### CHRISTIAN MESSENGER.

#### Nova Scotia.

f The Dry-Dock Delegation left for Ottawa on Wednesday. The gentlemen composing the delegation are His Worship the Mayor, Messis. John Doull, T. E. Kenny, James J. Bremner and Ald. McPherson, with His Honor the Recorder and the City Engineer as consulting attendents.

The Roman Catholics are moving for a new College building here for the education of boys. At a private meet ing at the Glebe house on Monday evening over \$8,000 were subscribed to the object, and a committee appointed to solicit further contributions. It is pro posed that it shall be at Du ch Village, and is estimated to cost \$35 000 It will be remembered that the late Senator Power left a hundred thousand dollars to aid in setting up such a College. Hon. Mr. Butler has subscribed \$5,000, and others are giving liberally.

It was the intention of the City Board of Works to commence cleaning the streets on Saturday last. They invite farmers to come aud take away the sweepings.

DALHOUSIE COLLEGE .- Mr. Munro has added to his former benefactions another one in the form of a Law Professorship. At a meeting of the Governors of Dalhousie College, held Wednesday, Prof. R. C. Weldon, Ph. D., of Mount Allison Wesleyan College, was appointed to the Chair of Law recently founded by Geo. Munro., Esq., of New York, and steps were taken towards the organization of a Law Faculty. G. M. Campbell, Esq., B.A., and J. S Trueman, Esq., B. A., were appointed to the Mathematical and Classical Tutorships, respectively. Messrs. Campbell and True man are both Graduates of Dalhousie

THE PROVINCIAL EXHIBITION is to be held at Truro on Monday the 24th of September. The Committee are at work making necessary preparations. Colonel Blair, M. P. P., is the Chairman and E. W. Hamilton the Secretary.

The Dominion Exhibition will be held this year at St. John, N. B., opening on the 2nd of October. A letter from J. L. Inches, E.q., to Dr. Lawson in the N. S. Journal of Agriculture says :- "The Dominion Government have promised the usual grant of \$5,000. thereby stamping it with the title of Dominion ; and, in consideration of this being the anni versary of the landing of the Loyalists, that Government promise an additional \$5,000, making \$10,000 from Ottawa; our Government give \$10,000, and the City of St. John \$5,000, in all at this time \$25,000, while it is probable other grants will yet be obtained. A second Crystal Palace, 200 feet long and three stories high, is being built. The Drill Shed will be used as a Machinery Hall, and additional structures will be put up for Agricultural Implements, &c. All this will give far more room for

exhibits than for any former Exhibition in the Maritime Provinces. Of course there will be, in addition to the above, ample accommodation for Stock.

The Roman Catholic and the Anglican Catholic churches are said to have been highly decorated on Easter Sunday last. At the Bishop's Chapel (Church of England) on Sunday evening there was a great crowd attracted by the announcement of the musical performances. There was an addition of fourteen reed and string instruments from the regimental bands with the choir and organ. At the close of the service five Easter carols were sung, between each two, the orchestra played a selection. The floral decorations were most elaborate.

and all scrofulous diseases, Sores, Erysipelas, Eczema, Blotches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AVER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores. "Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me. Yours respectfully, MRS. ANN O'BRIAN." 148 Sullivan St., New York, June 24, 1882.

All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure . in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge.

The well-known writer on the Boston Herald, B. W. BALL, of Rochester, N.H., writes, June 7, 1882:

"Having suffered severely for some years with Eczema, and having failed to find relief from other remedies, I have made use, during the past three months, of AYER'S SARSAPA-RILLA, which has effected a complete cure. I consider it a magnificent remedy for all blood diseases."

# Ayer's Sarsaparilla

College and both took bonours and gold medals in their respective subjects. The Board of Governors also agreed to transmit to the Lieut.-Governor Mr. Munro's nomination of the Chief Justice and Wallace Graham, E:q. Q. C as governors.

An effort was made the other day to sell Salem Church. The only bid was one of \$8,000 and it was withdrawn.

A SAD CASE. - It is stated that a young man named McDonald died in jail in Pictou the other day while undergoing imprisonment in default of \$300 fine awarded a Miss Cameron in a breach of promise suit brought by her last fall. -Chronicle.

The Lingan C. B. miners who are on a strike have been giving some trouble by attacking the men employed and beating them severely. The manager had to telegraph to Sydney for some constables. The assailants had beaten and cruelly kicked the others because they were willing to work.

Since January the Lingan mines, after by non-union men.

The death of Dr. Moren rendered it necessary for a new City medical officer to be elected. The election took place on Wednesday and resulted in the appointment of Dr. Thos. Trenaman who received 12 out of 13 votes. We doubt not Dr. T. will prove a very efficient officer.

At the meeting of the City Council on Wednesday the plans for the new Poor House sent by the Board of Commis sioners of Public Charities were inspected by the Council and on motion it was resolved that they unanimously approve the selection by the Board of Mr. Busch's plans.

THE GREAT FRESHET .- The great fall of rain, and the consequent thawing of the snow on Tuesday and Wednesday last, caused extraordinary freshets in many parts of the country. It was felt very severely in Horton and Cornwallis. The railway track was for several miles under water. In some places the W. & A. Railway was two or three feet submerged. It was feared that the road bed would be greatly injured. At Truro the railway yard was badly

flooded. The Salmon River was immensely enlarged by the freshet. The River Philip bridges were in great

danger of being carried away. Quite a number of the smaller bridges were destroyed, and some of the larger ones. It will cost a large amount of money to repair the damage done.

WINDSOR is making progress with its

sia so badly as to render life almost a burden. Three bottles, of Burdock Blood Bitters cured him.

Have you a cough? Sleepless nights need no longer trouble you. The use of Ayer's Cherry Pectoral before retiring will soothe the cough to quiet, allay the inflammation, and allow the needed re pose. It will, moreover, speedily heal the pulmonary organs, and give you health.

New Brunswick.

The Hon. Attorney General Blair was elected on Saturday last by a majority of 780 votes.

Dominion of Canada.

The change of the Dominion High Commissionership in London has been a subject of some interest for weeks past. On Monday of last week in answer to a question put by Mr. Blake in the House of Commons Sir John said Sir A. T. Galt a protracted strike, have been operated had resigned as High Commissioner, but has been asked to hold office till the Spring.

On Thursday a despatch to the Chronicle stated that Sir Chas. Tupper had accepted the High Commissionership to England. That his resignation as a member of the Ministry was in the hands of the Premier. All his household goods were shipped by rail for Halifax to-day, and that he had sold his residence at Ottawa. There is some doubt as to the correctness of this report.

†Roman Catholic population. \*It may be of interest to some to know that these several bodies besides those designated "Baptists" practise believers' Baptism. Some correspondence has just passed between the Bishop of Chichester and a visitor to Brighton respecting certain ritualistic practices at St. Bartholomew's Church. Brighton. Mr. Brown directed special attention to the fact that prayers for the dead were invited, the first name on the list being ' Archibald Campbell, Archbishop of Canterbury,' and to the burning of lamps over the Communion table, which were certainly not required for purposes of light, and reminding his lordship that some time ago two or more curates of this church, the organist, and some of the congregation joined the Church of Rome.
