap paper containing about a dozen pages of which he calls, "A sketch of my life," in which he describes his adventures in the Confederate army, as a spy employed by General Jackson in Virginia. This sketch is poor in spelling and punctuation, but the writing is plain, and some pencillings are fairly executed. There may be more of such fellows abroad, and it is a pity that the traditional hospitality of our people should be thus abused.

The son and daughter of Mrs. Munroe are still living, but it is very doubtful if either can recover.

Yours truly,
D. FREEMAN.
Dalhousie East, Kings County, December 27th., 1881.

The morning papers have accounts of the capture of the assassin near Bridgewater. His name is given as Arthur Armandale, but it has since been discovered that his name is Foster, son of Corbett Foster, who lived a few miles from Bridgewater. Several persons have recognized him, who formerly went to school with him.

Before coming to Nova Scotia he passed several months, disguised as a woman. Several robberies and attempts made in Bridgewater are now charged against him, but no evidence has yet been produced.

A Startling Fact.

Thousands of children have died of diphtheria this winter who might have been saved by a single bottle of *Johns' Anodyne Liniment*. It is a sure preventive of diphtheria and will cure nine cases out of ten. No family should be without it a day.

Dr. I. S. Johnson & Co., of Bangor, Me., will send by mail, postage paid, a quarter of a pound sample pack of Sheridan's horse and cattle powders on receipt of 25 cents. These powders are worth their weight in gold to make hens lay, and will prevent all manner of diseases common to hens, hogs and horses, including hog cholera.

Among the pains and aches cured with marvellous rapidity by *Dr. Thomas' Electric Oil*, is ear ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also the hurts, disorder of the bowels, and affections of the throat, to which the young are especially subject.

Mrs. W. F. Lang, Bethany, Ont., writes:—"I was one of the greatest sufferers for about fifteen months with a disease of my ear, similar to ulcers, causing entire deafness. I tried every thing that could be done through medical skill, but without relief. As a last resort, I tried *Dr. Thomas' Electric Oil*, and in ten minutes I found relief. I continued using it, and in a short time my ear was cured, and hearing completely restored. I have used this wonderful healer successfully in cases of inflammation of the lungs, sore throat, coughs and colds, cuts and bruises, &c.; in fact it is our family medicine."

THE HIGHEST AWARD.—That *Purkin's Emulsion* stands to day higher and far ahead of any other compound of the kind, and is acknowledged by the profession to be the most reliable in the treatment of *Wasting, Scrofulous, and Children's Diseases*, and diseases of the Nervous System, where the brain is overworked, and the general system run down for the want of *Phosphorus*, which is the only *Nerve Tonic*.
Jan. 19. 6m.

THE BLOOD AND NERVE TISSUES

owe their healthy existence to *Phosphorus* and become disorganized when it is lessened in quantity. It is as necessary to the proper preservation of the functions of life as *Electricity* is to the Telegraph. The use of *Phosphorus*, combined with *Col Liver Oil*, *Lime*, *Soda* &c., in *Purkin's Emulsion*, by providing, in a palatable and perfectly digestible form, all the elements necessary to the healthy growth and vitality of the body, prevents and rapidly cures all diseases which are due to its being present in less quantity than nature demands. Hence its inestimable value in Brain diseases, Nervous debility, Wasting and other Lung troubles, which, beginning in loss of flesh and vitality, with *Coughs*, *Colds* and *Bronchitis*, end in that fell destroyer of the human race—*Consumption*.

Acknowledgments.

Dear Editor,—In the distribution of Christmas gifts we were not forgotten. On the 28th inst., we were happily surprised by a number of our friends taking possession of our dwelling and providing a feast of good things, and spending a happy social evening with us; at the close of which a handsome present of a nice robe for my sleigh was given, and a present in money to Mrs. Bairs. May each donor be abundantly rewarded, and fully realise that it is more blessed to give than to receive.

A RIFT IN THE CLOUD.—Although I am not able to preach, we are still remembered by kind friends.

We were invited to take tea with a number of such, last Tuesday evening at the house of Mrs. Harriet McCully, Mass town. Revs. C. H. Martell and M. P. Freeman, (Pastor), were present. The collection and a few groceries were presented to us after tea, amounting to the sum of \$45.00.

We wish to record this very generous act with sincere gratitude, and tender our best wishes to every donor.
