GRATEFUL-COMFORTING.
EPPS'S COCOA.
BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage, which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us, ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood, and a properly nourished frame."

Temperance.

An eminent physician says: "When taken only or chiefly with food, and as constituents of general free-living, fermented drinks, wine or beer, contribute to the production of an abundance of ill-assimilated, over-heated blood, which either finds vent in eruptions of the surface, or in local hemorrhages, or causes vertigo, stupor, bilious attacks, dyspepsia, gout or gravel."

Mrs. Hargreaves says:—Cholera does not seize its victims by hazard. It has been ascertained that of every one hundred who die of this disease, ninety were in the habit of drinking alcoholics. Had I the power, I would placard every spirit-shop in town—Cholera Sold Here.

OPIMUM IN CIGARETTES.—A prominent chemist of Elmira, N. Y., states in the Advertiser of that city, that he had lately been led to think that even the higher grades of cigarettes contained opium. He therefore collected, by purchase of reputable dealers, a dozen packages of the most prominent and high-priced cigarettes to be had, which he forwarded to a Pittsburg chemist for analysis.

The considerable quantity of opium in all the standard brands was astounding! The universally recognized bondage resulting from the use of opium in any form or degree, especially by smoking or absorption, renders the murderous design of the admixture, and the sharp lesson to be learned, terribly plain.

"I have made ten thousand dollars during the year," boasted a saloon-keeper to a crowd. "You have made more than that," said a pale woman, looking in at the door. "You have made my two sons drunkards. The younger, in a drunken fit, fell and injured himself for life. You did that. You have made their mother a broken-hearted woman. You have made more than I can reckon up; but you'll get the full count some day—you'll get it."

At the temperance meeting which was held at the Crystal Palace on Tuesday, under the presidency of Sir Wilfrid Lawson, King Tawhiao and Major Te Whero were among the speakers. The chiefs were induced to sign the pledge for twelve months before they left New Zealand, by Sir George Grey, who at the same time signed it himself. Large numbers of natives in the colony have also followed their example.

FROM THE LATE HOSPITAL SURGEON J. A. SPONAGLE, M. D. C. M.

From what I saw of your new Emulsion "Budd's," while residing in the P. and C. Hospital, I have no hesitation in recommending it as a MOST AGREEABLE and TRUST-WORTHY preparation of COD LIVER OIL. Especially when the result of one of these trying and tedious "Colds," so common in Nova Scotia, it has proved itself of great and permanent value.

PATENTS

obtained for Inventors, in the United States, Canada, and Europe, at reduced rates. With our principal Office located in Washington, directly opposite the United States Patent Office, we are able to attend to all Patent Business with greater promptness and despatch and less cost, than other patent attorneys, who are at a distance from Washington, and who have, therefore, to employ "associate attorneys." We make preliminary examinations and furnish opinions as to patentability, free of charge, and all who are interested in new inventions and Patents are invited to send for a copy of our "Guide for obtaining Patents," which is sent free to any address, and contains complete instructions how to obtain Patents, and other valuable matter. We refer to the German-American National Bank, Washington, D. C.; the Royal Swedish, Norwegian, and Danish Legations, at Washington; Hon. Jos. Casey, late Chief Justice, U. S. Court of Claims, and to the Officials of the U. S. Patent Office, and to Senators and Members of Congress from every State. Address:
