The seed of the Word is adapted to every soil, to the nature and condition of man; but the soil needs to be prepared to receive it. We see the reason why so much gospel

preaching seems thrown away. It is sown upon the way-side, and upon rocky ground. The history of many a churchgoer is written here.

SUGGESTED LESSONS.

The sun sustains the healthy plant but withers the rootless one. Afflictions have the same effect upon true and false piety.

The test of good soil is its fruit. The one great business of the Christian is, to bear "much fruit." John xv. 8.

Jesus told the people about the sower while he was sitting out in the little ship near the shore. Jesus' stories are called parables. This is the parable of the sower. Read verses 3-8. Forty seven young ladies pursued collegiate studies at Harvard during the past year. Of this number all but eight were from Massachusetts. A correspon dent of the Christian Intelligencer, in a reference to the "Annex," says : "Greek and Latin received the largest share of attention from the Harvard women, twenty one grubbing among Greek roots, and seventeen among the Latin. Mathematics fascinated eleven, history twelve, philosophy nine, physics five, botany two, astronomy four. Although there there is so much woman suffrage 'in the air.' yet only one student took up political economy. Many fine courses were not taken. While eleven went to the German instructor, only two were here instructed in French, and two in Italian while nobody passed through the open door that welcomed them to a knowledge

of baptism performed by John was immersion. The record proves it. John baptized in Jordan. Jesus was baptized in Jordan. In the account of the baptism of Jesus given by Mark i. 9, the new version gives in the margin "into," instead of "in," as the literal Greek. Jesus was baptized into Jordan. Al the attending circumstances connected with John's baptism point to immersion. The act commended by Christ, and that performed by John were the same. The Holy Spirit has used the same word in every case where baptism is mentioned. Philip and the Eunuch went down into, and came up out of the water. Philip understood baptism to be an immersion.

The symbolic meaning of baptism demands immersion, No other act can symbolize the death, burial, and resurrection of Christ. This baptism of suffering points to immersion. Dr. Murray denied that baptism re-

quired any definite act. He claimed there were many acts by which one may be baptized. The choice is left with man. He referred to the account given, 1 Kings i. 32, of the anointing of Solomon, represented him as going down to Gihon, the pool Gihon, he said, and going into the water to be anointed. We have now come to the latter part of Christ's ministry in Galilee, and hear him expounding the nature of his Kingdom and the principles on which it would be established, in a series of parables, of which Mark gives us three. No house was large enough to hold his audiences. He therefore repaired to the sea-side, and, with a little boat for his pulpit, spoke to the vast company gathered on the shore. Our lesson is the first of a group of seven parables (is recorded by Matthew), with the interpretation of it subsequently given to his disciples.

Notes.—I. The Parable, (vs. 1-9). Verse 2.-Parables. Parable is from a Greek word, meaning to place beside hence, a comparison. The parables of Jesus were brief narratives, founded on fact, true to nature, and carrying in them veiled spiritual truths, which the hearers might not be able or ready to receive in a more open form. They generally rested on the common, familiar doings of every-day life. Doctrine. leaching.

Verses 3, 4.-Hearken. The parable is worthy of special attention. A sower. Some have supposed that Jesus used his illustration because of the casual appearance of a sower in a field within sight. Way-side. The fields were not fenced or hedged, and path ways ran directly through them, where, of course, the ground was not ploughed and prepared for seed, but made hard by travel. Luke says (viii. 5), that the seed "by the way-side was trodden water, he would explain why Philip down." The thought is, not that Christ spoke to them obscurely in parables for fear that they might be converted. But the phrase expresses lack of desire on their part to relinquish sin, which held them as a disease; an unwillingness to be healed through repentance and reformation.

III. The Parable Explained, (VSB. 13-20).

Verse 13 .- Having stated why he used parables, he proceeds to unfold the Parable of the Sower. Know ye not this parable? Even the disciples needed his interpretation, in order to have a right understanding of it. By expounding two of his parables, (the Sower and the Tares), Jesus gives a model for interpreting such as he has not explained.

Verse 14.-Sower. The chief sower is Christ : but every gospel teacher and preacher is a sower also. The word. Luke says (viii. 11): "The seed is the word of God"; that is, the written revelation (Mark vii, 13), or the spoken word (Luke v. 1), or Christ himself (John i. 1). Words are seed only as they are full of Christ. "Christ is the live seed, and the Bible is the husk that holds it."-Arnot. Christ the Sower sows himself, just as Christ the High Priest offers up Christ the Sacrifice. Verse 15 .- These are they, etc. There is no fault in the seed, or in the sowing;

but hard and unbroken hearts are not fit soil for saving truth. They "understand it not," (Matt. xiii. 19). It does not penetrate, or make an impression, but lies loosely on the surface of the heart, ready to be snatched away. They hear with the ear, but not with the soul; and Satan (Luke, the devil; Mark, the evil one) ever on the watch, cometh immediately. In the parable, it is the birds who catch up the seed thus ex posed. Here it is Satan, who sends wandering, or evil thoughts, to rob the

What does the root do for the plant? It takes in food ; it cannot get food from stones.

Verse 7. What are thorns or "weeds"? Which grow faster, weeds or wheat? From one little seed a plant could grow; when it is ripe, we might find at the top thirty little seeds just like the one we planted, or perhaps we might find sixty or even a hundred, all grown from just one little seed. In what kind of ground must the seeds be planted to bring forth so much

fruit as that?

Application.-Every lesson you learn out of God's Word is like a seed planted in your heart. Satan does not want you to remember God's words. If a child doesn't care very much and doesn't listen very well when he is taught, then God's Word only goes a little way into the heart, and Satan can easily take it out. Which ground is such a child's heart like? When a little child cares very much and tries very hard to remember and obey God's Word, then what kind of ground is his heart like ? Then God's Word goes down very deep, and Satan cannot get it away.

#### Behold the Lamb of God.

Now you shall see the full weight of sin pressing upon "the Lamb of God, which taketh away the sin of the world." Every morning and every evening there had been a lamb sacrificed in the tabernacle as the type and emblem of this Lamb of God who was yet to come. A pretty little innocent lamb that a child might fondle was brought up to the priest, and its warm blood was made to it in the face and it says: "Let us of which the others were but types. Him they took, silent, passive, submissive, and nailed him to the cross. There He hung in the glare of the sun till the torture of tender nerves in his hands and feet produced such fever in his flesh that he said, "My strength is brought me into the dust of death." Such was the dissolution of his entire frame it seemed as if he had no longer a solid body; it was melted with bitter no longer, and veiled his face; the earth could no more endure to be the

Any person who, BEFORE THE END OF THE YEAR, (we now extend this till the end of the present month) will send the names and subscription for five new subscribers, will get the sixth free. Here is an opportunity for industrious, diligent canvassers to earn two, three or four dollars a day.

Six copies for \$5.

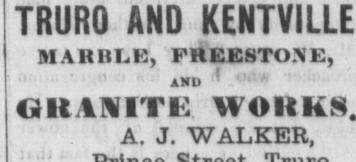

By going into the locality, more or less near to your own residence, and showing to the people in their own homes the value of a weekly family paper, you might without difficulty, get a large number, perhaps twenty or thirty subscribers in a day-which would be five dollars a day for the Canvasser. Care would be necessary in getting and sending to us the correct address of New Subscribers with the name of the Post Office, and the work would then be done.

This arrangement we are led to believe will be far more acceptable than the monthly issue.

To those New Subscribers who have already paid for the proposed Monthly, we shall send the first number in each month, but if any should prefer to have their names transferred to the list of subscribers to the ONE DOLLAR EDITION, we shall be pleased to do so on receipt of the difference in price.

PLEASE OBSERVE,-We shall be obliged to keep the list of Subscribers to the One Dollar Edition entirely on a Cash basis.

Money sent on by Post Office order or by Registered letter will be at our risk.
