For the Christian Messenger.  
The Comet.

BY SILAS T. RAND, OF HANTSPOBT, N. S.

1. Thou glorious herald from the upper skies!  
So beautiful, so wondrous to behold!  
Spreading thy gorgeous grandeur in our eyes,  
Thy blaze, thy nucleus of burnished gold:  
What tidings does thy flaming form unfold?  
Comest thou a harbinger of peace divine?  
Or wert thou right, those sages grave of old,  
Who augured evil from such trail as thine,  
And saw portent of war and bloodshed in  
that shine?

2. Whence and what art thou? O mysterious  
Star!  
When wast thou made? of what? and  
where? and why?  
Thy circuit round this central Orb, how far?  
Who besides us can watch thee there on  
high?  
Gazing in wonder as thou rushest by:  
Admiring, shuddering, glorying at the sight—  
In other worlds do watchers "sweep the  
sky."  
To catch the first faint glimmerings of thy  
light,  
To gain a spark of glory from thy flaming  
flight!

3. Idle those questionings! yet thou hast a  
voice,  
A language every race of man may know;  
Thou bidst us in Jehovah's name rejoice;  
His lighted up thy torch! His bid thee go  
Thy mystic rounds, His wondrous works to  
show:  
Thy voice but mingles with ten thousand  
more,  
Proclaiming Him, that all His love may  
know,  
And learn His will, his wondrous ways ex-  
plore,  
Bow lowly at his feet, and worship and adore.

4. Well may they tremble who would  
dethrone,  
And weave a world, from "elements at  
war."  
By accident! nor skill, nor wisdom own:  
Well may they shudder lest "The Blazing  
Star!"  
By chance should "jump the Track," and  
smash the "Car,"  
Or plunge by headlong dash into the Sun,  
Scattering his Flame and Furnace wide and  
far,  
And all the planets into ruin run!  
How wonderful the "luck," this has not yet  
been done!!

5. But we who know God made and governs  
all,  
And see in all His wisdom, power, and love,  
Need never tremble "lest the sky should  
fall."  
His eye omniscient watches every move;  
High over all He reigns in heaven above;  
This wondrous mechanism in all its parts,  
He tends and guides, nought can superfluous  
prove,  
Nor ought defective—Master of all Arts  
Is God—in Him we rest, with trusting, joyful  
hearts.

6. Farewell, thou wondrous Orb! rush on thy  
way!  
Pass other worlds, and spread thy Maker's  
fame!  
We'll wait and watch for thy last glimmer-  
ing ray,  
Make record of thy visit, form, and name,  
(That ages hence may know thou art the  
same—)  
The year, the month, the day, where in the  
sky  
Thy place was—the size of nucleus and flame,  
That they may watch when thou art drawing  
nigh,  
To wave again that blazing banner up on  
high.

7. Farewell! bright star! but who will next  
behold  
Thee from this earth? to wonder and admire  
Thy flaming train; thy nucleus of gold;  
Thrilled as we now are with intense desire  
To scale the heights of knowledge, high and  
higher,  
To sound those mysteries of earth and sky—  
To boundless depths of knowledge we as-  
pire,  
For we shall rise to "manhood" by-and-by,  
To explore God's wondrous works, in that  
bright world on high!

A story is told by a French paper of two provincials, a man and his wife, who visited the Louvre, in Paris. What struck you most at the Louvre? asked one of their friends, when they returned home, and began to tell of the wonders they had seen. "Oh," replied the husband, "a picture which represented Adam and Eve, with the apple and the serpent. And his excellent wife chimed in, "Yes, we found that very interesting, because, you see, we knew the anecdote."

### Ecclesiastical Council.

Minutes of an Ecclesiastical Council for the purpose of ordaining to the work of the gospel ministry Bro. Isaac Chipman Archibald, convened at Halifax on the 18th day of October, 1882, pursuant to an invitation from the North Baptist Church of Halifax.

The pastor of that church took the chair, and, after announcing the object of the gathering, prayer was offered by Rev. John Miller.

On motion, Rev. J. W. Manning was elected Moderator, and George H. Fielding, Clerk. The Moderator then asked for the reading of the resolution of the church authorizing the call of Council. The credentials of delegates were then called for, when it appeared that the following churches were represented by the following brethren:

Granville St. Church—Dea. S. Selden, Bro. William Ackhurst.  
3rd Baptist Church—Rev. J. F. Avery, Deas. Benj. Hubley, J. E. Irish.  
Dartmouth Church—Rev. E. J. Grant, Dea. J. W. Johnston.  
2nd St. Margaret's Bay—Rev. A. W. Bards, Dea. C. A. Whitman.  
Sackville Church—Deacon Francis Webber.  
Truro Church—Rev. J. E. Goucher, Bro. L. J. Walker.  
Wolfville Church—Rev. S. W. DeBlois, D. D.  
Canard Church—Rev. S. B. Kempton, Dea. Benj. Eaton.

North Church—Revs. J. W. Manning, R. B. Philp, Deas. David Thompson, Norman McDonald, Bros. Albert Clements, Geo. H. Fielding.

The Foreign Missionary Board of the Maritime Provinces was represented by Rev. D. A. Steele, of Amherst.

By special invitation of the North Church, Rev. John Miller was present as a member of Council.  
Revs. John Pryor, D. D., and H. H. Johnston were invited by vote to seats in the Council.

On motion it was resolved that Bro. I. C. Archibald relate his Christian experience, call to the ministry, and views of Christian doctrine, which he did with great clearness and comprehensiveness. After a few questions from members of the Council the candidate was requested to retire, whereupon the following resolution was moved by Rev. E. J. Grant, seconded by Rev. J. E. Goucher, and passed unanimously:

"Having heard the relation of Bro. Isaac C. Archibald's Christian experience, call to the ministry, and views of Christian doctrines, all of which, in the opinion of the Council, were very satisfactory;

"Therefore resolved, That the Council recommend that the ordination of Bro. Archibald be proceeded with."

The candidate having been invited to return, the Moderator informed him of the hearty action of the Council in requesting his ordination.

It was then moved that a Committee to make arrangements for the ordination services be appointed, consisting of the following brethren: The Moderator, Revs. D. A. Steele, S. B. Kempton, Deas. S. Selden and D. Thompson.

The Committee having withdrawn, Rev. John Miller took the chair, and the time was spent in devotional exercises.

The Committee, through Rev. S. B. Kempton, reported, recommending the ordination service at 7.30 p. m., and the following as the order of exercises:

1. Preliminary devotional services by Revs. E. J. Grant and J. F. Avery.
2. Sermon, by Rev. D. A. Steele.
3. Prayer of Ordination by Rev. A. W. Bards.
4. Hand of fellowship by Rev. J. E. Goucher.
5. Charge to the candidate by Rev. S. B. Kempton.

The Committee's report was unanimously adopted.  
The minutes being read, the Clerk

was requested to send a copy to the CHRISTIAN MESSENGER and Christian Visitor, requesting publication.

The Council adjourned till 7.30 p. m. At the hour appointed a large congregation assembled, when the order of services as above was proceeded with. All the members to whom the different parts were assigned discharged their duties to the satisfaction of a most interested audience.

The sermon from Luke iv. 18 was a masterly exposition of the qualifications and endowments necessary to a successful minister of the gospel, the preacher emphasizing the presence and power of the Holy Spirit.

The Moderator having declared the proceedings of the Council at an end, after the doxology was sung by the choir the benediction was pronounced by the candidate.

J. W. MANNING, Moderator.  
GEO. H. FIELDING, Clerk.

[We may say, in addition to the above, that the proceedings were rendered specially impressive by the intelligent explanation of the proceedings, and the appropriate remarks of the Moderator on introducing each speaker to the congregation.

The anthems, too, were well chosen, and executed with taste and spirit by the excellent choir of the church.

The speaking was all of a very suitable length. The brief address of Mr. Archibald formed a most fitting close of the service, leaving a solemn impression on the minds of all.—Ed. C. M.]

HANTSPOBT.—Rev. W. J. SWAFFIELD has accepted a call to the pastorate of the Church at Hantsport and purposes commencing his ministry there the first Sunday in November.

This will leave a large field of labor open at Billtown which we trust will soon be supplied with a faithful earnest minister of Christ.

We understand that the Church at Windsor has given a call to Rev. S. B. Kempton, but we are not yet informed if he has accepted the invitation. The Church at Canard had not given their consent when we last heard. We trust that the Church and its esteemed pastor will be divinely directed in this important matter so that whether Mr. K. shall remain, or remove to Windsor, it may be evident that the divine approval rests on all concerned.

PINE GROVE, MIDDLETON.—It was my privilege to administer the ordinance of baptism, again yesterday, at Pine Grove. We lately received two by letter at Hanley Mountain. We are having no extra meetings, yet one by one the Lord is gathering in precious souls. There are others seriously looking forward.

I wish also to acknowledge a generous donation, (not salary) from Hanley Mountain, and also a very valuable present from the ladies at Pine Grove. The outlook of the church at present is hopeful.

Yours in the gospel,  
Oct. 22. J. H. ROBBINS.

METHODIST.—A tea meeting was held at Margareville on the 27th ult. The receipts from all sources reached the sum of \$500.

The inside of the church at Follis Mountain is finished. About \$65 was raised a month ago by a tea-meeting.

Fifteen months ago the debt on the church at Spring Hill Mines was \$600. With the aid of a loan from the Parsonage Aid and Church Extension Fund the whole has been paid. The church has been moved to a new and eligible site given by the Spring Hill Mining Company.

The Wesleyan Christian Advocate reports in one issue from the preachers of the two Georgia and Florida Conferences more than twelve hundred additions to the Church.

The Judge said that he had been credibly informed that the prisoner's whole life had been that of an incorrigible man, on whom public trial, fine and imprisonment had produced no effect. He would try if his feelings could be reached in another way. The sentence of the court was that the prisoner be taken to the place whence he last came (the County Jail) and there be imprisoned for the period of one year with hard labor, and receive twenty lashes on the bare back, to be administered with the instrument called the cat, within the precincts of the jail, under the supervision of the Jail Surgeon.

### An Extraordinary Offer.

There are a number of persons out of employment in every county, yet energetic men willing to work do not need to be. Those willing to work can make from \$100 to \$500 a month clear, working for us in a pleasant and permanent business. The amount our agents make varies, some make as high as \$500 a month while others as low as \$100, all depending on the energy of the Agent. We have an article of great merit. It should be sold to every House-owner, and pays over \$100 per cent profit. Each sale is from \$3.50 to \$10.00. One agent in Pennsylvania sold 32 in two days, and cleared \$64.00. An agent in New York made \$45.00 in one day. Any man with energy enough to work a full day, and will do this during the year can make from 2,000 to \$5,000 a year. We only want one man in each county, and to him will give the exclusive sale as long as he continues to work faithfully for us. There is no competition, and nothing like our invention made. Parties having from \$200 to \$1,000 to invest, can obtain a General Agency for ten counties or a State. Any one can make an investment of from \$25 to \$1,000 without the least risk of loss, as our Circulars will show that those investing \$25 can after a 30 days trial return the goods unsold to us and get their money back, if they do not clear at least \$100. We show that a General Agent who will take ten counties and invest \$216.00 can, after a trial of 90 days return all goods unsold to us, and have money returned to them if they fail to clear at least \$750 in that time. There are many persons having money to invest, who could not give the business personal attention—such can employ sub-agents without leaving home—making a small amount yearly out of a very small investment. We are not paying salaries, but want men willing to work and obtain as they pay the profits of their energy. Men not willing to work on our terms will not work on any. Those meaning business will receive our large descriptive circular, and extraordinary offer by enclosing a three cent stamp, with their address. The first to comply with our terms will secure the county or counties they may wish to work.
