A PROLIFIC SOURCE OF DISEASE. - A trifling indiscretion in diet may lay the foundation of confirmed dyspepsia, and there is no fact in medical science more positively ascertained or more authoritatively asserted than that dyspepsia is the parent of a host of bodily ills, not the least of which is contamination of the blood and the maladies of which that is the direct consequence. Their original cause is, however, thoroughly eradicated from the system by NORTHROP & LYMAN'S regularity and persistence in its use to cure dyspepsia and the many ills that arise from it. No deleterious mineral ingredient is contained in it, and though its action is thorough in cases of costing. its action is thorough in cases of costive-ness, it never produces griping pains in the abdominal region, or weakens the bowels like a violent purgative. It invigorates the system through the medium of the increased digestive and assimilative activity which it promotes, and is also a most efficient remedy for kidney complaints, scrofulous and all diseases of the blood, female weakness, &c., &c.
Price \$1.00. Sample bottle, 10 cents. Ask
for Northrop & Lyman's Vegetable
Discovery and Dyspeptic Cure. The
wrapper bears a FAC-SIMILE of their signature. Sold by all medicine dealers. April 5.
