## Deaths.

At Windsor Plains, on the 22nd of March, after a long and painful sickness, which he bore with Christian resignation to the divine will, deacon William Pelote, in the 82nd year of his age. In the death of Mr. P., the church has lost an earnest energetic pleader for divine an earnest energetic pleader for divine truth, and the community a wise counsellor, and his sorrowing wife a kind husband. In early life he was convinced that he was a great sinner, and that Christ was a great Saviour, but being of a very timid disposition, he did not make a public profession of Christ before the world till later in life. He was fully convinced however and He was fully convinced however, and lovingly converted under the preaching of the late Rev. Richard McLearn, who was then pastor of the Windsor Baptist church, and was baptized during the illness of brother McLearn by the late Father Harding, into the fellowship of the Windsor church. In the church he remained a consistent and devoted member, until his business called him to member, until his business called him to remove to Halifax, and by the kind solicitations of the brethren there, he removed his membership to the Granville Street Baptist Church of that city. After remaining there a few years he removed to Windsor Plains, and connected himself with the church here. When a vacancy in the deaconship occurred he was unanimously chosen to fill the office, which he filled well and earned "a good degree and great boldness in the faith which is in Christ Jesus." He was a good man and an earnest Christian. He passed away calmly and sweetly, on the above mentioned day, into the world of peace and joy. To his sorrowing wife and relations, we tender our sincere sympathy.

By F. WRIGHT, Maunfacturing Chemist

Kensington High Street, London, W. "This WINE is guaranteed to be the uice of the finest grapes of the Cote d'or, Andalusia, and the Medoc. It is perfectly free from Alcohol, and is guaranteed to be Pure Grape Juice. It has stood the test of 22 years' continuous sale in every climate, and is now used in upwards of 1500 Churches of all denominations. The mode of manufacture is a slight modification of a wellknown ancient practice, and effectually pre-serves the grateful flavor and the rich nutri tious qualities unimpaired. It is therefore admirably adapted in cases of debility and fever, in which the stomach is too weak to digest other food. Children suffering from febrile ailments drink it with avidity, even
