sermon in Granville Street Church on Sunday evening from Isaiah xxxv. 8. We were glad to be able to offer our hearty congratulations to our worthy brother and his amiable bride on the the Cape of Grod Hope. Some of its happy circumstance of the connection formed, and we can but wish him and his all the joy and blessedness such a union promises.

REV. DR. HOPPER made a visit to Halifax on Saturday last, and on Sunday morning preached a very able sermon on "I am the light of the world," in the Granville Street Church ; and in the

REV. J. F. AVERY tells the readers of Buds & Blossoms, that up to date the Flower Mission through the past summer has circulated 1,644 bunches of flowers at the City Hospital and Poor House. It is impossible to state the amount of pleasure conferred on the poor sufferers by these floral donations. If the accompanying portions of Divine truth have also been received by them into their hearts, the blessing has been multiplied a thousand fold. All honor to the laborers in this pleasant garden of Christian love. Mr. A. is desirous of continuing monthly visits to these poor people, with donations of tea and sugar or religious newspapers, tracts or magazines with healthful stories. He says :

## News of the World.

Some difficulties have arisen in the British Cabinet respecting matters at members being opposed to inaugurating a campaign against the Boers who have been making advances on the neighboring territories.

The London Times however understan 's that it was concluded to adopt meast. es forthwith to stop the audacious encroachments of the Boers in Africa. This decision, the Times says, is received with satisfaction by the people of England, who have watched with growing impatience the insults that have been heaped upon the English flag by North Baptist church in the evening. a people whose insignificance is their best protection.

Earl Spencer, Lord Lieutenant of Ireland, on Wednesday last left Dublin of the produce of American manufacto pay a visit to the Queen. A rumor is current that he intends to present his the value of manufacturers' products resignation. tora and set of beyond a

There is a prospect of a compromise on the Franchise Bill being reached fourteen times the value of the experts between Conservatives and Liberals. The publication of an alleged Government scheme for redistribution of Parliamentary seats to correct the disparity that now exists between the representa- is also illustrated by statements showtives and population in counties and boroughs, has smoothed the way for the in this country, 95 per cent. of the settlement. Marquis of Salisbury, the Conservative leader in House of Lords and his Conservative colleagues, the Duke of R chmond and Earl Cairns, factures of wool, 95 per cent. of the held a conference at Gordon Castle, products of the cotton manufactures, the residence of the Duke of Richmond, more than 99 per cent. of the manuon Friday looking to a settlement of factures of silk and 97 per cent. of the the difficulty with the Liberals.

Military preparations being made by the natives indicate that a desperate of Trades' Unions from various parts struggle will ensue if the French make of the United States and Canada. their threatened advance. "La Liberte" urges upon the Government the necessity for sending reinforcements to Tonquin, stating that notwithstanding victories of French forces there, they are suffering daily reduction in numbers, while the Chinese losses can be indefinitely replaced. It says that China, where life is held cheap, must otherwise prevail. and that it is evident that a large and costly French army must be despatched being sent to ministers or church officers. to Tonquin to save the remnant of French forces there, unless it is too late. A telegram from Cairo in Egypt says the city of Dongola is now gar-Thursday, the 6.h November will risoned with 600, British troops and 1,000 Egyptians. The health of all within the city is excellent. The influence of El Mabdi with the Egyptians is rapidly waning. Colonel Kitchener telegraphs on the 8th from Debbah the sad story of the death of Colonel Stewart and his comrades after they had been wrecked on the rocks in the cataract at Wady Garna. Three men came on board and informed Colonel Stewart that he was only a short distance from Merawi that it could easily be reached by foot and that he could there procure assistance and float the steamer. They offered to guide him there. Colonel Stewart accepted their offer and in company with two of his men departed. They had hardly got out of sight of the steamer, however, when a number of Bedouins sprang out of the shubbery and murdered the colonel and his two companions. The murderers than captured the steamer and all the party except four were murdered. Col. Kitchener who is at Ambukol, telegraphs on the 10th that a rumor current there the rebels have captured three Europeans. If this report is true the prisoners are presumably Colonel Stewart, Mr. Power, the correspondent of the London Times, and M. Herbin, Will you kindly place the claims of the French consul at Khartoum. There the Home before your congregation on is thus some hope that the lives of these

Statistics at Washington handed its annual report to the Secretary of the Treasury. The matter of chief importance treated of is the enormous magnitude of the United States internal commerce. It is shown that the value of the products of the various industries of the United States is seven times the total value of the foreign commerce nearly three times the total value of the foreign commerce of Great Britsin and Ireland and five times the total value of the foreign commerce of France, including in each case both imports and exports. The total value of the products of industry in the United States is also shown to be a little more than twice the total value of the exports of merchandise from all the countries of Europe. The United States is now the largest manufacturing country on the globe. The value turers consumed at home is five times of Great Britain and Ireland exported to all other countries, and more than

of manufactured products from France to all other countries. The relative value of the internal, as compared with the foreign commerce of the country, ing that 99 per cent. of the coal mined iron and steel product, 95 per cent. of the products of the leather industry, more than 99 per cent. of the manumanufactures of glass, glassware, earth-

## THANKSGIVING DAY.

The following appeal on behalf of the Infant's Home, is sent to us with request for publication. We presume it was written with the intention of its It may bowever be no less appropriate for any one able to aid in this work of mercy and love :--

be observed as a Day of Thanksgiving throughout the Dominion. The committee of the HALIFAX INFANT'S HOME tender their cordial thanks to the congregations which, in past years, kindly remembered the LITTLE CHILDREN, and forwarded contributions in aid of the Home. Very valuable assistance has been received in this way. Our Home is now nine years old, and it is becoming increasingly useful. We have received collections from nearly all bodies of Christians in Nova Scotia, and from some in P. E. Island and New Brunswick. The benefits of the Home have extended to all the Maritime Provinces, and some some of our babes have been taken to Ontario, and to some of the States. About One Hundred babes have been adopted from our Home into respectable Christian families. Hundreds of babes and scores of mothers have been cared for; and much has been done to put a stop to the odious and cruel practice of Baby farming. Our Home having been nearly destroyed by fire last Spring, we have renewed and greatly improved the building, thus incurring heavy expense. Our income should not be short of Three Thousand Dollars a year.

Thanksgiving Day or on some other three men may have been spared.

last week of about fifty representatives \$3,000; insurance \$480. They claim to represent about a million of men, and came together to discuss and disseminate the views of workingmen on the relative position of laboring orary member of the board and Hon. S. men to their employers.

Nova Scotia.

We copy the following from the British Colonist, Victoria, B. C. of September 25th :

#### WELCOME TO REV. W. BARSS.

At the Temperance Hall, last evening, there was a very pleasant gathering of the members and congregation of the Baptist church to give a welcome to the newly arrived pastor, Rev. Walter Bars, and his estimable wife. At 7.30 the many friends who had gathered sat down to a bountiful repast provided by the ladies, which being done justice to, the meeting was called to order by the chairman, and Mr. Gowen, on behalf of the church, gave a formal welcome to the pastor and his wife.

The reverend gentleman said he was filled with pleasure at being there, and that his heart rejoiced at the hearty greeting that had been extended to A lovely china tea set was presented to the pastor and wife by Mr. Morgan'on behalf of the members and church as a welcome to them, and on account of The Canadian contingent has passed last evening being the birthday of Mrs. Barss, little Miss Annie Steele presented Mrs. Barss with a lovely bouquet and an address, and Mr. Clyde, on behalf of the Sabbath school, also extended them a welcome, to all of which the pastor feelingly responded. During the evening several excellent pieces were rendered by the choir and other members, and a pleasant social in their market boats, after disposing time generally was spent. There is great prospect that the church, under the guidance of Mr. Barss, will have a prosperous career. LOWER GRANVILLE. - Our brother J, E. Locke who has been laboring with this church for some time past is now returning to College to proceed with his studies. The Clearys have left two boys, one of The church is in need of a pastor. Communications should be addressed to C. F. ARMSTRONG, Ch. Clerk, Granville Ferry, Annapolis Co.

and \$100 worth of gear for moving There was a meeting at Chicago buildings. The total loss is about

At a meeting of the Board of Govern ors of Dalhousie College, the resignation of Sir William Young as chairman and member of the Board was tendered and accepted, and a unanimous resolution of regret passed. He was elected an hon-L. Shannon elected chairman pro tem. Letters were received at Washington The prospects are for a larger number of students at Dalhousie this winter than ever. The examinations begin next week and the opening Convocation takes places on Tuesday, the 28th, when the naugural address will be delivered by Prof. Alexander.

> MESSRS. JAS. HARRIS & Co, of St. John have received a contract from the Dominion Government to build three hundred coal cars for the Intercolonial, the total value of them being about "Valley Gravensteins," and a social hand-shaking closed the agreeable hour. order from Mr. J. B.
