The great want in Halifax at present is a larger amount of Hotel accommodation. We have a host of visitors who express themselves delighted with everything, and astonished that, with such magnificent surroundings, there is not provision made for the thousands who would be glad to come from the United States for a few weeks residence here.

Active efforts are being made to get up a grand Regatta in Halifax harbor some time this month.

The cable-steamer Minia is frequently brought into requisition for the work for which she is stationed here. Last week she went to St. Pierre and sailed thence on Friday evening to find out the break and repair one of the telegraph cables. Capt. Trott and his scientific corps seem now to think but little of going out into mid-ocean, picking up the cable from the bottom and giving it a splice. Truly these are wonderful times.

The Army Worm or something like it, has made a descent on our good city. On Saturday and Sunday last they were noticed in great numbers in the grounds of the Morris Street School. They are creatures of about 1 1/2 or 2 inches in length of a dark brown color. They devour every green thing in their way.

The Presbyterians had a Mission garden party at Hosterman's, North West Arm, on Saturday afternoon, which was largely patronized. The band of the French Admiral's ship was quite an attraction.

A few days ago a vein of copper was exposed at the Free Stone Quarry, at Port Phillip, at the mouth of River Phillip, Cumberland Co. It was about four feet wide where seen. The news was carried away by one of the employes of the quarry, and a Mr. McIntosh, of Oxford, hearing of it, posted to Halifax and secured a license to search. The quarry is owned by Messrs. J. R. Lamy, Capt. R. Lowerison, W. I. Moffatt and Rev. G. F. Miles, of Amherst, and was being operated for them under royalty. They propose to contest the title of Mr. McIntosh.—Chignecto Post.

Dr. J. W. McDonald, of Acadia Mines, was seriously injured by being thrown from a wagon on Monday of last week.

SERIOUS ACCIDENT.—A serious accident occurred on the 6th inst., to Mr. Thomas H. McKenna, formerly of Kings Co., N. B., residing in this place. He went to the woods to haul out a log of wood, having yoked up a steers not yet well broken. On his way out the log caught against a stone, on trying to get it free, the ox started quickly and the log striking him, knocked him to the ground and passed over his legs, breaking the right one badly about half way between the ankle and knee. Fortunately Mr. Geo. Ch. Hill was at work not far away, and he called for help to come to his assistance. Much sympathy is felt for our brother, in this being compelled to lay by in a busy season of the year. What makes his affliction more severe his son is just recovering from a hurt, having had a heavily loaded cart pass over his leg and ankle. Though not broken it is very badly injured.

REV. H. N. PARRY.

D. Sullivan, Malcolm, Ontario, writes: "I have been selling Dr. Thomas' Electric Oil for some years, and have no hesitation in saying that it has given better satisfaction than any other medicine, I have ever sold. I consider it the only patent medicine that cures more than it is recommended to cure."

The people of this country have spoken. They declare by their patronage of Dr. Thomas' Electric Oil, that they believe it to be an article of genuine merit, adapted to the cure of rheumatism, as well as relieves the pains of fractures and dislocations, external injuries, corns, bunions, piles, and other maladies.

We know of no way that we can benefit our readers more than by calling attention to Johnson's Anodyne Liniment. It is the oldest and most valuable patent medicine in the world. Everybody should keep it in the house. It will check diarrhoea and dysentery in one hour.

If the fountain is pure the streams will be pure also. So with the blood. If that be pure the health is established. Parsons Purgative Pills make new rich blood, and taken one a night will change the blood in the entire system in three months.

The use of Phosphorus, combined with Cod Liver Oil, Lime, Soda &c., in FERRER'S EMULSION, by providing in a palatable and perfectly digestible form, all the elements necessary to the healthy growth and vitality of the body, prevents and rapidly cures all diseases which are due to its being present in less quantity than nature demands.
