

Three boys—Hanford Deboise, Barry Brown, and Fred DeLong—have been committed for trial on the charge of robbing Mr. Leighton's store in Wood street of \$60.00.

Mrs. Edward Mills, who was recently shot by her husband at St. Stephen is said to be in a fair way to recover.

Three young men were arrested in St. John on Thursday evening of last week charged with stealing about \$300 from the Telegraph Office in Portland, Me. One of them was employed in the office. They were taken to Portland.

The January deposits in the St. John Savings Bank, \$111,387.83; withdrawals, \$49,881.70.

A brakeman named Jones was killed on the 13th inst., on the New Brunswick railway, some distance beyond Fredericton, the cars passing over him. Joshua Brean lost his life on the Intercolonial on Monday near Memramcook. It is supposed he was sleeping on the railway track when the train passed over him.

Dominion of Canada.

The Dominion Parliament was opened at Ottawa, on Thursday last, by His Excellency the Marquis of Lorne. The Senators and Members of the House of Commons being summoned, the Governor General read his Opening Speech.

After alluding to the general prosperity of the Dominion during the past year, and the blessings of Divine Providence enjoyed by the country, he mentioned in suitable terms, the death of President Garfield by the hand of an assassin. He next alluded to his late visit to Manitoba and the North West. He said:

"From personal examination I can sincerely congratulate Canada on the possession of so magnificent and fertile a region, to be inhabited, I trust, in the course of years, by millions of thriving and contented subjects of Her Majesty. The immigrants have not confined themselves to Manitoba or its vicinity, but are scattered over the country westward to the base of the Rocky Mountains, and from the international boundary to the banks of the Northern Saskatchewan. It is therefore thought that the time has come for the division of the territories into four or more provisional districts with an appropriate nomenclature. This subject will be submitted for your consideration. During my journey I was met by numerous Indian tribes, all expressing confidence in the continuance of the traditional policy of kindness and justice which has hitherto governed the relations between the Government and the Aborigines. I regret, however, to say that the necessity of supplementing the food supply of the Indians still exists, and is likely to continue for some years."

"The influx of a white population has greatly increased the danger of collision between the settler and red-man, and in my opinion renders an augmentation of the mounted police a matter of urgency. Your sanction to this matter will be sought."

"The decennial census having been taken last year, the duty of reconsidering and readjusting the representation in the House of Commons is imposed upon you. A measure for the purpose will be laid before you."

Several other measures of importance will be submitted to you. Among them will be bills for the winding up of insolvent banks, insurance companies, and trading corporations; for the consolidation and amendment of the laws respecting the Dominion lands; for the amendment of the acts relating to the Supreme Court of Canada, and bills relating to the tenure of office and Judges of County Courts, and to fugitive offenders within the empire; and your attention will be called to the present anomalous position of the Vice Admiralty Jurisdiction.

The work on construction on that portion of the Canada Pacific Railway between Prince Arthur's landing and Winnipeg is being pressed to completion and it is confidently expected that in July next railway communications will be established between those places. The sections between Rat Portage and Winnipeg, 135 miles in length, has been completed and transferred, under the terms of the contract, to the Canada Pacific Railway Company, by whom it is now operated. Considerable progress has been made on the Eastern section.

In British Columbia the work upon the section between Savona's Ferry and Emory's Bar is being carried on with every prospect of its completion within the time specified in the contract. Upon the sections to be constructed by the Railway Company the work has been most energetically carried forward. During the past summer the road has been graded for the distance of two hundred and eighteen miles, and of this one hundred and sixty-one miles are completed and open for traffic. The company have in addition graded eighty-nine miles of branch lines.

I am pleased to be able to state that traffic on the Intercolonial Railway has largely increased, and that this line was, during the last fiscal year, for the first time in its history, worked without expense to the country.

Gentlemen of the House of Commons.—The accounts of the last year will be laid before you. It will be satisfactory to you to find that the expenditures have been less and the revenue considerable more than the estimates of last year, leaving a surplus of over four millions of dollars. A portion of this sum has been used in the reduction of the public debt by the redemption of matured debentures bearing six per cent. interest and the remainder applied to the payment for public works chargeable to capital account, the necessity of issuing the debenture loan authorized by Parliament for those purposes has therefore been obviated. The estimates of the ensuing

year will be submitted, and will, I trust, be found to have been framed with due regard to economy and the efficiency of the public service."

By the Herald we are informed that members are loud in their praise of the government's energy displayed in the promptness with which the annual reports have been prepared.

The following will be laid before Parliament as soon as the Address is passed: Public Works, Public Accounts, Auditor General's Report, Trade and Navigation Returns, Weights and Measures, Militia Report and the Report on the Minister of Railways' Land Returns. This is unprecedented in the history of the House.

After the adjournment of the House His Honor the Speaker sent for the members as the press gallery. They were cordially received by him in his private apartment. In a few words he referred to the work of the press and the high position it occupied in Canada. Though occupying a separate gallery, it was itself a parliament. It is a noteworthy incident unprecedented in the history of the press gallery, that all but three members are total abstainers.

In the Commons the first business was the introduction of the New Members elected to fill vacancies occasioned by death and appointments. Among these were Mr. A. W. McLellan of Colchester, N. S., and Mr. John MacDougal, of Pictou, N. S. The latter is one of the most youthful members of the House. The consideration of the Opening Speech was deferred till Friday.

Mr. Wallace will reintroduce his soft money resolutions at an early date, and Mr. Girouard will again try the fortune of his deceased wife's sister bill.

The first volume of the new census will be submitted to Parliament in the course of a few days.

Mr. John Costigan will introduce a bill to extend and assimilate the federal franchise of the various provinces.

The total liabilities of Canada, July, 1881, were \$199,861,537; assets, \$44,165,752; average rate of interest, or public debt payable in London, has steadily decreased from 5.63 per cent. in 1869 to 4.44 per cent. in 1881. Expenditure on capital account for the year was \$3,176,316. The Trade and Navigation returns show that the aggregate trade of the Dominion was in excess of any previous year since 1875, the figures being \$139,902,427, and for 1875, \$197,505,636. The exports were in excess of goods entered for consumption by \$6,679,219, but the total imports from 1868 to 1881, inclusive, exceeded the exports by \$65,595,601, being an average for 14 years of \$18,971,114 per annum.

No less than 15,000 blue books were sent out from the Ottawa post office in one day, and large quantities are still being away.

In the Senate after the opening, the newly appointed Senators were introduced; of these, one was from this province, Senator McKay from Truro.

The Princess Louise has consented to become patroness of the Women's Emigration Society.

Representatives of the Primitive Methodist Association of Toronto waited on Minister McPherson, and purchased six townships in the Quappelle district for Methodist colonization purposes. The block contains 123,000 acres and the price paid was two dollars per acre. Rev. M. R. Bee leaves for England immediately to bring out immigrants.

Some coal oil got on the floor of a house at Modoc, Hastings County. A man, thinking to remove it, applied a match; the house was ablaze in an instant, and his wife and four children were burned to death.

On Wednesday last, ten thousand dollars worth of twenty cent pieces, that have been withdrawn from circulation, were received at the finance department.

A locomotive factory is to be established in the East end of Montreal.

Windsor Hotel, Montreal, is to have a new wing costing \$100,000.

The railway again laid across the St. Lawrence on the ice at Montreal is said to be not a success.

The Government plans for lighting the canals by electricity are now open for inspection.

ANENT GOWNS.—The black gown, which for the most part has dropped out of use in the Church, together with the bands, which in the minds of some of the Fathers were supposed to symbolize the two tables of the Law, are likely to be adopted by some colored Methodist brethren. One of them lately appeared in the pulpit arrayed in the gown, and with very large bands, and created quite a sensation. It was a novelty that disturbed the peace of many, though there were some that thought the new habiliments lent dignity to the preacher.—Church Guardian.

Notices.

CORRECTION.—In our article "As it should be," last week, respecting the work of evangelizing heathen countries by means of native preachers, we were in error in speaking of the Seminary at Ramapatam, as "belonging to our Ontario and Quebec brethren." That is the institution of the American Baptist Union. The one established by our brethren of the Upper Provinces is at Samulocotta.

SABBATH SCHOOL CONVENTION.

THE BLOOD AND NERVE TISSUES

owe their healthy existence to PHOSPHORUS and become disorganized when it is lessened in quantity. It is as necessary to the proper preservation of the functions of life as Electricity is to the Telegraph. The use of Phosphorus, combined with Cod Liver Oil, Lime, Soda, &c., in PUTNER'S EMULSION, by providing, in a palatable and perfectly digestible form, all the elements necessary to the healthy growth and vitality of the body, prevents and rapidly cures all diseases which are due to its being present in less quantity than nature demands. Hence its inestimable value in Brain diseases, Nervous debility, Wasting and other Luxu troubles which, beginning in loss of flesh and vitality, with Coughs, Colic and BRONCHITIS, end in that fell destroyer of the human race—CONSUMPTION.
