The results of the floods in Central Europe are beginning to be ascertained. In Wiesbaden the Rhine floods destroyed five villages, and two hundred Miss Lois Smith, per Mrs. Estaand fifty houses have fallen. Typhoid fever has appeared at Mayence as a consequence of the late floods. The estimated loss by floods just subsided is double that caused by the last previous overflow.

A despatch from Wiesbaden on Thursday said the Rhine is beginning to fall. Thirteen persons were drowned at Friesenheim. In all sixty or seventy lives have been lost by the floods. The water is penetrating the foundation of fortifications at Mayence.

Frequent robberies in houses abandoned on account of the floods have induced the authorities to station fitteen troops at each deserted village, with orders to shoot unauthorized persons attempting to escape when challenged by the guard. The Empress has sent 1.000 marks to aid the sufferers by the floods.

The town of Robstadt with the exception of the church and houses of clergy, is deeply submerged. Water in many houses nearly reaches the roofs. In Friesenheim on the Rhine the scene beggars description.

At Frankfort a boat conveying passengers on Tuesday from Oppan to Lardiengshaben was dashed against a tree and thirty-five persons drowned. The railway between Geneva and Bellegrade is washed away. Direct railway communication with France and Italy is interrupted. Ten thousand persons are rendered homeless by floods in the district near Worms and they are in danger of starvation. The great Rhine dam gave way on Jan. 3. A steamer and 45 boats resened the people by torchlight. The large railway bridge over the Wolfville. Danube has been demolished. A despatch from Wiesbaden reports that 3,000 persons are homeless at Ludwigshafen, 2,000 at Manheim, and 2,000 at Worms. They are lodged in school houses and churches. More dikes are broken at Mayence. tax. A bridge of boats at Ottensheim was washed away with several persons on them. The boats floated down to Linz, where those on board managed to run them ashore.

PUTTNER'S EMULSION

Has triumphantly marched to the front ranks as a Pharmacantical preparation with victorious results.

READ THE FOLLOWING:

MESSRS. PUTTNER EMULSION Co., of Halifax, N. S., HALIFAX, Oct. 3rd, 1882 GENTLEMEN-We have pleasure in stating that our sales of your EMULSION OF COD LIVER OIL are steadily increasing, amounting now to about a thousand bottles monthly, and that it seems to give very general satisfaction. Dur-ing our long experience (over fifty years) in the Drug business we have seldom met with any preparation of similar character which has obtained so large a sale, or so wide a popularity, not only with the general public, but also amongst MEDI-CAL MEN. These results, we believe, are largely due to the merits of your specialty, as well as to the skill with which it is prepared, and the moderate price at which it is supplied to the consumer. Yours resp'y,

BROWN & WEBB, WHOLESALE DRUGGISTS, etc., etc.

N. B--The physicians of Ontario inform our agent, who has lately interviewed them, that one great advantage PUTTNER'S EMULSION holds over all others is that it is so easily digested, and their delicate patients after rejecting all other EMULSIONS can retain PUTTNER'S with ease.

Dear Editor,-

I desire to acknowledge the kindness and generosity of brethren and friends of the Second Horton Baptist Church, towards me and mine on Christmas night. At our last Conference held in the Black River Section of this Church, A decree is published at Cairo the brethren decided to make their pastor a Donation Visit.
