

Rev. W. H. V... pastor of the Baptist Church in Bridgetown, is absent at present on a lecturing tour in the interest of Acadia College.

DONATION.—The Rev. E. H. Sweet, of Acadia College, spent his vacation at Port Lorne and Hampton, his former field of labor, and by donations received in cash \$82.

The ladies of St. James' Church, Bridgetown, contemplate holding a Bean Social about the first week in February. [It seems there is not only "sermons in stone"—but sociability in beans—and "good in everything."—Ed. C. M.]

The Northern Chronicle is a new venture in the newspaper line, published at Parrsboro by G. W. Woodworth, H. P. Clay, M. D., Editor. "Independent: not neutral." It looks well and speaks well. We wish for the enterprise all desired success.

DON'T DIE IN THE HOUSE.—"Rough on Rats." Clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers, 15c.

A REMARKABLE FACT.—It is a remarkable fact W. A. Edgers, of Frankville, who was so far gone with liver and kidney complaint that his life was despaired of, was cured with four bottles of Burdock Blood Bitters. At one day he lay a fortnight without an operation of the bowels.

Coloma, Mich., Nov. 4, 1880. DR. B. J. KENDALL & Co.—Gents:—Accept thanks for circulars, which helps us considerably. We are selling a large amount of your Kendall's Spavin Cure, which gives great satisfaction. We are authorized to say for Mr. A. H. Sutton, a farmer near here, "I have used six bottles of Kendall's Spavin Cure, and cured as many spavins (well marked) on different horses. I consider it a remedy never equalled for spavins or ring bones." Yours truly, RYNO & GILSON.

New Brunswick.

The N. B. Legislature will meet for despatch of business on the 22nd of February.

George G. Corey under arrest for obtaining money under false pretenses, and disposing of "queer" money, and "taking in" people by confederate States bank bills was convicted of the charges laid against him last week, but was remanded for sentence.

The trial of Job Sears on a charge of stealing I. C. R. passenger tickets makes it appear that there had been gross carelessness on the part of certain officials at Moncton, and he was acquitted.

The Hatheway Steamship Co. have purchased a side wheel steamer for the summer travel between Annapolis and Boston.

On Thursday evening the Rev. George Bruce was inducted to the pastorate of St. David's church, St. John.

The New Brunswick Railway Company will apply for an act to authorize the directors to increase the capital stock of the said company; also to ratify the lease of certain lines of Railway made by "The New Brunswick and Canada Railroad Company" to "The New Brunswick Railway Company," bearing date of the 22nd day of August, 1882, and to empower the latter company to purchase or lease other lines of railway connecting with their railway, or with the "New Brunswick and Canada Railway."

POPULARITY.—Why they are popular. The reason that National Pills are so universally popular is because they are certain in their action, mild and painless in their operation, and never leave the bowels constipated. They are sugar-coated, and contain no mineral poison.

Dominion of Canada.

The Marquis of Lorne's term will expire in November next. There have been rumors that Sir Garnet Wolesley would be his successor. Earl Roseberry has also been named as likely to be the next Governor-General.

PRINCE OF WALES COMING.—H. R. H. the Prince of Wales will leave for Canada at the latter end of February or in the beginning of March, 1883. He will visit the principal cities of the Dominion, and will be present in Montreal at the opening of the annual meeting of the British Society. He is expected to visit Ottawa during March.

A deputation of Millicote Indians arrived in Ottawa last week from New Brunswick, to consult the Government in regard to matters affecting their tribe and concerning the management of their affairs by the local agent.

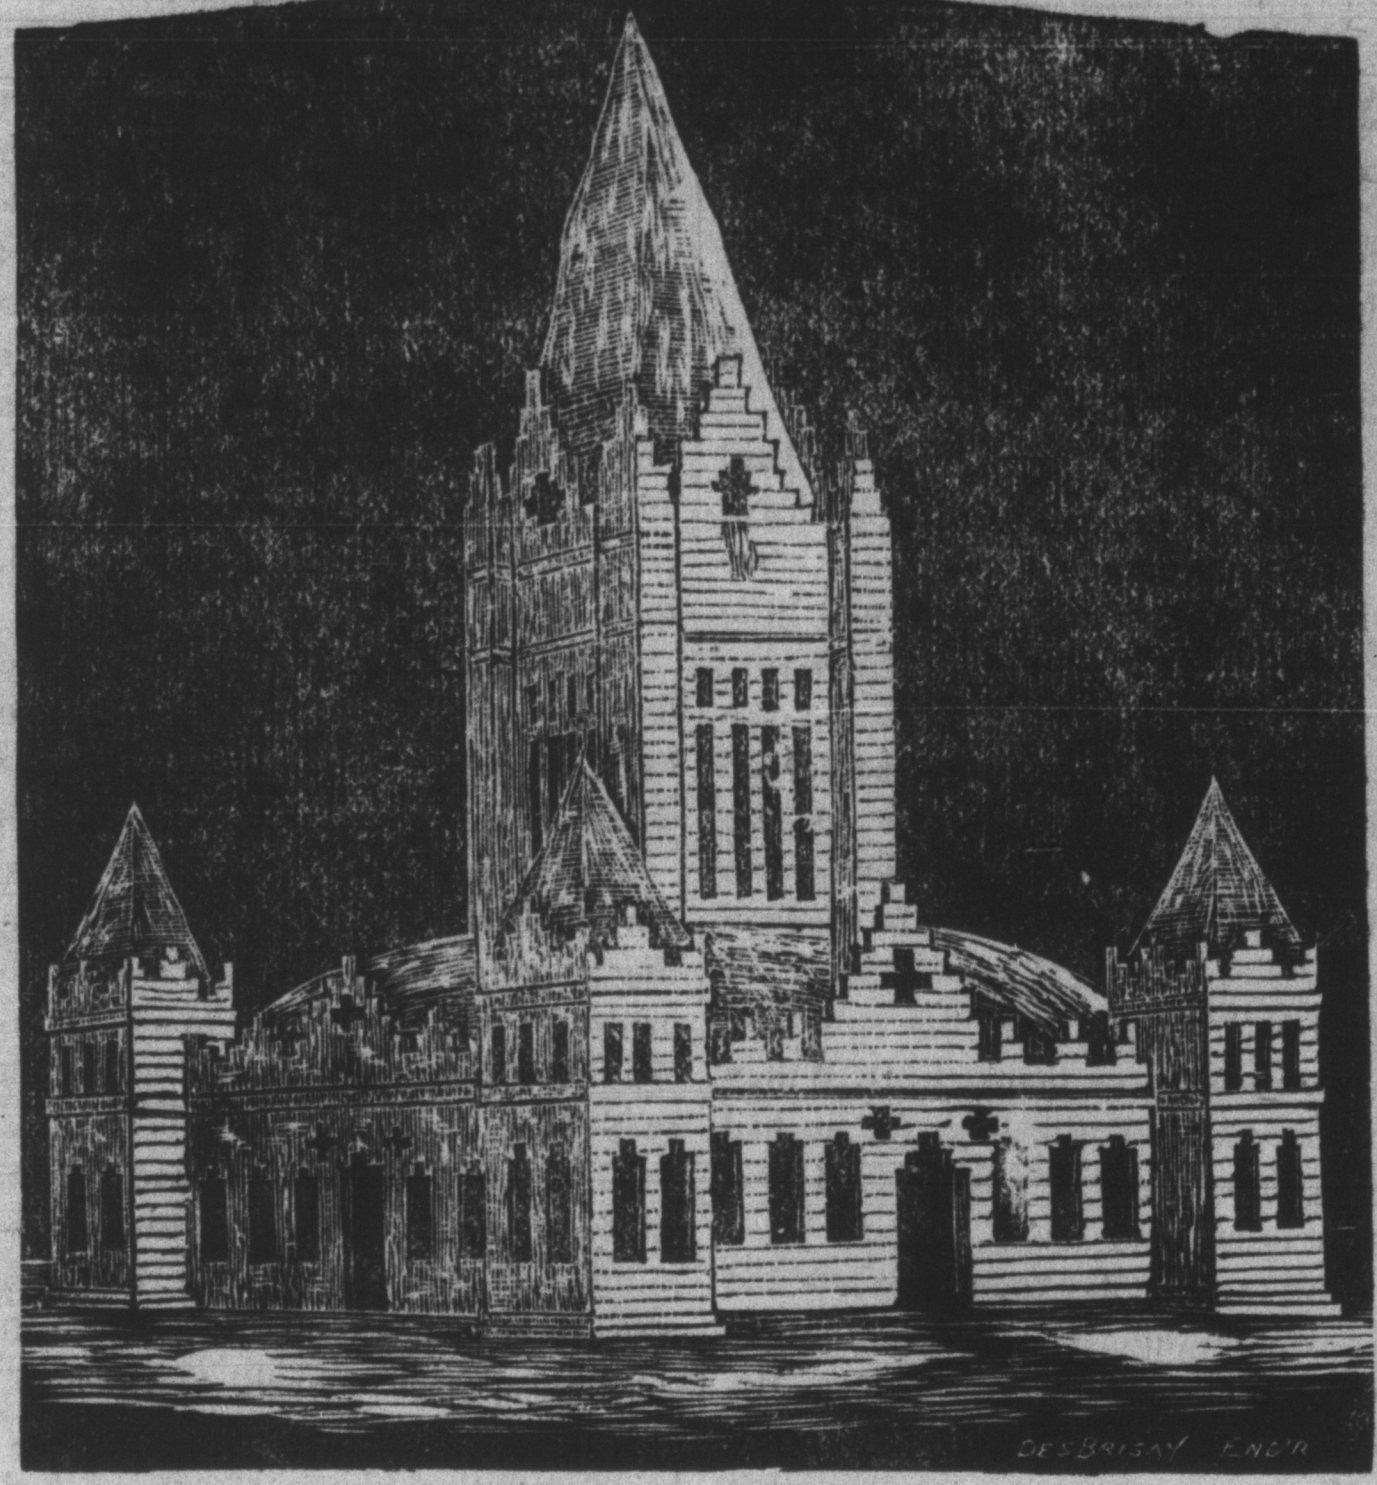

Friends of the Ministry say that the coming session will be very short, as the measures to be proposed by the Government are few and unimportant.

The elections in Manitoba have resulted in giving the government 19 as follows:

Murray, Fairbanks, McWhinney, Woodworth, Leconte, Davidson, Crawford, Sutherland (Atty-Gen.), Dr. Harrison, Tennant, Kitchin, Norquay (Premier), Lariviere (Prov. Sec.), Capt. Allan, Giget, Brown (Min. Pub. Works), Wagner, Leacock, 19; and the Opposition 11—Winram, Burnham, Guillet, Greenway, Hay, Martin, Jackson, Bell, Young, Killam, Conklin.

The opinion prevails that the Ontario Assembly will shortly be prorogued, dissolution to follow soon, and the general elections take place the first week of March.

A PRAISEWORTHY OMENT.—"None name it but to praise." This is true of that unsurpassed remedy, "Hayward's Yellow Oil." It cures pain and inflammation, whether from sprain, burn, bruise, or frost bite, lame back, rheumatism, neuralgia, sore throat, croup, deafness, and is for internal and external use.

THE ICE PALACE, MONTREAL.

We have to thank the Morning Herald for the use of the above cut.

The Carnival at Montreal has come and gone, and was all and much more than was expected. The Ice Palace was a grand success. It is built of blocks of ice 40 inches by 20, and varying from 14 to 20 inches deep. The blocks are cut with an axe, and water supplied the place of mortar. The roofing is made of wooden beams, upon which are spread cedar branches, the ice formation being completed by using spray. This as it trickles or pours over the cedar branches freezes into solid masses and icicles. The spires are made in the same manner. The main structure covers a square of nearly 100 feet on every side. At the four corners are square towers 15 feet on every side and 30 feet high. The main tower in the centre is 32 feet square and about 100 feet high. The building was illuminated in the interior by electric light and red fire, and presented a most gorgeous appearance, the prismatic effects being so startling that words would fail to do the scene justice. The dense crowds surrounding it were fairly enchanted. The climax was presented when members of snow shoe clubs, aggregating fifteen hundred, marched to the front in their grotesque costumes, with flashing torches in their hands. Such a gorgeous sight as this icy building presented under electric illumination surpasses the highest flights of the imagination.

The processions were highly imposing spectacles. At least two thousand well-equipped sleds were in one procession, which was so long and solid that the mounted fire brigade was unable to get a place in it. It went off remarkably well, some Jesus driving four and six in hand.

Thursday's proceedings excelled those of Wednesday. The concert was attended by vast crowds. The elite of New York, Boston, and other American and Canadian cities were there in great numbers, and were delighted with the Winter sports, especially the Tobogganing.

Rideau Hall is being well supplied with curiosities purchased by H. R. H. the Princess Louise during her tour through British Columbia. Packages arrive and are unpacked almost daily at Government House. Some of the articles are unique. Among these are a number of grotesque wooden statues purchased from Indians on the Pacific slope.

It is stated in Ottawa that the Canadian Pacific Railway Company have had success in floating its ordinary stock in London and at Amsterdam.

TO DR. BENNET AND LEWIS,

119 HOLLIS ST., HALIFAX.

DEAR SIRS:—"I desire to express my feelings of profound gratitude to you who have helped me so much by the use and application of your wonderful medicine known as your Absorbent Pads and Plasters. I was sick about two years, and spent a large sum of money with Physicians but received very little benefit until I tried your Absorbent treatment. When I commenced using it this summer I could scarcely walk across the floor, and now I can walk a mile at a time, and attend to household duties much better than I could before and feel only too glad to recommend this truly great treatment to any person or persons who may be afflicted as I was. You are at liberty to make any disposition of this note you may deem proper.

MRS. R. HIBBARD, Hebron, Yarmouth. This treatment can be applied effectively without interview where full particulars of case are sent by letter. Nov. 21.

KENDALL'S SPAVIN CURE.

Fremont, Ohio, Jan. 25th, 1881.

DR. B. J. KENDALL & Co., Gents:—I think it my duty to render you my thanks for benefits and profits which I have derived from your invaluable and far famed Spavin Cure. My cousin and I had a valuable stallion worth \$4000 which had a very bad spavin, and was pronounced by four eminent Veterinary Surgeons beyond any cure, and that the Horse was done forever. As a last resort I advised my cousin to try a bottle of Kendall's Spavin Cure. It had a magical effect, the third bottle cured it and the horse is as well as ever. Dr. Dick of Edinburgh, the eminent veterinary surgeon, was an uncle of mine, and I take great interest in assisting his profession. Yours truly, JAMES A. WILSON, Civil Engineer.

KENDALL'S SPAVIN CURE.

West Enosburgh, Vt., Feb. 15th, 1881. DR. B. J. KENDALL & Co., Gents:—Several months ago I injured my knee joint which caused an enlargement to grow the size of a large walnut and caused me very severe pain all the time for four or five weeks, when I began to use Kendall's Spavin Cure with the most satisfactory results. It has completely removed the enlargement and stopped the lameness and pain. I have long known it to be excellent for horses, but now I know it to be the best liniment for human flesh that I am acquainted with. Yours truly, T. P. LAWRENCE.

KENDALL'S SPAVIN CURE

Is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavin splints, curbs, callous, sprains, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects.

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unequalled success to our knowledge, for best as well as man.
